Rafael Medoff

The Jews Were Expendable Free World Diplomacy And The Holocaust:

The Jews Were Expendable Monty Noam Penkower, 1988 Graphically demonstrates how disbelief indifference antisemitism and above all the political expediency of the West doomed a powerless European Jewry to Hitler's Final Solution Charts the free world's tragic failure to respond decisively to the Holocaust Back cover **A History of the Jews in the Modern World** Howard M. Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M. Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience **A History of the Jews in the Modern World** provides a source of unsurpassed intellectual richness for university students and educated laypersons alike

The Holocaust and Israel Restored Monty Noam Penkower, 2025-07-29 The chapters in this volume examine facets in the drama of Jewish existence in the tumultuous years of the Twentieth Century and beyond They include Theodor Herzl as Zionism's driven prophet James G. McDonald's valiant effort to alert the world to the Nazi menace the darkening shadow of the swastika in the 1930s across the European Continent the Revisionist Zionist campaign for a Jewish Army in World War II a debate on Zionism and Jewish survival after the Shoah the 1947 legal brief for a Jewish State Poland's distortion of the Holocaust and **The Jews Were Expendable** forty years later Joining extensive archival research and a limpid prose Professor Monty Noam Penkower again displays a definitive mastery of his craft **Nazism, the Jews and American Zionism, 1933-1988** Aaron Berman, 1992 An investigation of the response of American Jews to Nazism and the extermination of European Jewry The demand for Jewish statehood politicized the rescue issue and made it impossible to appeal for American aid on purely humanitarian grounds Berman tries to understand the constraints within which American Jews operated Annotation copyrighted by Book News Inc Portland OR *Left to the Mercy of a Rude Stream* Stanley A. Goldman (Lawyer), 2018-01-01 Seven years after the death of his mother Malka Stanley A. Goldman traveled to Israel to visit her best

friend during the Holocaust The best friend's daughter showed Goldman a pamphlet she had acquired from the Israeli Holocaust Museum that documented activities of one man's negotiations with the Nazi's interior minister and SS head Heinrich Himmler for the release of the Jewish women from the concentration camp at Ravensbrück While looking through the pamphlet the two discovered a picture that could have been their mothers being released from the camp Wanting to know the details of how they were saved Goldman set out on a long and difficult path to unravel the mystery After years of researching the pamphlet Goldman learned that a German Jew named Norbert Masur made a treacherous journey from the safety of Sweden back into the war zone in order to secure the release of the Jewish women imprisoned at the Ravensbrück concentration camp Masur not only succeeded in his mission against all odds but he contributed to the downfall of the Nazi hierarchy itself This amazing little known story uncovers a piece of history about the undermining of the Nazi regime the women of the Holocaust and the strained but loving relationship between a survivor and her son **Man's Most**

Dangerous Myth Ashley Montagu, 2001-04-19 Man's Most Dangerous Myth was first published in 1942 when Nazism flourished when African Americans sat at the back of the bus and when race was considered the determinant of people's character and intelligence It presented a revolutionary theory for its time breaking the link between genetics and culture it argued that race is largely a social construction and not constitutive of significant biological differences between people In the ensuing 55 years as Ashley Montagu's radical hypothesis became accepted knowledge succeeding editions of his book traced the changes in our conceptions of race and race relations over the 20th century Now over 50 years later Man's Most Dangerous Myth is back in print fully revised by the original author Montagu is internationally renowned for his work on race as well as for such influential books as The Natural Superiority of Women Touching and The Elephant Man This new edition contains Montagu's most complete explication of his theory and a thorough updating of previous editions The Sixth Edition takes on the issues of the Bell Curve IQ testing ethnic cleansing and other current race relations topics as well as contemporary restatements of topics previously addressed A bibliography of almost 3 000 published items on race compiled over a lifetime of work is of enormous research value Also available is an abridged student edition containing the essence of Montagu's argument its policy implications and his thoughts on contemporary race issues for use in classrooms Ahead of its time in 1942 Montagu's arguments still contribute essential and salient perspectives as we face the issue of race in the 1990s Man's Most Dangerous Myth is the seminal work of one of the 20th century's leading intellectuals essential reading for all scholars and students of race relations History of the Jews in Modern Times Lloyd P. Gartner, 2001 Lloyd Gartner presents in chronologically arranged chapters the story of the changing fortunes of the Jewish communities of the Old World in Europe and the Middle East and beyond and their gradual expansion into the New World of the Americas The book starts in 1650 when there were no more than one and a quarter million Jews in the world less than a sixth of the number at the start of the Christian era Gartner leads us through the traditions religious laws communities and their interactions with their

