Crotty, 2005 This timely collection of original essays examines the global link between democratic development and political terrorism delving into the difficult questions challenges far reaching consequences and uncertainties of dealing with terrorism on an international scale [Intellectuals and the Ideological Hijacking of Fine Gael, 1932-1938](#) Eugene Broderick, 2010-01-08 This book covers a unique yet virtually ignored episode in Irish history the efforts by intellectuals to influence and shape in a radical way the policies and direction of a major political party Between 1932 and 1934 Michael Tierney and James Hogan both university academics exploited the opportunity offered by the formation of the Blueshirts and Fine Gael to promote their views for an alternative social economic and political order This order was inspired by Catholic social teachings in particular those enunciated by Pope Pius XI in his encyclical Quadragesimo Anno issued in 1931 In it the pontiff had advocated a social system which sought to reconcile the conflicting interests of capital and labour by essentially giving representation to the various economic interests in society by organising them according to their vocational groupings With ideas rooted in contemporary Catholic social and political

philosophy especially Catholic corporatism or vocationalism Tierney and Hogan intended that Fine Gael become the vehicle for the promotion of their ideas In effect they virtually hijacked the objectives of the party Under their influence and that of others including Eoin O Duffy and Ernest Blythe Fine Gael adopted corporate principles and began the process of formulating policies to give practical expression to them Among those the party produced was a detailed labour policy The advocates of corporatism though always a tiny minority within the party enjoyed a disproportionate influence They contributed however to divisions within Fine Gael during a turbulent period in Irish politics Moreover the party's opponents in Fianna Fail and the labour movement successfully characterised it as advocating fascism Their ultimate failure has obscured the significance of the achievement of Hogan Tierney and their allies They transformed Fine Gael into a political party with a radical and distinct ideological programme and succeeded in giving Irish politics for a brief period in the 1930s a new dimension and vibrancy

Preventing the Future Tom Garvin,2004-08-24 Between the years of the mid thirties through to 1960 independent Ireland suffered from economic stagnation and also went through a period of intense cultural and psychological repression While external circumstances account for much of the stagnation especially the depression of the thirties and the Second World War Preventing the Future argues that the situation was aggravated by internal circumstances The key domestic factor was the failure to extend higher and technical education and training to larger sections of the population This derived from political stalemates in a small country which derived in turn from the power of the Catholic Church the strength of the small farm community the ideological wish to preserve an older society and later gerontocratic tendencies in the political elites and in society as a whole While economic growth did accelerate after 1960 the political stand off over mass education resulted in large numbers of young people being denied preparation for life in the modern world and arguably denied Ireland a sufficient supply of trained labour and educated citizens Ireland's Celtic Tiger of the nineties was in great part driven by a new and highly educated and technically trained workforce The political stalemates of the forties and fifties delayed the initial incomplete take off until the sixties and resulted in the Tiger arriving nearly a generation later than it might have Ireland and the Politics of Change William J. Crotty,David A. Schmitt,2014-06-17 Ireland and the Politics of Change provides a timely assessment of the fundamental changes that have occurred in Irish society over the last several decades from the standpoint of their political significance There is a particular concern with the leadership role of government and other political institutions in stimulating managing and responding to the changes taking place that are of fundamental importance to understanding contemporary politics and today's Ireland in the world community Considerable social economic demographic

and international change has taken place within Ireland and Northern Ireland and without in relation to the rest of the world and particularly in response to the association with the European Union Ireland and the Politics of Change examines institutional developments economic forces demographic and attitudinal profiles and group based religious gender class concerns as they have evolved and assesses their significance for policy enactment and political representation *Ernie O'Malley* Richard English, 1998-03-26 Ernie O Malley 1897 1957 was one of the most talented and colourful of modern Irish republicans An important IRA leader in the 1916 1923 Irish Revolution this bookish gunman subsequently became a distinguished intellectual and the author of two classic autobiographical accounts of the revolutionary period *On Another Man's Wound* and *The Singing Flame* His post revolutionary life took on a bohemian flavour Travelling extensively in Europe and America he mixed with a wide range of artistic and literary figures and devoted himself to a variety of writing projects In his IRA career he mixed with revolutionaries such as Michael Collins and Eamon de Valera in his post IRA years his friends included Samuel Beckett Louis MacNeice John Wayne and John Ford This important new thematic biography draws on previously unseen archival sources and introduces O Malley to both scholarly and general readers O Malley's post revolutionary life was as turbulent as his IRA years and illuminates many persistent themes of Irish history ranging from the origins and culture of militant republicanism and the complexities of Anglo Irish relations to the development of intellectual and artistic life in twentieth century Ireland This exciting new biography will be essential reading for anyone seeking to understand the background to modern Irish politics and the past and present role of the IRA
