The Virago Story Catherine The Guilt Cage Suzanne Lowry, 1980-01-01 The Guilt Cage Suzanne Lowry, 1980 Riley, 2018-04-23 The 1970s witnessed a renaissance in women's print culture as feminist presses and bookshops sprang up in the wake of the second wave women s movement At four decades remove from that heady era however the landscape looks dramatically different with only one press from the period still active in contemporary publishing Virago This engaging history explains how from modest beginnings Virago managed to weather epochal transformations in gender politics literary culture and the book publishing business Drawing on original interviews with many of the press s principal figures it gives a compelling account of Virago's place in recent women's history while also reflecting on the fraught relationship between activism and commerce Ordinary Lives Ben Highmore, 2010-09-13 This new study from Ben Highmore looks at the seemingly banal world of objects work daily media and food and finds there a scintillating array of passionate experience Through a series of case studies and building on his previous work on the everyday Highmore examines our relationship to familiar objects a favourite chair repetitive work housework typing media distracted television viewing and radio listening and food specifically the food of multicultural Britain A chair allows him to consider the history of flat pack furniture as well as the lively presence of inorganic stuff in our daily lives Distracted television watching and radio listening becomes one of the preconditions for experiencing wonder through the media Ordinary Lives links the concrete study of routine existence to theoretical reflection on everyday life The book discusses philosophers such as Jacques Ranci re William James and David Hume and combines them with autobiographical testimonies historical research and the analysis of popular culture to investigate the minutiae of day to day life Highmore argues that aesthetic experience is embedded in the mundane sensory world of everyday life He asks the reader to reconsider the negative associations of habit and routine focusing specifically on the intrinsic ambiguity of habit habit we find out is both rigid and adaptive Rather than ask what does everyday life mean this book asks what does everyday life feel like and how do our sensual emotional and temporal experiences interconnect and intersect Ordinary Lives is an accessible animated and engaging book that is ideally suited to both students and researchers working in cultural studies media and communication and sociology Last Call for the Dining Car Michael Kerr, 2011-08-15 Ever since Paul Theroux embarked in London on the first train of his Great Railway Bazaar railways have been a rich source for the best travel writing This is truer than ever in the twenty first century As the environmental implications of relentless air travel cast an ominous shadow over the prospect of foreign adventure the opportunity to jump on a train at St Pancras and be whisked straight to the continent offers a wonderful alternative Train travel has assumed a new pragmatic importance as well as romance which is no doubt why so many more tour companies are offering a great train ride as part of their holiday itineraries Now Michael Kerr the Telegraph's deputy Travel Editor has burrowed deep in the newspaper's archives and collected together the very best of its writings about the railway here are journeys non stop from London to Vladivostok

across the Canadian Rockies the first train to traverse Australia from Darwin to Alice Springs and on the teeming crawling travelling adventure of Indian railways In scenes much more familiar to the British commuter Boris Johnson discovers his inner McEnroe thanks to signal failure in the Midlands and Michael Palin samples the delights of British Rail Inter City This is an anthology that will appeal to the railway buff and the armchair traveller alike to anyone who has ever Inter railed in their youth and everyone nostalgic for the days when the only way to cross a continent was by train Marcus Collins, 2003 Drawing on social economic and political history this volume explains how relations have changed between men and women in Britain in the 20th century It shows how men and women s expectations from life have radically shifted and converged describing how we have moved from inhabiting our separate spheres with wholly different prospects and values towards the ideal if not quite the actuality of equality mutuality companionship and friendship This text also shows how progressive ideas about the relationship between men and women that originated in Britain reverberated throughout the world A History of Their Own Bonnie S.
