Terrain Vague:

Terrain Vague PATRICK BARRON,Manuela Mariani,2013-08-15 As planners and designers have turned their attentions to the blighted vacant areas of the city the concept of terrain vague has become increasingly important Terrain Vague seeks to explore the ambiguous spaces of the city the places that exist outside the cultural social and economic circuits of urban life From vacant lots and railroad tracks to more diverse interstitial spaces this collection of original essays and cases presents innovative ways of looking at marginal urban space with studies from the United States Europe and the Middle East from a diverse group of planners geographers and urban designers Terrain Vague is a cooperative effort to redefine these marginal spaces as a central concept for urban planning and design Presenting innovative ways of looking at marginal urban space and focusing on its positive uses and aspects the book will be of interest to all those wishing to understand our increasingly complex everyday surroundings from planners cultural theorists and academics to designers and architects **Drosscape:**

Wasting Land Urban America Alan Berger,2007-05-03 Annotation Do you really know what s under that new house you just bought How about what s underneath the neighbourhood playground Was the big box retailer down the street built atop a toxic site These are just a few of the worrisome scenarios as our cities begin a stealthy relocation of industrial facilities from the inner city to the urban periphery These are the places Alan Berger has coined drosscapes and this is his guide to the previously ignored field of waste landscapes **The Architecture Annual 2005-2006. Delft University of Technology**

,2007 306090 06: Shifting Infrastructures Alexander Briseno,Jonathan D. Solomon,2004-05 306090 06 SHIFTING INFRASTRUCTURES will examine the current technological infiltration into civic and social realms where physical and cultural infrastructures are redefining themselves as shifting modulating entities across diverse spatial and temporal scales Page 3 Strange Spaces André Jansson,2016-12-05 Certain bizarre spaces where disruption or disarray rule leave us

estranged and out of place This book examines such spaces highlighting the emotional and mediated geographies of uncertainty and the state of being in between of cognitive displacement loss fear or exhilaration It expands on why space is sometimes estranging and for whom it is strange It is the first book to link strangeness and spatial production as well as empirical explorations of strange spaces within a profound theoretical discussion of what is strange about strange spaces and how they evolve in a modern media age **Ctrl+Alt+Delete** Rupinder Singh,2008-05 **Urban Wastelands** Francesca Di

Pietro,Amélie Robert,2021-10-18 Faced with the growing demand for nature in cities informal greenspaces are gaining the interest of various stakeholders residents associations public authorities as well as scientists This book provides a cross sectorial overview of the advantages and disadvantages of urban wastelands in meeting this social demand of urban nature spanning from the social sciences and urban planning to ecology and soil sciences It shows the potential of urban wastelands with respect to city dwellers well being environmental education urban biodiversity and urban green networks as well as concerns regarding urban wastelands in relation to conflicts and urban marketing The authors provide a global insight

through case studies in nine countries mainly located in Europe Asia and America thus offering a broad perspective

Studia Papyrologica Varia conscripserunt Instituti alumni Boswinkel,P.W. Pestman,Sijpesteijn,2020-03-23 The City in Transgression Benedict Anderson,2020-07-27 The City in Transgression explores the unacknowledged neglected and ill defined spaces of the built environment and their transition into places of resistance and residence by refugees asylum seekers migrants the homeless and the disadvantaged The book draws on urban and spatial theory socio economic factors public space and architecture to offer an intimate look at how urban sites and infrastructure are transformed into spaces for occupation Anderson proposes that the varied innovations and adaptations of urban spaces enacted by such marginalized figures for whom there are no other options herald a radical new spatial programming of cities The book explores cities and sites such as Mexico City and London the Mexican US border the Calais Jungle and Palestinian camps in Beirut and utilizes concepts associated with mobility such as anarchy vagrancy and transgression alongside photography 3D modelling and 2D imagery From this constellation of materials and analysis a radical spatial picture of the city in transgression emerges By focusing on the underside of urbanism The City in Transgression reveals the potential for new spatial networks that can cultivate the potential for self organization so as to counter the existing dominant urban models of capital and property and to confront some of the major issues facing cities amid an age of global human mobility This book is valuable reading for those interested in architectural theory modern history human geography and mobility climate change urban design and transformation **Imagining Irish Suburbia in Literature and Culture** Eoghan Smith,Simon Workman,2018-12-29 This collection of critical essays explores the literary and visual cultures of modern Irish suburbia and the historical social and aesthetic contexts in which these cultures have emerged The lived experience and the artistic representation of Irish suburbia have received relatively little scholarly consideration and this multidisciplinary volume redresses this critical deficit It significantly advances the nascent socio historical field of Irish suburban studies while simultaneously disclosing and establishing a history of suburban Irish literary and visual culture The essays also challenge conventional conceptions of what constitutes the proper domain of Irish writing and art and reveal that though Irish suburban experience is often conceived of pejoratively by writers and artists there are also many who register and valorise the imaginative possibilities of Irish suburbia and the meanings of its social and cultural life **Samuel Beckett and Ecology** Trish McTighe,Céline Thobois-Gupta,Nicholas E. Johnson,2025-05-01 This is the first full length book to investigate Samuel Beckett s work through contemporary ecological thinking offering a wide range of artistic and scholarly responses to the ecological crises provoked mediated or challenged by Beckett s work Beckett was not an environmental artist but his oeuvre poised between forms of precarity and hope is a rich territory for the exploration of the most pressing issues of our time the rift between the human species its technological and economic advancement and the ecologies that sustain it all In recent years Beckett s name aphorisms and work have been invoked relative to environmental catastrophe helping stimulate debates on ecology the arts