neighbours through the Enlightenment the French Revolution and into Emancipation the dark shadows of anti-Semitism the impact of World War II bringing us up to the twentieth century through Zionism and the foundation of Israel Throughout the story is powerful and engrossing enlivened by curious detail and vivid insights Gartner an expert guide and scholar on the subject writing from within the Jewish community remains objective and effective whilst being careful to introduce and explain Jewish terminology and Jewish institutions as they appear in the text This is a superb introductory account authoritative in control lively of the central threads in one of the greatest historical tapestries of modern times

Annihilation Mark Levene, 2013-12-19 From the years leading up to the First World War to the aftermath of the Second Europe experienced an era of genocide As well as the Holocaust this period also witnessed the Armenian genocide in 1915 mass killings in Bolshevik and Stalinist Russia and a host of further ethnic cleansings in Anatolia the Balkans and Eastern Europe Crisis of Genocide seeks to integrate these genocidal events into a single coherent history Over two volumes Mark Levene demonstrates how the relationship between geography nation and power came to play a key role in the emergence of genocide in a collapsed or collapsing European imperial zone the Rimlands and how the continuing geopolitical contest for control of these Eastern European or near European regions destabilised relationships between diverse and multifaceted ethnic communities who traditionally had lived side by side An emergent pattern of toxicity can also be seen in the struggles for regional dominance as pursued by post imperial states nation states and would be states Volume II Annihilation covers the period from 1939 to 1953 particularly focussing on the Second World War and its aftermath the Holocaust and its lasting impact and the latter part of the Stalinist regime Levene demonstrates that while the attempted Nazi mass murder of the entirety of European Jewry represents the most thoroughgoing and extreme consequence of efforts aimed at political and social reformulation of the Rimlands arena in particular the accumulation and concentration of genocidal violence against many minority groups would suggest that anti-Semitism or racism alone is insufficient to provide a comprehensive explanation for genocide

Militant Zionism in America Rafael Medoff, 2002-07-02 Relates an important and neglected chapter of American Jewish history *America in the World* Michael J. Hogan, 1995 A survey of the historical literature on intelligence and national security during the Cold War *Prologue to Annihilation* Stephen H. Norwood, 2021-08-03

American and British appeasement of Nazism during the early years of the Third Reich went far beyond territorial concessions In Prologue to Annihilation Ordinary American and British Jews Challenge the Third Reich Stephen H Norwood examines the numerous ways that the two nations official position of tacit acceptance of Jewish persecution enabled the policies that ultimately led to the Final Solution and how Nazi annihilationist intentions were clearly discernible even during the earliest years of Hitler's rule Further Norwood looks at the nature and impact of American and British Jewish resistance to Nazi persecution and the efforts of Jews at the grassroots level to press Jewish organizations to respond more forcefully to the Nazi menace He examines the worldwide protest and boycott movements against Germany and German goods as well as

mass demonstrations by working class and lower middle class Jews in many American and British cities

