## **Terioki Crossing:**

*The Terioki Crossing* Alan E. Fisher, 1985-01-01      **The Three Passions of Countess Natalya** Alan Fisher, 1986-08

**Books and Bookmen**, 1984      The Terioki Crossing ALAN. FISHER, 1996-09-01      Crossing Borders Harry I.

Chernotsky, Heidi H. Hobbs, 2017-12-26 *Crossing Borders* is the best textbook available for International Studies courses. It tackles complex global issues from a multidisciplinary perspective, doing so in a way that is both accessible and engaging for students. Most importantly, students come away with an understanding of how those issues impact their day-to-day lives as well as how they can participate in the increasingly interconnected world around them as global citizens. Michael Makara, University of Central Missouri. *Crossing Borders* provides a framework for students built upon an understanding of the many borders that define the international system. Renowned authors Harry I. Chernotsky and Heidi H. Hobbs address many of the different fields that constitute international studies: geography, politics, economics, sociology, and anthropology, and give instructors a starting point from which they can pursue their own disciplinary interests. By integrating research and current examples, the Third Edition encourages students to identify their role in today's international arena and what it means to be a global citizen. Not only do students develop a better understanding of the world; they also receive advice on how to increase their own global engagement through study abroad, internships, and career options. This Third Edition is thoroughly updated to reflect recent events and trends, including cyberterrorism, the rise of ISIS, and other key issues. It offers new color maps and clear learning objectives for every chapter, giving students a solid understanding of the complexity of the issues facing the world today. Give your students the SAGE edge. SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at [edge.sagepub.com/chernotsky3e](http://edge.sagepub.com/chernotsky3e).      **Yangtze** Alan Fisher, 1989      Now Read on Mandy Hicken, Raymond John Prytherch, 1994. Keen on adventure stories but have run out of favourite authors? Want to try gothic romances but are not sure where to start? Know that your favourite author writes spy stories but also writes science fiction under another as yet unknown name? Now Read On will solve all these problems. It is a guide to popular modern fiction, divided up into writing genres such as historical novels, macabre stories, and science fiction. Each author entry within these novel types gives a brief life history, outlines the writer's style, and lists all the relevant published titles. In addition, a Now Read list indicates authors who write in a similar vein. Much has changed since the first edition. New writers have established themselves as genre writers; some have switched from one area of writing to another or have even added a new interest to an old one. Around 450 titles have been added to authors listed in the first edition, particularly in Family Stories and Police Work. 60 new names have been selected, and one new genre, Women Detectives, has been created. All this is backed up by an author index and a list of characters that reappear in related stories and series. The winners of the relevant book prizes over the last 25 years are also included. This book will prove invaluable to readers, booksellers, and library staff for