and the ecosystemic place of the human The volume reflects on ecology as a productive term as well as the varied practices and narratives in Beckettian intermedial ecologies While some authors offer new insights into the connections between Beckett and the Anthropocene across translation adaptation performance and the visual arts others also explore the potential of Happy Days 1961 for ecological thought and the role it has taken in recent ecodramaturgical experiments in the theatre Woven throughout the volume are short bursts of writing coups de gong which testify to the variety of Beckett inspired local responses to global climate instability

City Gorged with Dreams Ian Walker, 2002 The author analyses how the Surrealists utilised the tactics of documentary and how Surrealist ideas in turn influenced the development of documentary photography This is a study of what Louis Aragon called surrealist realism the exploration of the real life surreality of the city

Die Stadtbrache als »terrain vague« Jacqueline Maria Broich, Daniel Ritter, 2017-10-15 Die Brachfl che hat l ngst ihren Ruf als st dtebauliches rgernis verloren und ist zu einem Hoffnungs und M glichkeitsraum f r neue Formen urbanen Lebens avanciert Im Rahmen dieser Neubewertung spielte sowohl in der Architekturtheorie als auch in Literatur und Kunst der franz sische Begriff des terrain vague eine entscheidende Rolle Dennoch ist bei der Betrachtung der Stadtbrache die Geschichte des in der franz sischen Romantik und Moderne verankerten Begriffs bisher bersehen worden Dieser Band liefert daher eine historische und systematische Untersuchung des Konzepts des terrain vague

The New Nature Writing Jos Smith, 2017-05-04 In the last decade there has been a proliferation of landscape writing in Britain and Ireland often referred to as The New Nature Writing Rooted in the work of an older generation of environment focused authors and activists this new form is both stylistically innovative and mindful of ecology and conservation practice The New Nature Writing Rethinking the Literature of Place connects these two generations to show that the contemporary energy around the cultures of landscape and place is the outcome of a long standing relationship between environmentalism and the arts Drawing on original interviews with authors archival research and scholarly work in the fields of literary geographies ecocriticism and archipelagic criticism the book covers the work of such writers as Robert Macfarlane Richard Mabey Tim Robinson and Alice Oswald Examining the ways in which these authors have engaged with a wide range of different environments from the edgelands to island spaces Jos Smith reveals how they recreate a resourceful and dynamic sense of localism in rebellion against the homogenising growth of clone town Britain

Finding Room in Beirut Carole Lévesque, 2019-02-08 Finding Room in Beirut Places of the Everyday demonstrates why it is worth our while to explore the value and contemporary meaning of urban areas about to undergo complete renewal Branching off from discourses surrounding the terrain vague the book argues that large populated urban areas meet the criteria of the vague and constitute a particular perspective from which to build a critical stance in regards to the contemporary city But unlike a terrain vague a vague urbain inhabited areas where property ownership is usually obscure and informal behaviours a daily affair possesses real communities and offers an alternative understanding on how a city can be practiced and how lessons should be learned before its complete

transformation Stemming from a photographic and architectural documentation of Bachoura a central area of Beirut Lebanon the book shows how the vague urbain allows for different ways of inhabiting ways that are as or perhaps even more real and anchored in the imagination of the city as those proposed by standardising developments Building on the intricacies of found situations improvised uses and local narratives it is an exploration as to how the meeting of a marvellous realism with l intrigue the vague urbain and temporary architecture can provide opportunities for the emergence of hidden narratives

