Panzer, 2022-09-27 The digital reformation accelerated Friday March 13 2020 when the President declared a national emergency due to the Covid 19 pandemic Church leaders quickly cobbled together virtual worship services assuming faith communities would be apart for only a few weeks As weeks stretched into months however leaders began to acknowledge that there was no going back to a previous normal to a time of mostly in person faith communities In *The Holy and the Hybrid* Navigating the Church's Digital Reformation Ryan M Panzer helps church leaders develop hybrid ministries through aligning the shared mission of the church with the collective values of our tech shaped culture The goal of the book is to help build communities that serve as the hands and feet of Christ simultaneously online and offline Church will be at its best Panzer argues when we begin our conversations on technology not with apps or IT infrastructure but with values The more we embrace the value of collaboration in particular the more missional our faith communities will become and the more effectively we will equip communities for faithful service We take up this work says Panzer not for the sake of relevance or trendiness but for the sake of the gospel not to promote institutional vitality but to form disciples With his guidance church leaders will feel confident coaching their communities through this time of great change **Speeches, Addresses, and Occasional Sermons** Theodore Parker, 1864 **The Churchman**, 1889
