## **The Iron Marshall:**

The Iron Marshal Louis L'Amour,1993-12-01 He was a tough enforcer for a New York gang But when young Tom Shanaghy made one too many enemies he skipped town on a fast moving freight He landed in a small Kansas town that had big dreams no name and the need for an honest lawman Tom figured that a knuckle and skull man from Five Points would be perfect for the job He didn't know that a high stakes cattle drive was headed his way and that leading it was a vindictive rancher bent on settling an old score even if he had to destroy the town to do it Tom had himself stuck in the middle of the feud before sunset on his first day in town All he could do was hope that his years on the Bowery had left him with the smarts he needed to keep himself alive *The Iron Marshal* John G. Gallaher,2021-06-30 Born into a distinguished Burgundian family in 1770 Louis Nicolas d'Avout began his military career with the French Royal Army but fully embraced the principles of the French Revolution joining the Republican army as the commander of a battalion of volunteers He quickly rose to the rank of general of brigade but was removed from the active list of officers because of his noble birth Nevertheless he continued to serve in the Revolutionary army and took part in Bonaparte's Egyptian campaign His abilities were recognized by Napoleon and Davout was promoted to general of division and was made a Marshal of the Empire in 1804 He fought at many of the great battles of the Napoleonic Wars including Austerlitz Eylau Wagram and Borodino However he is most famously remembered for the Battle of Auerstedt in 1806 where his single corps encountered and defeated the main Prussian army which was more than twice as numerous As a consequence he was granted the title of Duke of Auerstaedt He was more commonly known as The Iron Marshal because of his reputation as a stern disciplinarian Regarded as Napoleon's ablest marshal he was placed in command of the Hamburg in 1813 which was besieged by the Allies and only surrendered by Davout after Napoleon had abdicated in 1814 During the Waterloo campaign Napoleon made Davout Minister of War This unique study also touches upon the personal life of a man who despite commanding unlimited respect had few social skills We learn of his successful marriage to the beautiful and well connected Aime and the couple's struggle with the demands of Parisian social life **The Iron Marshal** Louis L'Amour,1985 On the run from his enemies Tom Shanaghy becomes a marshall in a Kansas town **The Iron Marshall** Louis L'Amour,1977 *The Iron Marshal* Steven C. **George C. Marshall: Education of a General, 1880-1939** Forrest C. Pogue, 2020-05-10 Born in Uniontown Pennsylvania George Catlett Marshall 1880 1959 attended the Virginia Military Institute and was named VMI s First Captain in his senior year because of his character and sense of duty more than scholastic achievement In 1902 while a second lieutenant Marshall married Elizabeth Carter Coles During World War I Marshall demonstrated his superior skill for organization and leadership on the staff of General John J Pershing commander of the American Expeditionary Force in France Between World Wars I and II Marshall served as Pershing s aide in Washington DC with troops in China as an instructor at Fort Benning Georgia and at other posts throughout the United States Marshall married Katherine Boyce Tupper Brown in 1930 after the death of his first wife in 1927 He commanded the Vancouver Barracks in Vancouver Washington between 1936 and 1938 and was appointed Army Chief of Staff by President Franklin D Roosevelt on September 1 1939 Pogue and Harrison show admirably how Marshall s early life prepared him for his later responsibilities his beginning as a second lieutenant in the Philippines his service on Pershing s staff in the First World War three years in China in the Twenties his exceptionally influential term at the Infantry Training School at Fort Benning a period organizing CCC camps a time in exile when MacArthur sent him to the Illinois National Guard thereby as Marshall thought ending his career until Pershing s insistent pressure brought him back to Washington and Harry Hopkins impressed by his cool efficiency urged him on Roosevelt Education of a General is carefully researched well composed and judiciously written The portrait of Marshall is sympathetic but by no means worshipful Arthur Schlesinger Jr New York Review of Books A highly readable and thoroughly satisfactory biography that provides as full and definitive an account of the general s career to 1939 as is likely to appear for a long time The portrait that emerges from these pages is clearly that of an outstanding officer in both staff and command with wide experience in a variety of posts and a record for performing the tasks assigned to him superlatively well an outstanding work of scholarship and a definitive record of George Marshall s early years Louis Morton The Journal of Modern History This book will be interesting to the professional historian for its insights into the early career of a great soldier for much new material on the development of the military profession in the first half of the twentieth century and also for its methodology No effort was spared to make the work truly definitive a well written volume that is and will likely remain the best thing on Marshall s formative year Harry L Coles The Journal of American History Simplicity of tactics training for the unexpected regarding as more important knowing when to make a decision than what the decision should be these and the

ability to command by obtaining assent rather than by exacting formal obedience were qualities characteristic of Marshall's own disposition. And they were tied up with the conviction that American Army officers must know how to command a citizen army. The present volume can help to explain why Marshall was a great war leader. Kent Roberts Greenfield, *Political Science Quarterly*. The volume traces in a superb and detailed manner the progress of the General from childhood to the time he assumed the duties as Chief of Staff U S Army in 1939. This book is a most scholarly account of the trials and tribulations of an exceptional Army officer during the period prior to 1939 and clearly demonstrates how the right man got to the right place at the right time. Naval War College Review. A provocative history of the Army during the years of Marshall's rise. Because this is a book rich in research and information it raises questions as well as answers them. It promises to be one of the few indispensable works on the modern American Army. Russell F Weigley, *The Annals of the American Academy of Political and Social Science*. Pogue presents logically the development of a junior officer. The annotations are bountiful and explicit; the bibliography of great value to historians; the persuasive rebuttal of widely circulated views of a decade ago most welcome. This well organized and solidly written volume is good in itself and a welcome herald of the post 1939 volumes dealing with periods of great personal, national and international controversy. Mark S Watson, *The American Historical Review*. A work very much worth attention. Mr Pogue's book is a fascinating story; it gives a detailed account of the way in which this rather cold and self-contained person became a gifted leader and master of men. Bruce Catton, *American Heritage*. This is a vastly thorough piece of research; a careful picture of the life and problems of an able American regular officer in the first third of the twentieth century. C P Stacey, *International Journal*. A book which resembles its subject in simplicity, directness and thoroughness. This is an excellent example of military historical writing and an important contribution to the history of our times. H A De Weerd, *The Virginia Quarterly Review*. *The Life of John Marshall: Frontiersman, soldier, lawmaker, 1755-1788*. Albert Jeremiah Beveridge, 1916. **Code of Federal Regulations**, 1974. Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries. *From Hard Rock to Heavy Metal*. Michelle Rae Bebbler, Christopher B. Wolff, 2025-07-01. The discovery and development of metals as tool media is a topic of global interest. This phenomenon is generally associated with sedentary agricultural societies; however, in North America, metal use by hunter-gatherer populations began as early as 9,000 years ago and continued into modern times. The regional and cultural diversity of research in this volume contributes to how we conceptualize hunter-gatherer innovation, technological proficiency and complex decision making in the past. Readers are challenged to reconsider long-held assumptions about how, when and under what conditions metal became a part of humanity's story.
