## **The Journey From Kamakura:**

**The Journey from Kamakura** Glen C. Allison, 2003      *The Journey from Kamakura* Glen Allison, 2024-10-18 Winner Best First Book Fiction Benjamin Franklin Literary Awards Readers are swept along on travel photographer Grey Matheson's quest to find the most dazzling sights and exotic experiences the world has to offer In his drive to the peak of his profession Matheson is sabotaged by self-destructive tendencies that not only shatter his marriage but send him on a roller coaster ride that challenges his will to survive Roaming the globe in an ever-accelerating thirst for satisfaction he discovers that great photographs come at a price from nearly drowning in the riptides off Puerto Vallarta to being buried by a Tibetan avalanche Despite a cycle that takes him from begging on the streets of Amsterdam to blowing through a million dollars in a matter of months it's only when he comes face to face with a mysterious woman in Southeast Asia that his true journey begins leading to perceptions no photograph could ever portray      **Travelers of a Hundred Ages** Donald Keene, 1999 At once an intimate account of the diarist's life and a testimony to the greater struggles and advances of Japanese culture this book illuminates the hidden and largely unknown worlds of imperial courts Buddhist monasteries country inns and merchants' houses

**National Geographic Traveler: Japan, 4th Edition** Nicholas Bornoff, Perrin Lindelauf, 2013 Highlights the history, culture, and contemporary life of the country while offering mapped walking and driving tours and complete visitor information      **The Cambridge History of Japanese Literature** Haruo Shirane, Tomi Suzuki, 2015-12-31 The Cambridge History of Japanese Literature provides for the first time a history of Japanese literature with comprehensive coverage of the premodern and modern eras in a single volume The book is arranged topically in a series of short accessible chapters for easy access and reference giving insight into both canonical texts and many lesser-known popular genres from centuries-old folk literature to the detective fiction of modern times The various period introductions provide an overview of recurrent issues that span many decades if not centuries The book also places Japanese literature in a wider East Asian tradition of Sinitic writing and provides comprehensive coverage of women's literature as well as new popular literary forms including manga comic books An extensive bibliography of works in English enables readers to continue to explore this rich tradition through translations and secondary reading      **The Death of Old Yokohama** Otis Poole, 2010-10-18 It was almost noon in the picturesque city of Yokohama on Saturday September 1st 1923 when the first sway of one of the world's most destructive earthquakes was felt The first great shock lasted for four minutes and in that time every building in the city was destroyed together with 100 000 of its Japanese inhabitants and one eighth of its foreign community Other shocks followed and then fire which swept through the ruins with hurricane speed suffocating and burning to death thousands trapped in wreckage or trying to flee A first-hand account of the disaster told by a survivor this accurate and authentic account was written immediately after the earthquake and is here published with only minor additions and corrections      *Networks of Faith and Profit* Yiwen Li, 2023-06-08 A revisionist history showing how Buddhist monks and merchants fostered connections across

maritime East Asia from 839 to 1403 CE      *Rewriting Medieval Japanese Women* Christina Laffin, 2013-01-31 *Rewriting Medieval Japanese Women* explores the world of thirteenth century Japan through the life of a prolific noblewoman known as Nun Abutsu 1225-1283. Abutsu crossed gender and genre barriers by writing the first career guide for Japanese noblewomen, the first female authored poetry treatise and the first poetic travelogue by a woman, all despite the increasingly limited social mobility for women during the Kamakura era. 1185-1336 Capitalizing on her literary talent and political prowess, Abutsu rose from middling origins and single motherhood to a prestigious marriage and membership in an esteemed literary lineage. Abutsu's life is well documented in her own letters, diaries and commentaries as well as in critiques written by rivals, records of poetry events and legal documents. Drawing on these and other literary and historiographical sources including *The Tale of Genji*, author Christina Laffin demonstrates how medieval women responded to institutional changes that transformed their lives as court attendants, wives and nuns. Despite increased professionalization of the arts, competition over sources of patronage and rivaling claims to literary expertise, Abutsu proved her poetic capabilities through her work and often used patriarchal ideals of femininity to lay claim to political and literary authority. *Rewriting Medieval Japanese Women* effectively challenges notions that literary salons in Japan were a phenomenon limited to the Heian period 794-1185 and that literary writing and scholarship were the domain of men during the Kamakura era. Its analysis of literary works within the context of women's history makes clear the important role that medieval women and their cultural contributions continued to play in Japanese history.

Nichiren Jack Arden Christensen, 2001 Here is a chronicle of this important figure of Japanese Buddhism which tells of his conflicts with the rulers of his time and of his teachings. Nichiren was a Buddhist reformer who saw the Lotus Sutra as the cornerstone of the Dharma. His life and teachings continue to serve as an inspiration and guide for people's lives today.

