Understanding the Jewish Roots of Christianity Gerald McDermott, 2021-03-17 How Jewish is Christianity The question of how Jesus followers relate to Judaism has been a matter of debate since Jesus first sparred with the Pharisees The controversy has not abated taking many forms over the centuries In the decades following the Holocaust scholars and theologians reconsidered the Jewish origins and character of Christianity finding points of continuity *Understanding the Jewish Roots of Christianity* advances this discussion by freshly reassessing the issues Did Jesus intend to form a new religion Did Paul abrogate the Jewish law Does the New Testament condemn Judaism How and when did Christianity split from Judaism How should Jewish believers in Jesus relate to a largely gentile church What meaning do the Jewish origins of Christianity have for theology and practice today In this volume a variety of leading scholars and theologians explore the relationship of Judaism and Christianity through biblical historical theological and ecclesiological angles This cutting edge scholarship will enrich readers understanding of this centuries old debate ***Jewish and Brazilian Connections to New York, India, and Ecology*** Ann Helen Wainer, 2012-10-19 New York City is an eclectic melting pot of people in search of opportunities for a better life It has one of the largest and most important Jewish communities in America Surprisingly most people are unaware of this communitys origins Where did the first immigrants come from These immigrants laid the foundation for what is today the Jewish community of New York *The Jewish-Chinese Nexus* M. Avrum Ehrlich, 2008-06-26 This book is concerned with the areas where Jews and Chinese Judaism and Chinese religions and ideologies are converging or inter relate to each other It includes chapters on Confucianism the Kaifeng Jewish Descendants business and Chinese Israeli relations ***The Jewish Year Book*** , 1896 *The Jewish Choice: Unity or Anti-Semitism* Michael

Laitman, 2019-12-22 *The Jewish Choice Unity or Anti Semitism* is like no other book you have ever read about Jews about history or about anti Semitism As its title suggests it draws a direct link between Jewish unity and a rise in anti Semitism

including the current wave Assuming such a correlation is so extraordinary you could easily brush it off as a provocation were it not documented in hundreds of books essays and letters throughout history Beginning in ancient Babylon and ending in America Babylon's modern counterpart the author masterfully draws parallels and connects the dots of history like none have done before By the end of the book you will know the reason for the oldest hatred how it can be dissolved and how Jews and non Jews alike will benefit as a result

Jewish Youth around the World, 1990-2010 Erik H. Cohen Z"l, 2014-08-07 In *Jewish Youth around the World 1990-2010 Social Identity and Values* Erik Cohen offers a rich and multi faceted picture of Jewish adolescents and young adults today Based on numerous empirical studies conducted by the author over the course of two decades among various populations in Israel and every major Diaspora country it considers a range of issues including demographics and migration patterns Jewish identity involvement in the Jewish community leisure time activities values relationship to Israel and to the global Jewish collective In depth analysis of the data uncovers similarities and differences of various sub populations by nationality level of religiosity age gender and more The book is pioneering in its comparative approach to Jewish youth around the world

Paul, Artemis, and the Jews in Ephesus Rick Strelan, 1996 The series Beihefte zur Zeitschrift f r die neutestamentliche Wissenschaft BZNW is one of the oldest and most highly regarded international scholarly book series in the field of New Testament studies Since 1923 it has been a forum for seminal works focusing on Early Christianity and related fields The series is grounded in a historical critical approach and also explores new methodological approaches that advance our understanding of the New Testament and its world

The Jews of Provence and Languedoc Ram Ben-Shalom, 2024-05-08 This exhaustive history of Proven al Jewry examines the key aspects of Jewish life in Provence over some 1 500 years of cultural florescence with far reaching consequences A seminal examination of the crucial role of the Jews of Provence in shaping medieval Jewish culture in the Mediterranean basin

The Jews' State Theodor Herzl, 1997-08-01 The translator writes The Jews State is over one hundred years old The work is both catalyst and prophecy Catalyst Speaking both to Jews and to the international community it virtually launched the modern debate about a modern state for Jews Prophecy it foretold the entire scope of this debate its timing its spread its nature its parameters It is all there in embryo for us to read and ponder This little book continues to inform conceptions and arguments about the position on Jews in their state and in the world and about the relationship between Jews and their fellow human beings In a very real sense it still deeply guides how we view the contemporary Middle East Translated and retranslated countless times and into many languages since it was published this present translation is one of only three English versions that have been attempted in the century since its first publication the first in English in twenty five years Its concerns are both text and context Though the text has been with us ever since its publication it is the context that needs recreating Among the factors that have created distance between us and the world in which *The Jews State* was created include The experience of the world and the Jewish community during the last century the salience of anti Semitism the Holocaust the formations and

development of the state of Israel the troubled existence of the Jewish state ever since its inception the continuing Jewish diaspora and its relationship with the state and world The common understandings which Theodore Herzl assumed in his readers have dissipated and vanished and with them a sense of his book's import and impact These understandings need to be retrieved and recreated The present edition is therefore an attempt both at presentation and retrieval Presentation of the text in the language of today retrieval of the context which gave rise to it This dual function informs the three main parts of this edition Its first part is an account of the ideological and social worlds in which Herzl worked and wrote the Jewish world and the mainstream world and it argues that Herzl's interaction with both these worlds rests on some complex attitudes on his part in which approval compliance critique and rejection all played a role There follows a section on The Jews State itself which picks up on the main themes that occupied Herzl and discusses their scope and treatment This first part finishes with a description of the initial impact of The Jews State on Herzl's world The second part of this edition offers a presentation of the text itself in the form of a translation which attempts to recreate in a modern idiom the content of the work as well as some of the peculiarities of Herzl's style The third part of this edition consists of a critical glossary dealing with some salient issues in translation as well as the explanation of a number of terms and allusions in the text whose meaning is not immediately obvious to modern readers The edition closes with a bibliography
