*A Gathering of Rivers* Lucy Eldersveld Murphy, 2004-06-01 In *A Gathering of Rivers* Lucy Eldersveld Murphy traces the histories of Indian multiracial and mining communities in the western Great Lakes region during the eighteenth and early nineteenth centuries For a century the Winnebagos Ho Chunks Mesquakies Fox and Sauks successfully confronted waves of French and British immigration by diversifying their economies and commercializing lead mining Focusing on personal stories and detailed community histories Murphy charts the changed economic forces at work in the region connecting them to shifts in gender roles and intercultural relationships She argues that French British and Native peoples forged cooperative social and economic bonds expressed partly by mixed race marriages and the emergence of multiethnic communities at Green Bay and Prairie du Chien Significantly Native peoples in the western Great Lakes region were able to adapt successfully to the new frontier market economy until their lead mining operations became the envy of outsiders in the 1820s

*Sioux Slave* Georgina Gentry, 2014-05-16 Georgina Gentry's historical romances are filled with fiery passion that is impossible to resist or forget She brings to life the exciting history and traditions of the American Indian in a way that makes her characters live forever in our imaginations and our hearts SIOUX SLAVE Widowed on her wedding day Kimimila swore vengeance on the blue coats who had slain her betrothed So when the village elders placed the fate of their yellow haired captive in her hands the beautiful Sioux maiden eagerly accepted the honor But as she looked into her prisoner's sky blue eyes she could not find it in her heart to slay him For what she felt for him was not the passion of hatred but the desire a woman feels for the man who has stolen her heart and soul Though he should have been her enemy he soon became her lover And as the heat of their desire burned through the Dakota nights Kimimila found her destiny in her white warrior's embrace

Bonds of Alliance Brett Rushforth, 2013-06-01 In the seventeenth and eighteenth centuries French colonists and their Native allies participated in a slave trade that spanned half of North America carrying thousands of Native Americans into bondage in the Great Lakes Canada and the Caribbean In *Bonds of Alliance* Brett Rushforth reveals the dynamics of this system from its origins to the end of French colonial rule Balancing a vast geographic and chronological scope with careful attention to the lives of enslaved individuals this book gives voice to those who lived through the ordeal of slavery and along the way shaped French and Native societies Rather than telling a simple story of colonial domination and Native victimization Rushforth argues that Indian slavery in New France emerged at the nexus of two very different forms of slavery one indigenous to North America and the other rooted in the Atlantic world The alliances that bound French and Natives together forced a century long negotiation over the nature of slavery and its place in early American society Neither fully Indian nor entirely French slavery in New France drew upon and transformed indigenous and Atlantic cultures in complex and surprising ways Based on thousands of French and Algonquian language manuscripts archived in Canada France the United States and the Caribbean *Bonds of Alliance* bridges the divide between continental and Atlantic approaches to early

American history By discovering unexpected connections between distant peoples and places Rushforth sheds new light on a wide range of subjects including intercultural diplomacy colonial law gender and sexuality and the history of race

**Native Removal Writing** Sabine N. Meyer,2022-01-27 During the Standing Rock Sioux protest against the Dakota Access Pipeline an activist observed Forced removal isn t just in the history books Sabine N Meyer concurs noting the prominence of Indian Removal the nineteenth century policy of expelling Native peoples from their land in Native American aesthetic and political praxis across the centuries Removal has functioned both as a specific set of historical events and a synecdoche for settler colonial dispossession of Indigenous communities across hemispheres and generations It has generated a plethora of Native American writings that negotiate forms of belonging the identities of Native collectives their proprietary relationships and their most intimate relations among one another By analyzing these writings in light of domestic settler colonial international and tribal law Meyer reveals their coherence as a distinct genre of Native literature that has played a significant role in negotiating Indigenous identity Critically engaging with Native Removal writings across the centuries Meyer s work shows how these texts need to be viewed as articulations of Native identity that respond to

