## **The Jewels Of Aptor:**

The Jewels of Aptor Samuel R. Delany, 2000 When Argo the White Goddess orders it Geo the itinerant poet and his three disparate companions journey to the island of Aptor to seize a jewel from the dark god Hama and return it to Argo so that she may defeat the malign forces ranged against her and the land of Leptar But as the four press deep into the enigmatic heart of Aptor and the easy distinctions between good and evil blur their mission no longer seems so straightforward For Argo already controls two of the precious stones and possession of the third would make her power absolute And the four friends have learned that power corrupts and absolute power corrupts absolutely *The Jewels of Aptor* Samuel Delany, 2018-01-30 What was the strange impetus that drove a group of four widely different humans to embark on a fear filled journey across a forbidden sea to a legendary land This was Earth still but the Earth of a future terribly changed after a planet searing disaster a planet of weird cults mutated beasts and people who were not always entirely human As for the four who made up that questing party they included a woman who was either a goddess a witch or both a four armed boy whose humanity was open to question and two more men with equally wild talents The story of their voyage of the power wielding jewels they sought of the atomic and post atomic terrors they encountered is a remarkable science fiction Odyssey of the days to come
