**History of the Indian Novel in English** Ulka Anjaria, 2015-07-08 A History of the Indian Novel in English traces the development of the Indian novel from its beginnings in the late nineteenth century up until the present day Beginning with an extensive introduction that charts important theoretical contributions to the field this History includes extensive essays that shed light on the legacy of English in Indian writing Organized thematically these essays examine how English was made Indian by writers who used the language to address specifically Indian concerns Such concerns revolved around the question of what it means to be modern as well as how the novel could be used for anti colonial activism By the 1980s the Indian novel in English was a global phenomenon and India is now the third largest publisher of English language books Written by a host of leading scholars this History invites readers to question conventional accounts of India s literary history *Literature and the Rise of the Interview* Rebecca Roach, 2018 This book traces a literary and cultural history of interviews from the 1860s to today it reveals the ways in which writers have been interview subjects interviewers and have used interviews creatively in their fiction and non fiction **Novel Ideas** Barbara Shoup, Margaret-Love Denman, 2013-05-01 Novel Ideas provides a substantial introduction to the elements of fiction followed by in depth interviews with successful novelists who speak with candor and insight into the complex process by which a novel is made This edition includes new and updated interviews as well as writing exercises to enhance its use in the writing classroom Dorothy Allison recalls deliciously self indulgent days of writing in her bathrobe wrapped in misery and exultation Peter Cameron explains how he made the move from short fiction

to the novel with the aid of a music composer's notebook to track the movement of his characters. Writers as different as Ha Jin, Jill McCorkle, Richard Ford, and Michael Chabon describe their unique approaches to their work while consistently affirming the necessity of committing to the hard effort of it while also remaining open to surprise. Aspiring novelists will find hands-on strategies for beginning, working through, and revising a novel; accomplished novelists will discover new ways to solve the problems they face in process, and serious readers of contemporary fiction will enjoy a glimpse into the way novels are made. Includes interviews with Dorothy Allison, Larry Brown, Peter Cameron, Michael Chabon, Michael Cunningham, Robb Forman Dew, Richard Ford, Ha Jin, Patricia Henley, Charles Johnson, Wally Lamb, Valerie Martin, Jill McCorkle, Sena Jeter Naslund, Lewis Nordan, Sheri Reynolds, S. J. Rozan, Jane Smiley, Lee Smith, Theodore Weesner. Kristeva's Fiction Benigno Trigo, 2013-09-17 With published work spanning more than forty years, Julia Kristeva's influence in psychoanalysis and literary theory is difficult to overstate. In addition to this scholarship, Kristeva has written several novels; however, this portion of her oeuvre has received comparatively scant attention. In this book, Kristeva scholars from a number of disciplines analyze her novels in relation to her work in psychoanalysis, interrogating the relationships between fiction and theory. The essays explore questions including what is the value of experimental writing that escapes easy definition and classification, putting ideas at the same level as character, pacing, plot, suspense, form, and style. And how might such fiction help its readers overcome the psychological maladies that affect contemporary society? The contributors make a compelling case for understanding Kristeva's fiction as a crucial influence to her wider psychoanalytic project. *Ideologies of Identity in Adolescent Fiction* Robyn McCallum, 2012-10-02 *Ideologies of Identity in Adolescent Fiction* examines the representation of selfhood in adolescent and children's fiction using a Bakhtinian approach to subjectivity, language, and narrative. The ideological frames within which identities are formed are inextricably bound up with ideas about subjectivity, ideas which pervade and underpin adolescent fictions. Although the humanist subject has been systematically interrogated by recent philosophy and criticism, the question which lies at the heart of fiction for young people is not whether a coherent self exists, but what kind of self it is and what are the conditions of its coming into being. *Ideologies of Identity in Adolescent Fiction* has a double focus: first, the images of selfhood that the fictions offer their readers, especially the interactions between selfhood, social, and cultural forces; ideologies and other selves; and second, the strategies used to structure narrative and to represent subjectivity and intersubjectivity. Handbook of Interview Research Jaber F. Gubrium, James A. Holstein, 2001-07-25 Interviewing has become the window on the world of experience for both researchers and professionals. But as familiar as interviewing is now, its seemingly straightforward methodology raises more questions than ever. What is the interviewer's image of those who are being interviewed? Who is the interviewer in the eyes of the respondent? From where do interviewers obtain questions, and respondents get the answers that they communicate in interviews? How do the institutional auspices of interviewing shape interview data? Drawing upon leading experts from a wide range of disciplines to address these and

related questions The Handbook of Interviewing offers a comprehensive examination of the interview at the cutting edge of information technology in the context of a challenging postmodern environment Encyclopedic in its breadth the Handbook provides extensive discussions of the conceptual and methodological issues surrounding interview practice in relation to forms of interviewing new technology diverse data gathering and analytic strategies and the various ways interviewing relates to distinctive respondents The Handbook is also a story that spins a particular tale that moves from the commonly recognized individual interview as an instrument for gathering data to reflections on the interview as an integral part of the information we gather about individuals and society *Focus On: 100 Most Popular Light Novels* Wikipedia contributors,

**Ascent to Glory** Álvaro Santana-Acuña,2020-08-11 Gabriel García Márquez's novel One Hundred Years of Solitude seemed destined for obscurity upon its publication in 1967 The little known author small publisher magical style and setting in a remote Caribbean village were hardly the usual ingredients for success in the literary marketplace Yet today it ranks among the best selling books of all time Translated into dozens of languages it continues to enter the lives of new readers around the world How did One Hundred Years of Solitude achieve this unlikely success And what does its trajectory tell us about how a work of art becomes a classic Ascent to Glory is a groundbreaking study of One Hundred Years of Solitude from the moment García Márquez first had the idea for the novel to its global consecration Using new documents from the author's archives Álvaro Santana Acuña shows how García Márquez wrote the novel going beyond the many legends that surround it He unveils the literary ideas and networks that made possible the book's creation and initial success Santana Acuña then follows this novel's path in more than seventy countries on five continents and explains how thousands of people and organizations have helped it to become a global classic Shedding new light on the novel's imagination production and reception Ascent to Glory is an eye opening book for cultural sociologists and literary historians as well as for fans of García Márquez and One Hundred Years of Solitude **The Novels of Philippe Sollers** Malcolm Charles Pollard,2023-11-27 It is easy simply to attribute the high profile of Sollers the numerous autobiographical details in his novels and also the espousal of so many different views and causes to egocentrism and opportunism Alternatively one could say that they are all significant elements in an ongoing enquiry into the role of fiction in a society where attitudes are often thought to be determined more by images than by the written word Given Sollers's questioning of society's conventional images as in Debord's notion of the spectacle his awareness of his own role in the media and his interest in developing a discourse on the visual arts how do such concerns come together to create new forms of fiction and a coherent aesthetics These seemingly disparate questions are all in fact related to Sollers's desire to challenge the accepted parameters of representation by creating an alternative scene in the novel a subject which forms the basis of this book *The Fiction of A.S.
