The Iranian Mujahedin:

The Iranian Mojahedin Ervand Abrahamian, 1989-01-01 A first rate study that not only goes far in explaining the key events of the last decade but also implicitly substantiates the classic Crane Brinton analysis Bernard Weiss History Review of New Books No Conquest, No Defeat Ariane M. Tabatabai, 2020-12-15 In early 2019 the Islamic Republic of Iran marked its fortieth anniversary despite decades of isolation political pressure sanctions and war Observers of its security policies continue to try and make sense of this unlikely endurance Some view the regime as a purely rational actor whose national security decisions and military affairs are shaped by the same considerations as in other states Others believe that it is ideology driving Tehran's strategy Either way virtually everyone agrees that the mullahs policies are fundamentally different from those pursued by their monarchical predecessors No Conquest No Defeat offers a historically grounded overview of Iranian national security Tabatabai argues that the Islamic Republic is neither completely rational nor purely ideological Rather its national security policy today is largely shaped by its strategic culture a product of the country's historical experiences of war and peace As a result Iranian strategic thinking is perhaps best characterized by its dynamic yet resilient nature one that is continually evolving As the Islamic Republic enters its fifth decade this book sheds new light on Iran's controversial nuclear and missile programs and its involvement in Afghanistan Iraq Lebanon Syria and Yemen **Iran Today** Manochehr Dorraj, Mehran Kamrava, 2008-10-30 Iran dominates the media headlines once again and has taken center stage in the U S and European Union strategy toward the Middle East A more nuanced understanding of Iranian society has assumed even greater significance and urgency Iran Today An Encyclopedia of Life in the Islamic Republic offers crucial insight for students and the general reader into an often misunderstood and complex country that is shrouded in mystery and misperception Heir to a long history and a great culture and civilization Iran embodies a rich complex and diverse mosaic that defines its national identity Diversity is also the operative word that describes Iranian landscapes and geography its multiple ethnic groups and their varied cultures and traditions as well as the uneven and vastly different levels of economic and industrial development conflicting political tendencies and different and often contradictory social and cultural outlooks Because of its tumultuous recent political history Iran appears to encapsulate all of these internal differences and stark contrasts somewhat more distinctly than most of its neighbors The 1978 1979 revolution transformed the society and culture in fundamental ways and redefined social life It created new institutions of governance and Islamicized the culture education and the legal system in an attempt to create a new society that would usher in the reign of piety and virtue Yet Islamization had to come to terms with pre Islamic and illustrious Persian history and culture as well as the realities of an interdependent postmodern globalized world in which as a developing country Iran resides in the periphery Within this framework the dynamics and complexity of social life in the Islamic Republic unfold This encyclopedia is the source for up to date authoritative information on a full range of critical topics of interest Coverage of the Islamic Republic here falls into the

Government Terronomics Sean S. Costigan, David Gold, 2016-03-16 Today no single issue dominates the global political landscape as much as terrorism Aware of their unique position in the newly unipolar world terrorist leaders have articulated that economic warfare is a key component of the new terrorist agenda Governments have accentuated the role of economic tools in their counter terrorism policies while maintaining emphasis on the application of military force or hard power even though such tools often prove unnecessarily blunt or even sorely inadequate Given the complexity of the global threat posed by modern transnational terrorist groups combating terrorism with a mix of hard and soft power is more important than ever As an invaluable new book in terrorism studies Terronomics brings together contributions from renowned international scholars and practitioners to provide a multifaceted view of contemporary financial counterterrorism and terrorist funding efforts It employs key concepts terms case studies and policy recommendations to advance our understanding of the threats and possible courses of action thus enabling us to grasp the critical financial and economic issues while providing potential counterterrorist strategies Falling Terrorism and Rising Conflicts Hooman Peimani, 2003-09-30 The Taliban s fall and the massive American military and political presence in South and West Asia have created grounds for a polarization into two camps India Iran and Russia to which China is affiliated and the United States and Pakistan In Peimani s analysis their incompatible interests will push them towards confrontations with regional and international implications Contrary to expectations the fall of the Taliban did not bring peace and stability to Afghanistan The Afghan interim government is simply too weak to act as a central government this results in the re emergence of warlords turf wars and the expansion of drug trafficking This unstable situation may well result in the emergence of Taliban like groups Added to this the threat of the spillover of instability from Afghanistan into neighboring regions on the one hand and the rapid expansion of American military and political power in Central Asia the Caucasus the Persian Gulf Afghanistan and Pakistan on the other have created fear among the regional powers The stated indefinite stay of American forces well after the end of the anti terrorist war in Afghanistan has worsened that fear as it reflected the American government s plan to pursue certain strategic interests unrelated to that war Consequently as Peimani shows the regional anti terrorist coalition has disintegrated in the absence of a common objective to help focus the region Fear of the long term American objectives and those of its Pakistani ally in South and West Asia incompatible with those of the regional powers have facilitated the creation of two camps consisting of Iran India and Russia to which China is affiliated and Pakistan and the United States Respectively these implicit and explicit camps are likely to collide over their regional interests especially in the strategically important energy producing Persian Gulf and Caspian Sea regions **Islam and the Post-Revolutionary State in Iran** Homa Omid, 2016-07-27 her short analysis of the Iranian armed forces in the 1980s is first rate so too is her much more substantial section on women and the state in Iran As well as offering useful insights into the workings of the Islamic state in Iran this readable book also provides a warning of the struggles ahead in many other Muslim societies Anoushiravan Ehteshami Times Higher Education
