A Gendered Approach to the Syrian Refugee Crisis Jane Freedman, Zeynep Kivilcim, Nurcan Özgür Baklacioğlu, 2017-02-24 The refugee crisis that began in 2015 has seen thousands of refugees attempting to reach Europe principally from Syria The dangers and difficulties of this journey have been highlighted in the media as have the political

disagreements within Europe over the way to deal with the problem. However, despite the increasing number of women making this journey, there has been little or no analysis of women's experiences or of the particular difficulties and dangers they may face. A Gendered Approach to the Syrian Refugee Crisis examines women's experience at all stages of forced migration: from the conflict in Syria to refugee camps in Lebanon or Turkey; on the journey to the European Union; and on arrival in an EU member state. The book deals with women's experiences, the changing nature of gender relations during forced migration, gendered representations of refugees, and the ways in which EU policies may impact differently on men and women. The book provides a nuanced and complex assessment of the refugee crisis and shows the importance of analysing differences within the refugee population. Students and scholars of development studies, gender studies, security studies, politics, and middle eastern studies will find this book an important guide to the evolving crisis. Literature, images, and metaphor are often where most of a nation's history is embedded. A study of modern Kurdish literature highlights a fealty to a rich literary past and a rich source of historiography. The articles in this volume address many facets of the literary in the Kurdish world: proverbs, feminist literature, and resistance in literary works, poetry, prose, etc. In the end, the volume offers a general paradigm of the complex literary framework of the Kurds, their continuous resistance for nationhood in their history, and their modern reinventing of the self. An overview of some of the works in modern Kurdish literature points to both asymmetry and commonality in comparative literary studies. These works highlight the thematic reach in Kurdish literary studies. **Gender Matters in Global Politics** Laura J. Shepherd, 2010-01-21.
