Xobo the Robo possessed by the evil soul of Mr God plans the destruction of Mother Nature to reestablish its fictional alien ancestors system of Fathers and Sons It raised a Robo Family and demonic Army they run amok and cause devastation Militaries fail against Metal Monsters Ultimately five children with Pure Hearts were chosen to stop Lord Xobo At last the War begins Quotes from the book Lord Xobo If there are no plants no animals no women and only reanimated corpses of Fathers and Sons The Brutons and Kreaks then a better world a New World could be created The human race would have every opportunity to survive without plants animals and women Who knows we may even go to other galaxies and annihilate

plants animals and women everywhere until only Fathers and Sons remain in the whole universe We would sing the glorious smell of putrefied corpses forever and ever Uncle Jumbo Master Bodhitaran I m sorry to say this but I have no other choice I could guess what you are going to ask I shudder to think about those creatures Brutons and Kreaks What little children could do against them Please don t expect me to send these kids to do war against murderous Robots Monk Bodhitaran No government on Earth has the tech to stand against Xobo and his United Family Except us These five children could beat them with the help of these formidable Purple Forks and few of my own magical devices I ll guide them to victory Leave them to me I pledge my life to protect them

Crystal Therapy Susan Daniel,2015-03-20 New updated edition Crystal therapy is a complementary practice that uses the energy of crystals precious and semi precious stones to combat ailments of the body and mind There are many properties of stones each one deserves a separate study and if we intend to approach crystal therapy we must know these properties so as to choose the most suitable stone according to our needs Crystal therapy is

based on the analysis of the chakras and provides for their treatment through the stones If one or more of our chakras don t work properly we are affected physically and spiritually the stones thanks to their energies restore balance From yoga philosophy crystal therapy has assimilated the concept of chakra which are the seven areas of our body where energy is concentrated Stones like plants and animals are part of nature and would therefore be able to emit energy and vibrations and being matter in a state of perfect balance they would be capable of transmitting positive influences However it must always be kept in mind that the stones have no healing power of their own so they cannot replace the work of the doctor or any drugs but according to an oriental concept applied to the various chakras can only act by vibratory affinity In crystallotherapy those areas of the human body where there are the main correspondences of the energy or reflex centers are used as therapeutic principles of application which are also found in the study of the meridians of Acupuncture Yoga and Ayurveda and which are not contradiction with current scientific research The main thing to be able to implement crystal therapy of course is to have a certain basic quantity of crystals gems stones