immediate political concerns and that take up the question of how Native peoples can define and assert their own social cultural and legal political forms of living being and belonging within the settler colonial order Placing novels in conversation with nonfiction writings Native Removal Writing ranges from texts produced in response to the legal and political struggle over Cherokee Removal in the late 1820s and 1830s to works written by African Native writers dealing with the freedmen disenrollment crisis to contemporary speculative fiction that links the appropriation of Native intangible property culture with the earlier dispossession of their real property land In close contextualized readings of John Rollin Ridge John Milton Oskison Robert J Conley Diane Glancy Sharon Ewell Foster Zelda Lockhart and Gerald Vizenor as well as politicians and scholars such as John Ross Elias Boudinot and Rachel Caroline Eaton Meyer identifies the links these writers create between historical past narrated present and political future Native Removal Writing thus testifies to both the ongoing power of Native Removal writing and its significance as a critical practice of resistance

*Challenges on the Emmaus Road* T. Felder Dorn, 2021-11-25 While slavery and secession divided the Union during the American Civil War they also severed the Northern and Southern dioceses of the Protestant Episcopal Church In *Challenges on the Emmaus Road* T. Felder Dorn focuses on the way Northern and Southern Episcopal bishops confronted and responded to the issues and events of their turbulent times Prior to the Civil War Southern bishops were industrious in evangelizing among enslaved African Americans but at the same time they supported the legal and social aspects of the peculiar institution Southern and Northern bishops parted company over the institution of slavery not over the place of blacks in the Episcopal Church As Southern states left the Union Southern dioceses separated from the Episcopal Church in the United States The book's title was inspired by the Gospel of Luke 24:13-35 in which the resurrected Jesus Christ walked unrecognized with his disciples and discussed the events of his own crucifixion and disappearance from his tomb Dorn perceives that scriptural episode as a metaphor for the responses of Episcopal bishops to the events of the Civil War era Dorn carefully summarizes the debates within the church and in secular society surrounding the important topics of the era In

doing so he lays the groundwork for his own interpretations of church history and also provides authentic data for other church scholars to investigate such topics as faith and doctrine evangelism and the administrative history of one of the most important institutions in America Dorn devotes the final chapters to the postwar reunification of the Episcopal Church and Southern bishops involvement in establishing the Commission on Freedmen to offer help with the educational and spiritual needs of the recently emancipated slaves

**Riversioux** Peccary The Peccary, The Peccary, 2005-09 The author's search for his roots leads down paths unimagined or intended The ensuing saga cuts a swath through frontier America an America still young and yet unafraid Great rewards are visible and attainable for an individual possessing raw courage and luck Young Alanson Baker absolutely possesses courage and for awhile luck but alas luck is fickle Like his young nation Alanson triumphs at times and at times suffers the wrenching pain of defeat This is the entwined tale of a nation and a man testing their conscience and their will to survive Alanson although not great walked amongst the greats and was apart to great events unfortunately not all great events are laudable In time history separates the good from the bad Unfortunately this process usually comes to fruition only when both the conquering and conquered societies have long perished In this tale The Peccary attempts to tell the story of pioneer America from an interested but non judgmental perspective Likely some will be offended by this perspective of history while others may applaud both reactions please the Peccary

**The Killing Age** Clifton Crais, 2025-11-14 A bracing account of how our current planetary crisis emerged from the worst cataclysmic destruction in human history which Clifton Crais terms the Mortecene the killing age We are used to speaking of the Anthropocene and the outsized impact humans have had on the planet But we sometimes lose sight of a fundamental truth at the heart of modern world history the legacy of human predation slavery and imperialism that has devastated the natural world and led us to our present moment As historian Clifton Crais shows in this magisterial work the period that we most associate with human progress which gave us the Enlightenment the rise of democracies the Industrial Revolution and more was at the same time catastrophically destructive In this bracing landmark book Crais urges us to view the growth of global capitalism between 1750 and the early 1900s not as the Anthropocene but as the Mortecene the Killing Age Killing brought the world together and tore it apart as profiteering warlords committed mass scale slaughter of humans and animals across Africa Asia and the Americas The newfound ease and profitability of killing created a disturbing network of global connections and economies eliminating tens of millions of people and sparking an environmental crisis that remains the most

