Stella Bruzzi examines the dynamism that results from reusing and reconfiguring raw documentary data documents archive news etc in creative ways Through a series of individual case studies this book offers an innovative framework for understanding how in our century film and media texts frequently represent reality and negotiate the instabilities of truth by approximating factual events rather than merely representing them through juxtaposing disparate often colliding perspectives of history and factual events Covering areas such as true crime politics and media the book analyses the fluidity and instability of truth arguing that approximation is more prevalent now in our digital age and that its conception is a result of viewers accidental or unconscious connections and interventions Original and thought provoking Approximation provides students and researchers of media film and cultural studies a deeper insight into our understanding and acceptance of what truth really means today     **Pacific Coast Architect** ,1927     Instant Messaging with Immortals Can

Levi,2022-10-06 The Alaska Gold Rush started in 1880 and lasted until World War II What made it so unusual was that many of the sourdoughs never left They stayed on year after year sloshing through the freezing waters of thousands of streams looking for the elusive yellow metal Some became wealthy and most of those spent their lifetime s worth of gold in a few months of wild living Most just made enough to feed themselves They lived in squalid cabins and survived on beans caribou and wild onions These are tales of the men and women who preferred to stay in Alaska rather than return to the cities and the families left behind Many of them had very good reason to not want to return Besides Alaska was a wild and wooly place

Carl Mosley awakens from a very realistic and bothersome dream which he shares immediately with his older brother Roy. Due to the detailed emotional nature of the dream though Carl begins to wonder if somehow his memory has been altered. Is it possible the dream he had was his real life and he now lives a waking lie? Soon the brothers cross the path of a time traveler. He is hell bent on manipulating the past to further his self righteous agenda but to do so he requires the help of Carl and Roy. The brothers agree to travel into the recent past where they meet strange and zany characters with much to offer in the realm of self reflection. For the Mosley brothers their lives become unrecognizable overnight due to alterations in the past. Their fellow time traveler just might be a madman. Still the fault is not all his. Messing with the past in order to change the future has the potential for good but for Carl and Roy they must learn the hard way the past is better left alone.      *Magic, Magicians and Detective Fiction* Rebecca Josephy, 2025-01-13

Magic and especially performance magic has been a part of crime fiction since its inception. This collection of essays provides an in depth look at this phenomenon and covers a variety of writers across multiple languages, cultures and traditions as well as multiple subgenres: Victorian autobiography, classic detective tales, pulp fiction, fantasy, mystery etc. From historical studies examining the rise in popularity of magician narratives in mystery and detective fiction to essays documenting the number of professional magicians who double as crime fiction writers to theoretical studies analyzing the narrative and functional overlap between illusion, prestidigitation and literary criminals and detectives, this collection of essays provides readers with a range of perspectives and approaches from a variety of scholarly backgrounds.
