It indicates benchmarks against which new or differing specifications can be assessed in that sense it is both robust and flexible.

**Millwork** Brent Hull, 2025-03-26 Historic millwork expert Brent Hull provides a one of a kind comprehensive reference of millwork elements found in historic homes from the 18th to 20th centuries. Millwork: The Design and Manufacturing of Historic Millwork from 1740-1950 is organized by type of millwork for ease of reference and includes rare illustrations hard to find, drawings and diagrams from the 19th century many of which are sourced from out of print catalogs in Hull's private collection. Explore the classification and definition of doors, windows, moldings, mantels, paneled walls, built-ins and other millwork elements through a historical lens. Learn how architectural millwork elements were designed, manufactured and constructed during the hand-made pre-industrial era and how they changed after World War II. Millwork: The Design and Manufacturing of Historic Millwork from 1740-1950 is a unique and valuable reference for architects, designers, historians, preservationists, builders or anyone interested in restoring historic homes.

**The Graphic Standards Guide to Architectural Finishes** ARCOM, The American Institute of Architects, 2003-03-24 From ARCOM and The American Institute of Architects. A complete visual guide to choosing and using finish materials. In this unique guide the authors of MASTERSPEC and Architectural Graphic Standards join forces to offer architects vital single source access to the unbiased information they need to evaluate, select and specify the best finish materials for any job. This powerful visual resource combines hundreds of illustrations from Architectural Graphic Standards with corresponding building material performance and specification information from AIA's MASTERSPEC published by ARCOM. Use this book during the schematic and design development phases of a project and as an indispensable aid for product selection and specification. Essential for architects, interior designers and building designers, this vital reference provides information to make informed decisions about specific design goals such as affordability, environmental friendliness, durability, fire resistance and esthetic success. Features include: Unique source of independent in-depth building product performance information, the one source that gives you reliable building product information before you consult with manufacturers. Covers a full range of standard finish materials and includes selection criteria, details, typical product sizes and installation and maintenance data. Provides current standards based on research by government association and independent testing organizations as well as the input of experienced architects and specifiers. Architectural Graphic Standards has served the design community for decades as a virtual bible for architectural detailing. MASTERSPEC Evaluations have long comprised one of the best resources available for building product selection and specification. Consolidating the strong points of both into this new desktop reference is an act of sheer brilliance. Martin M. Bloomenthal, FAIA, CCS, CSI, Principal, The Hillier Group, Princeton, New Jersey.
