The Jewish Talmud In History:

The History of the Talmud Michael Levi Rodkinson, 1916 *A History of the Talmud* David C. Kraemer, 2019-09-30 It is impossible to exaggerate the importance of the Talmud in Judaism and beyond Yet its difficult language and its assumptions so distant from modern sensibilities render it inaccessible to most readers In this volume David C Kraemer offers students of Judaism a sophisticated and accessible introduction to one of the religion s most important texts Here he brings together his expertise as a scholar of the Talmud and rabbinic Judaism with the lessons of his experience as director of one of the largest collections of rare Judaica in the world Tracing the Talmud s origins and its often controversial status through history he bases his work on the most recent historical and literary scholarship while making no assumptions concerning the reader s prior knowledge Kraemer also examines the continuities and shifts of the Talmud over time and space His work will provide scholars and students with an unprecedented understanding of one of the world s great classics and the spirit that animates it

Judaism in Babylonia He then analyzes the meaning of the disputational form and concludes that the talmudic form implies the inaccessibility of perfect truth and that on account of this opinion the pursuit of truth in the characteristic talmudic concern for rabbinic process becomes the ultimate act of rabbinic piety **The History of the Jews (All Six Volumes)**
