Lewis, 2024-12-01 The critique of twentieth century American anthropology often portrays anthropologists of the past as servants of colonialism who extracted information from indigenous peoples and published works causing them harm Herbert S Lewis recovers the reality of the first century of American anthropology as a vital scholarly discipline that rejected established ideas of race insisted on the value of very different ways of life and delivered irreplaceable ethnographic studies This volume presents powerful refutations of the accumulated damaging myths about anthropology s history **Asian Anthropology** Jan Van Bremen, Eyal Ben-Ari, Syed Farid Alatas, 2004-08-02 Asian anthropologies and anthropologies in Asia an introductory essay Eyal Ben Ari and Jan van Bremen Indigenous and indigenized anthropology in Asia Grant Evans Beyond orthodoxy social and cultural anthropology in the People s Republic of China Frank N Pieke Anthropologists of Asia anthropologists in Asia the academic mode of production in the semi periphery Jerry S Eades Native discourse in the academic world system Kunio Yanagita s project of global folkloristics reconsidered Takami Kuwayama Korean anthropology a search for new paradigms Okpyo Moon Indigenizing anthropology in India problematics of negotiating an identity Vineeta Sinha An Indian anthropology what kind of object is it Roma Chatterji From Volkenkunde to Djurusan antropologi the emergence of Indonesian anthropology in postwar Indonesia Michael Prager Anthropology and the nation state applied

participation in religious events also localises them in the city Written in an accessible narrative style this book addresses both an academic audience and the general reader interested in Islam in Europe and immigration to Scandinavia Step Dancing in Ireland Catherine E. Foley, 2016-04-01 For many people step dancing is associated mainly with the Irish step dance stage shows Riverdance and Lord of the Dance which assisted both in promoting the dance form and in placing Ireland globally But in this book Catherine Foley illustrates that the practice and contexts of step dancing are much more complicated and fluid Tracing the trajectory of step dancing in Ireland she tells its story from roots in eighteenth century Ireland to its diverse cultural manifestations today She examines the interrelationships between step dancing and the changing historical and cultural contexts of colonialism nationalism postcolonialism and globalization and shows that step dancing is a powerful tool of embodiment and meaning that can provoke important questions relating to culture and identity through the bodies of those who perform it Focusing on the rural European region of North Kerry in the south west of Ireland Catherine Foley examines three step dance practices one the rural Molyneux step dance practice representing the end of a relatively long lived system of teaching by itinerant dancing masters in the region two Rinceoir na R ochta a dance school representative of the urbanized staged competition orientated practice cultivated by the cultural nationalist movement the Gaelic League established at the end of the nineteenth century and practised today both in Ireland and abroad and three the stylized commoditized folk theatrical practice of Siamsa T re the National Folk Theatre of Ireland established in North Kerry in the 1970s Written from an ethnochoreological perspective Catherine Foley provides a rich historical and ethnographic account of step dancing step dancers and cultural institutions in Ireland Cultural Compatibility in Educational Contexts Kumi Kato, 2010-02-23 Cultural Compatibility in Educational Contexts examines the mechanism of control and efficacy underlying specific cultural contexts intercultural value differences and consequential conflicts which invisibly and unintentionally cause communication difficulties and negative performances This specific study centers on Japanese language classrooms in Australia taught by native Japanese speakers Comparative studies were carried out in classrooms in both Japan and Australia and identified specific teaching strategies perceived to be effective in each cultural context The book concludes by asserting that the notion of culture in the educational context goes beyond ethnic and linguistic differences an awareness of cultural compatibility should be recognized as one of the professional responsibilities of all educators This is particularly relevant to multicultural societies such as Australia where both teaching and learning populations are increasingly diverse as well as being applicable to other social contexts **The SAGE Handbook of Qualitative Research** Norman K. Denzin (ed), Yvonna S. Lincoln, 2005 A thoroughly revised updated edition this volume includes new chapters on auto ethnography critical race theory queer theory testimonies **Selected References, in English, on the Ethnology of the Indians of Mexico, Central and South America**, 1981 *The Routledge Companion to Anthropology and Business* Raza Mir, Anne-Laure Fayard, 2020-06-11 Interest in anthropology and ethnography has been an ongoing feature of organizational

research and pedagogy this book provides a key reference text that pulls together the different ways in which anthropology infuses the study of organizations both epistemologically and methodologically The volume hosts key scholars and experts within the fields of Organizational Anthropology Organizational Ethnography Organizational Studies and Qualitative Research The book provides a combination of methodological guidelines exemplars and epistemological reflection It includes methodological viewpoints ethnographic journeys within organizations as well as beyond organizations and individual reflections on challenges faced by organizational ethnographers This book is aimed at PhD master and advanced undergraduate students and researchers across disciplines especially those who are engaged with general management organizational behaviour strategy and anthropological ethnographic issues