Prologue to Annihilation details how the events of 1930 1936 tested American and British societies willingness to accept Nazism and its anti Jewish philosophy and illuminates the divisions that existed even within the Jewish community about how best to challenge Nazi antisemitic policies and atrocities *The Jewish Threat* Joseph W. Bendersky, W Bendersky, 2008-01-07 Very little has been written about America s own history of anti Semitism In this shocking book the first documented examination of anti Semitism in an American governmental institution Joseph Bendersky shows that such racism permeated the highest ranks of the U S military throughout the past century having a very real effect on policy decisions Through ten years of research in more than thirty five archives the author uncovered irrefutable evidence of endemic and virulent anti Semitism throughout the Army Corps from the turn of the century right up to the 1970s This fully developed and clearly articulated perspective had a direct effect on policy discussions and decisions affecting such matters as immigration refugees military strategy and the establishment of Israel Written with novelistic intensity and attention to intriguing detail *The Jewish Threat* forces us to revise some of our cherished notions about our country and its most revered leaders *Ballots, Babies, and Banners of Peace* Melissa R. Klapper, 2014-08-22 *Ballots Babies and Banners of Peace* explores the social and political activism of American Jewish women from approximately 1890 through World War II Written in an engaging style the book demonstrates that no history of the suffrage birth control or peace movements in the United States is complete without analyzing the impact of Jewish women s presence The volume is based on years of extensive primary source research in more than a dozen archives and hundreds of published primary sources many of which have previously never been seen Voluminous personal papers and institutional records paint a vivid picture of a world in which both middle class and working class American Jewish women were consistently and publicly engaged in all the major issues of their day and worked closely with their non Jewish counterparts on behalf of activist causes Page 4 of cover *The Evian Conference of 1938 and the Jewish Refugee Crisis* Paul R. Bartrop, 2017-09-17 This book provides the first dedicated study of the Evian Conference of July 1938 an international initiative called by U S President Franklin D Roosevelt While on the surface the conference appeared as an attempt to alleviate the distress faced by Jews being forced out of Germany and Austria in reality it only served to demonstrate that the nations of the world were not willing to accept Jews as refugees Since the Holocaust a generally held assumption has been that the Evian Conference represented a lost opportunity to save Germany s Jews and that the conference failed to rescue the Jews of Europe In this study Paul Bartrop argues that in fact it did not fail when measured against the original reasons for which it was called Exposing many of the myths surrounding the meeting this work addresses a glaring lacuna in the literature of the Holocaust and places the so called failure of the Evian Conference into its proper context **Escape from the Third Reich** Sune Persson, 2009-10-30 The true story of a risky Swedish mission to liberate thousands of prisoners from the Nazis The Swedish Red Cross expedition to the German concentration camps in March April

1945 was the largest rescue effort inside Germany during WWII Sponsored by the Swedish government and led by Count Bernadotte of Wisborg the mission became known for its distinctive buses Each bus was purposely painted entirely white except for the Red Cross emblem on the side so that they would not be mistaken for military targets Due to the chaotic conditions during the last weeks of the war it is impossible to say exactly how many prisoners were liberated by the expedition but according to conservative figures by May 4 1945 at least 17 000 had been transported to Sweden by the so called White Buses Of these some 8 000 were Danes and Norwegians around 6 000 were Poles and more than 2 000 were French citizens This is the first book to tell the full story of this remarkable and hazardous operation It also details Bernadotte s harrowing expedition to Ravensbrück concentration camp and his extraordinary negotiations with Heinrich Himmler the Reichsführer SS who was in charge of the German concentration camps and tells how during the course of these discussions Himmler also made an offer of German surrender an offer that was rejected by the Allies Includes never before published photographs

FDR and the Jews Richard Breitman,2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler s Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war

America, Its Jews, and the Rise of Nazism Gulie Ne'eman Arad,2000-12-22 Probing these questions Gulie Ne'eman Arad finds that more than the events themselves what was instrumental in dictating and shaping the American Jews response to Nazism was the dilemma posed by their desire for acceptance by American society on the one hand and their commitment to community solidarity on the other When American Jews were faced with the desperate plight of European Jews after Hitler s accession to power they were hesitant to press the case for immigration for fear of raising doubts about their patriotism

Nazi Europe and the Final Solution David Bankier,Israel Gutman,2009 In recent years scholars and researchers have turned their attention to the attitudes of ordinary men and women A during the period of the persecution of the Jews in occupied Europe This comprehensive work addresses the disturbing question of how people reacted when their neighbours were ostracized humiliated deported and later murdered

Helping Humanity Keith Pomakoy,2011-01-01 Helping Humanity American Policy and Genocide Rescue offers a scholarly examination of America s complicated reactions to genocide and genocide rescue It provides a synthesis of humanitarian concerns within the broader narrative of American foreign policy that gives an underappreciated policy consideration the attention it is due This book will serve as an approachable work both for those interested in genocide and specialists in foreign policy

The Conquerors Michael R. Beschloss,2003-10-07 As Allied soldiers fought the Nazis Franklin Roosevelt and later Harry Truman fought in private with Churchill and Stalin over how to ensure that Germany could never threaten the world again

Embracing the Melody of Expression: An Psychological Symphony within **The Jews Were Expendable Free World Diplomacy And The Holocaust**

In a world consumed by screens and the ceaseless chatter of quick connection, the melodic elegance and psychological symphony produced by the written word usually disappear in to the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **The Jews Were Expendable Free World Diplomacy And The Holocaust** an enchanting literary value overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that captivating masterpiece conducts viewers on a psychological journey, well unraveling the concealed tunes and profound impact resonating within each carefully crafted phrase. Within the depths of the emotional review, we will examine the book is key harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