urgent catastrophe facing the world today Drawing on years of scholarship and marshaling myriad sources across world history *The Killing Age* turns our vision of past and present on its head illuminating the Mortecene in all its horror how it shaped who we are what we value and fear and the precarious present we inhabit today

**Monumental Controversies** Harriet F. Senie, 2023-04 In recent years the United States has witnessed major controversies surrounding past American presidents monuments and sites Consider Mount Rushmore which features the heads of the nation's most revered presidents George Washington Thomas Jefferson Abraham Lincoln and Theodore Roosevelt Is Rushmore a proud national achievement or a symbol of the U S theft and desecration of the Lakota Sioux's sacred land Is it fair to denigrate George Washington for having owned slaves and Thomas Jefferson for having had a relationship with Sally Hemings an enslaved woman to the point of dismissing these men's accomplishments Should we retroactively hold Abraham Lincoln accountable for having signed off on the largest single day mass execution in U S history of thirty eight Dakota men How do we reckon with Theodore Roosevelt's legacy He was criticized for his imperialist policies but praised for his pro labor antitrust and conservation programs These charged issues and many others have been plaguing

our nation and prompting the removal of Confederate statues and flags amid racial unrest a national pandemic and political strife Noted art historian Harriet F Senie tackles these pivotal subjects and more in *Monumental Controversies* Senie places partisan politics aside as she investigates subjects that have not been adequately covered in classrooms or literature and require substantial reconciliation in order for Americans to come to terms with their history She shines a spotlight on the complicated facts surrounding these figures monuments and sites enabling us to revisit the flaws of our Founding Fathers and their checkered legacies while still recognizing their enormous importance and influence on the United States of America *Monumental Controversies* presents strategies to create an inclusive narrative that honors the varied stakeholders in a democracy a vital step toward healing the divisiveness that now appears to be a dominant feature of American discourse As the public and press reconsider the viability of the American experiment in democracy Senie offers a thoughtful reflection on the complex lives and legacies of the four presidents memorialized on Mount Rushmore All four presidents faced some of the most contentious times in our history and yet they championed unity made possible by acknowledging and accepting opposing opinions as a basic premise of democracy Historians curators government officials academics and students at all levels will be riveted by this authoritative work

Harold Innis on Peter Pond William J. Buxton, 2020-02-06 Best known for his writings on economic history and communications Harold Innis also produced a body of biographical work that paid particular attention to cultural memory and how it is enriched by the study of neglected historical figures In this compelling volume William Buxton

addresses Innis's engagement with the legacy of the fur trader and adventurer Peter Pond. Harold Innis on Peter Pond comprises eight texts by Innis including his 1930 biography of Pond as well as his writings on the explorer's myriad activities. The book also features a collection of eight letters exchanged between Innis and Florence Cannon, a descendent of Pond with a strong interest in her ancestor's life and times, and an unpublished 1932 article on Pond's 1773-75 activities as a fur trader on the upper Mississippi written by Innis's former student R. Harvey Fleming. Situating Innis's writings on Pond in relation to his broader body of biographical work, Buxton interprets what these texts tell us about Innis's intellectual practice, historiography, and the writing of biography. The book explores how Innis's perspectives shifted with changing intellectual and political circumstances and shows that his advocacy of Pond as an unrecognized father of confederation challenged conventional views of Canadian nation building. A critical edition of previously overlooked biographical texts, *Harold Innis on Peter Pond* traces what these writings disclose about the biographer's character and values even as they discuss their subject.
