The Journals And Miscellaneous Notebooks Of Ralph Waldo Emerson Volume Ii 1822 1826:

The journals and miscellaneous notebooks of Ralph Waldo Emerson Ralph Waldo. Emerson, 1961 Ralph Waldo Emerson the man and thinker will be fully revealed for the first time in this new edition of his journals and notebooks The old image of the ideal nineteenth century gentleman created by editorial omissions of his spontaneous thoughts is replaced by the picture of Emerson as he really was His frank and often bitter criticisms of men and society his nihilizing his anguish at the death of his first wife his bleak struggles with depression and loneliness his sardonic views of woman his earthy humor his ideas of the Negro of religion of God these and other expressions of his private thought and feeling formerly deleted or subdued are here restored Restored also is the full evidence needed for studies of his habits of composition the development of his style and the sources of his ideas The second volume prints the exact texts of nine journals and three notebooks It reveals the shape of some of Emerson's enduring interests in embryo essays on the moral sense moral beauty taste greatness and fame friendship compensation and the unity of God and the universe Restored from oblivion are suppressed passages on the Negro and revelations of acute melancholy and rebelliousness These records of his developing thought are also the history of his early obscurity when the fame he sought was still painfully remote

The Journals and Miscellaneous Notebooks of Ralph Waldo Emerson: 1822-1826 Ralph Waldo Emerson, 1960 **The Return of King Arthur** Beverly Taylor, Elisabeth Brewer, 1983 The revival of interest in Arthurian legend in the 19th century was a remarkable phenomenon apparently at odds with the spirit of the age Tennyson was widely criticised for his choice of a medieval topic yet The Idylls of the King were accepted as the national epic and a flood of lesser works was inspired by them on both sides of the Atlantic Elisabeth Brewer and Beverly Taylor survey the course of Arthurian literature from 1800 to the present day and give an account of all the major English and American contributions Some of the works are well known but there are also a host of names which will be new to most readers and some surprises such as J Comyns Carr's King Arthur rightly ignored as a text but a piece of theatrical history for Sir Henry Irving played King Arthur Ellen Terry was Guinevere Arthur Sullivan wrote the music and Burne Jones designed the sets The Arthurian works of the Pre Raphaelites are discussed at length as are the poems of Edward Arlington Robinson John Masefield and Charles Williams Other writers have used the legends as part of a wider cultural consciousness The Waste Land David Jones's In Parenthesis and The Anathemata and the echoes of Tristan and Iseult in Finnegan's Wake are discussed in this context Novels on Arthurian themes are given their due place from the satirical scenes of Thomas Love Peacock's The Misfortunes of Elphin and Mark Twain's A Connecticut Yankee at King Arthur's Court to T H White's serio comic The Once and Future King and the many recent novelists who have turned away from the chivalric Arthur to depict him as a Dark Age ruler The Return of King Arthur includes a bibliography of British and American creative writing relating to the Arthurian legends from 1800 to the present day **Thinking Its Presence** Dorothy J.

Wang, 2013-12-04 When will American poetry and poetics stop viewing poetry by racialized persons as a secondary subject

within the field Dorothy J Wang makes an impassioned case that now is the time Thinking Its Presence calls for a radical rethinking of how American poetry is being read today offering its own reading as a roadmap While focusing on the work of five contemporary Asian American poets Li Young Lee Marilyn Chin John Yau Mei mei Berssenbrugge and Pamela Lu the book contends that aesthetic forms are inseparable from social political and historical contexts in the writing and reception of all poetry Wang questions the tendency of critics and academics alike to occlude the role of race in their discussions of the American poetic tradition and casts a harsh light on the double standard they apply in reading poems by poets who are racial minorities This is the first sustained study of the formal properties in Asian American poetry across a range of aesthetic styles from traditional lyric to avant garde Wang argues with conviction that critics should read minority poetry with the same attention to language and form that they bring to their analyses of writing by white poets
