My Journey After Death: I Saw the Other Side Alice Adamek,2024-05-22

When Alice encountered the figure we know as the Grim Reaper she encountered a man who was fair beautiful robust and had rosy cheeks The fear she anticipated on meeting him someday was immediately dissipated He held a pair of scissors not a sickle nor was he dressed in black On her journey through hell she walked a thin line with the angels nowhere to be seen Yet she felt that they were nearby and guiding her along knowing if she missed one step she would be gone forever The terrifying black bubbling oil with figures reaching out and calling to her was a temptation she found not hard to resist She eventually arrived in a room that glistened with oblique rays of beautiful lights shining down on her As the angels evaporated into the light she was bewildered and asked the first of many questions The answers were deeply moving and it changed her life forever Some people wait for death Some people experience it unexpectedly Others force it and most of us at one time or another have contemplated what happens after death It is one of the great mysteries of life Her encounter with death was remarkable Some of it was hellish and distressing Most of it was enlightening and wonderful The most incredible experience was the changes it made in her afterward It was a powerful guide for how she should live her life now She knows that in the scientific circle of people they have many rationalizations and a variety of biological explanations to answer the sensation of leaving one s body moving toward the light and being encircled by overwhelming feelings of euphoria and love They attribute these sensations to the effects of oxygen deprivation abnormal brain function and drugs or medication But she says when you have been there and done that it is not that easy to explain away these phenomena

The Front of the House Dillon Wilson, 2014-12-08 I was first inspired to write this book after reading some of Anthony Bourdain s books particularly *Kitchen Confidential* I decided that I could write a story about the underbelly of the world of fine dining from my own perspective as a dining room manager sommelier and service professional It is an autobiographic account of my own experiences starting with when I was a teenager in high school and then detailing my first encounters in the workplace Through trial and error I find my true calling as a restaurateur It is an odyssey which describes in my own words the internal and external factors that shaped my career in the food and beverage industry It covers four decades During that time there are subplots involving my friends and acquaintances which revolve around the main theme of this book Many social political and technological changes occurred which had a direct and indirect impact on the course of this story and its ultimate conclusion This book appeals to its readers on four different levels It is a historical portrayal of how fashion art and music changed through the sixties seventies eighties nineties and into the next century It also describes some of our nations most memorable events and tragedies as they relate to this book It identifies with anyone who has ever held a job in the service industry or has ever wondered what it was really like It has its share of romance and work politics just like most jobs do It is an informative guide for anyone interested in gastronomy and the world of eclectic beverages in addition to exploring the wonders of the wine country from the perspective of a sommelier and service professional Lastly it has a moral element It is a warning to all of the potential dangers and pitfalls of a demanding high pressure lifestyle surrounded by temptation risk and vulnerability It is not for people with thin skins or

inherent weaknesses I have tried my best to combine all the things which makes a book truly engaging as well as entertaining There is humor irony fate and hopefully some valuable information for everyone to enjoy Most of all its a good story