Thomas Hirschhorn Lisa Lee, 2025-09-30 A groundbreaking study of the crossover relationship between art and graphic design in the work of widely acclaimed artist Thomas Hirschhorn b 1957 Drawing extensively from unknown or little known works and previously unpublished documents from the artist s archive *Thomas Hirschhorn from Graphic Design to Art* explores the formative decade of 1984 to 1994 It tells the story of Hirschhorn s initial commitment to the print medium with its basis in mass culture and distribution as a vehicle for his political energies Lisa Lee analyzes for the first time in Hirschhorn scholarship his works of self commissioned graphic design which combine rudimentary collage and diagrammatic languages to assert an essential publicness She describes Hirschhorn s growing disenchantment with the practical and political limitations of graphic design and simultaneously his realization that artmaking with its freedoms and attendant responsibilities was the only framework in which to realize his political ambitions Finally and crucially the book offers original interpretations of Hirschhorn s dedicated reinvention of composition exhibition and dissemination of artworks to better embody his utopian desire to intervene in the world Lee shows that nearly all the artistic strategies we associate with Hirschhorn were first articulated in this formative decade the use of quotidian materials the appropriation of vernacular forms the processing of mass circulated images an embrace of quantity and an emphasis on urban peripheries

Emerging Landscapes Davide Deriu, Krystallia Kamvasinou, 2016-05-06 *Emerging Landscapes* brings together scholars and practitioners working in a wide range of disciplines within the fields of the built environment and visual arts to explore landscape as an idea an image and a material practice in an increasingly globalized world Drawing on the synergies between the fields of architecture and photography this collection takes a multidisciplinary approach combining practice based research with scholarly essays It explores and critically reassesses the interface between representation the imaginary and symbolic shaping of the human environment and production the physical and material changes wrought on the land At a time of environmental crisis and the end of nature shifting geopolitical boundaries and economic downturn *Emerging Landscapes* reflects on the state of landscape and its future mapping those practices that creatively address the boundaries between possibility opportunity and action in imagining and shaping landscape

Contemporary Art About Architecture Nora Wendl, 2017-07-05 An important resource for scholars of contemporary art and architecture this volume considers contemporary art that takes architecture as its subject Concentrated on works made

since 1990 Contemporary Art About Architecture A Strange Utility is the first to take up this topic in a sustained and explicit manner and the first to advance the idea that contemporary art functions as a form of architectural history theory and analysis Over the course of fourteen essays by both emerging and established scholars this volume examines a diverse group of artists in conjunction with the vernacular canonical and fantastical structures engaged by their work I Manglano Ovalle Matthew Barney Monika Sosnowska Pipo Nguyen duy and Paul Pfeiffer are among those considered as are the compelling questions of architecture s relationship to photography the evolving legacy of Mies van der Rohe the notion of an architectural unconscious and the provocative concepts of the unbuilt and the unbuildable Through a rigorous investigation of these issues Contemporary Art About Architecture calls attention to the fact that art is now a vital form of architectural discourse Indeed this phenomenon is both pervasive and in its individual incarnations compelling a reason to think again about the entangled histories of architecture and art

Santa Teresa Dr. Martina Bengert, Iris Roebeling-Grau, 2019-07-15

Even prior to her widely observed 500th anniversary Teresa of vila 1515 1582 was already considered one of the most important authors of occidental mysticism This volume gathers together contributions from a multitude of disciplines to explore the writings and reception of the Spanish author and saint Previously disregarded lines of tradition are explored for a new understanding of her oeuvre which is examined here with special regard to the potential to affect its readers Teresa proves to not only be an accomplished but also a very literary writer Santa Teresa proves to be a figure of cultural memory and the diffusion of her thinking is traced up to the present whereby a recurrent focus is put on the phenomenon of ecstasy Part of the widespread resonance of her work is the image of the iconic saint whose emergence as an international phenomenon is presented here for the first time The volume is closed by an interview with Marina Abramovi answering four questions about Teresa
