*The Jews Among the Greeks and Romans* Max Radin, 2015-06-26 Excerpt from *The Jews Among the Greeks and Romans* It is a counsel of perfection that any historical study should be approached with complete detachment To such detachment I can make all the less claim as I freely admit an abiding reverence for the history of my own people and for the life of ancient Greece and Rome a passionate affection that is frankly unreasoning At no place in the course of the following pages have I been consciously apologetic It is true that where several explanations of an incident are possible I have not always selected the one most discreditable to the Jews Doubtless that will not be forgiven me by those who have accepted the anti Semitic pamphlets of Willrich as serious contributions to historical research The literature on the subject is enormous Very few references to what are known as secondary sources will however be found in this book A short bibliography is appended in which various books of reference are cited From these all who are interested in the innumerable controversies that the subject has elicited may obtain full information There remains the grateful task of acknowledging my personal indebtedness to my friend Dr Ernst Riess for many valuable suggestions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Pneumatology of Race in the Gospel of John** Rodolfo Galvan Estrada III, 2019 How do the Greco Roman views of ethnicity inform our reading of the Spirit in the Fourth Gospel This study not only reviews the role of ethnicity and race in the ancient world it also proposes a bold

new understanding of Johannine pneumatology From an ethnocritical perspective this study argues that the Spirit was articulated for an ethnically diverse Johannine community that was dealing with the issues of race relations The Spirit is the divine breath of God that commissions Jesus for the redemption of all ethnicities The Spirit is involved in the maternal birth of all ethnic members who are in the family of God The Spirit draws all people despite their ethnic lineage and heritage And the Spirit is actively involved as an advocate for the minoritized community undergoing synagogue violence Will the members of the Johannine community still hold onto ethnic ideologies of dehumanization that were prevalent of their age Can the Johannine community still have the Spirit and support ideologies of ethnic division and hate This study seeks to answer these questions

**Diaspora, the Jews Among the Greeks and Romans** Meyer Reinhold,1983 **The Jews in the Greek Age** Elias Joseph Bickerman,1988 A history of the Jews in the Greek age charting issues of stability and change in Jewish society during a period that ranges from the conquest of Palestine by Alexander the Great in the fourth century until approximately 175 B C E and the revolt of the Maccabees **The Classical Review** ,1916 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year

**The Gentile and the Jew in the Courts of the Temple of Christ: The religions of the west: Etruria-Rome-Gaul-Germany** Johann Joseph Ignaz von Döllinger,1906 *Elements of International Law and Laws of War* Henry Wager Halleck,1874 The Gentile and the Jew John J.I. Döllinger,2022-05-14 Reprint of the original first published in 1862 **Paul, Community, and Discipline** Adam G. White,2021-10-01 Over the course of several years Paul established numerous Christian communities in cities throughout the Roman Empire Each of these small groups was founded on the premise of inclusivity mutual love and shared concern for other members But what happened when these core tenets were challenged or undermined In Paul Community and Discipline Establishing Boundaries and Dealing with the Disorderly Adam

G White begins by examining the practice of exile and expulsion in the cities of the Graeco Roman world as well as in the specific social institutions of the family school association and synagogue He then examines the Pauline letters in light of this context arguing that what we see in Paul s communities is both a continuation of as well as a divergence from contemporary practices      General History of the Christian Religion and Church August Neander,1847      **John and Anti-Judaism**

Jonathan Numada,2021-06-17 This study argues that the Gospel of John s anti Judaism can be well understood from the perspective of trends apparent within the context of broader Greco Roman culture It uses the paradigm of collective memory and aspects of social identity theory and self categorization theory to explore the theological and narrative functions of the Johannine Jews Relying upon a diverse range of historical testimony drawn from Greco Roman literature inscriptions and papyri this work attempts to understand the social identities and social locations of Diaspora Jews as a first step in reading John s Gospel in the context of the political and social instability of the first century CE It then attempts to understand John s theology its portrayal of Jewish social identity and the narrative and theological functions of the Jews as a group character in light of this historical context This work attempts to demonstrate that while John s treatment of Jews and Judaism is multivalent at both social and theological levels it is primarily focused upon strengthening a Christologically centered Christian identity while attempting to mitigate the attractiveness of Judaism as a religious competitor
