The Sixties Arthur Marwick, 2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the West the sit ins and marches of the civil rights movement Britain's surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today

While there are dozens of smaller directories each addressing a specific market niche, none speak to all three industries in a comprehensive way. And larger product directories like Sweets are advertising driven and therefore incomplete. Felder's Comprehensive is the first pan industry guide of its kind and it is many times more comprehensive than the nearest competitor. It is an annual desk reference directory and product source guide with more reference information than any other title currently available. It contains thousands of listings of time sensitive and timeless reference information for anyone involved in the business or practice of architecture, design, design build, construction, interior design, facility management and real estate development. For example, readers can find listings for more than 12,000 manufacturers of furnishings, fixtures, equipment and materials listed alphabetically and most importantly by product category. Felder's also lists design competitions, domestic and international trade shows, trade publications and other media, trade associations, professional organizations and more. Most sections are indexed and cross referenced for easy referral and identification. Felder's is the first truly comprehensive reference guide of its kind for the A/E/C marketplace and is certain to become the industry standard. **Urban Design Handbook** Ray Gindroz, Urban Design Associates, 2002-12-31.