**Cultural Imprints** Elizabeth Oyler, Katherine Saltzman-Li, 2022-02-15 *Cultural Imprints* draws on literary works, artifacts, performing arts and documents that were created by or about the samurai to examine individual imprints, traces holding specifically grounded historical meanings that persist through time. The contributors to this interdisciplinary volume assess those imprints for what they can suggest about how thinkers, writers, artists, performers and samurai themselves viewed warfare and its lingering impact at various points during the samurai age, the long period from the establishment of the first shogunate in the twelfth century through the fall of the Tokugawa in 1868. The range of methodologies and materials discussed in *Cultural Imprints* challenges a uniform notion of warrior activity and sensibilities, breaking down an ahistorical monolithic image of the samurai that developed late in the samurai age and that persists today. Highlighting the memory of warfare and its centrality in the cultural realm, *Cultural Imprints* demonstrates the warrior's far-reaching, enduring and varied cultural influence across centuries of Japanese history.

Shifting Shape, Shaping Text Steven Heine, 1999-12-01 According to the fox koan the second case in the Wu men kuan koan collection Zen master Pai chang encounters a fox who claims to be a former abbot punished through endless reincarnations for denying the efficacy of karmic causality In the end he is liberated by Pai chang's turning word which asserts the inexorability of cause and effect Most traditional interpretations of the koan focus on the philosophical issue of causality in relation to earlier Buddhist doctrines such as dependent origination and emptiness Dogen the founder of the Japanese Soto school devoted two fascicles of the Shobogenzo exclusively to the fox koan One fascicle supports a paradoxical view of causality and non causality the two being two sides of the same coin the second strongly attacks this interpretation and defends a literal reading that asserts causality and denies non causality Dogen's apparent change of heart on this topic has inspired scholars of the recent Critical Buddhist methodology to evaluate the merits and weaknesses in Zen's attitude toward ethical issues and social affairs Shifting Shape Shaping Text examines the fox koan in relation to philosophical and institutional issues facing the Ch'an Zen tradition in both Sung China and medieval and contemporary Japan Steven Heine integrates his own philological analysis of the koan textual analysis of koan collections and related literary genres in T'ang and Sung China folklore studies recent discourse theory Dogen studies and research on monastic codes and institutional history to craft an original and compelling work More specifically he illuminates a fascinating dimension of the entire Ch'an Zen tradition as he carefully lays out the philosophical issues in the koan concerning causality karma and enlightenment the ethical issues contained therein the bearing that certain interpretations of causality had on the creation of monastic codes and institutional security in China the relation between Zen and folk religion as revealed by the koan and the issue of possible antinomianism in Zen especially as grappled with by later thinkers such as Dogen and contemporary representatives of Critical Buddhism Finally he applies theories of high and low religion and contemporary discourse and in the process rethinks the theories and their applicability across cultures Far reaching yet rigorous Shifting Shape Shaping Text will not only attract the interest of Ch'an Zen specialists but also those studying folklore popular religion and issues concerning the nature of discourse and the relation between high and low religions      Travels with a Writing Brush, 2019-11-07 A rich exquisite and original anthology that illuminates Japanese travel writing over a thousand years Oh journey upon journey my life is a brief moment and I cannot hope that we will meet again Roaming over mountains and along perilous shores this anthology illuminates over a thousand years of Japanese travel writing It takes in songs diaries tales and poetry and ranges from famous works including The Pillow Book and the works of Basho to pieces such as the diary of a young girl who longs to return to the capital and her beloved books or the writings of travelling monks who sleep on pillows of grass Together they

illuminate a long literary tradition with intense poetic experience at its heart Translated and edited with an introduction by Meredith McKinney     **Umé San in Japan** Etta Austin Blaisdell McDonald, Julia Dalrymple, 1912     **Dogen** Steven Heine, 2021-12-21 An essential introduction to the life writings and legacy of one of Japan's most prolific Buddhist masters The founder of the Soto school of Zen in Japan Eihei Dogen 1200-1253 is one of the most influential Buddhist teachers of all time Although Dogen's writings have reached wide prominence among contemporary Buddhists and philosophers there is much that remains enigmatic about his life and writings In *Dogen Japan's Original Zen Teacher* respected Dogen scholar and translator Steven Heine offers a nuanced portrait of the master's historical context life and work paying special attention to issues such as The nature of the great doubt that motivated Dogen's religious quest The sociopolitical turmoil of Kamakura Japan that led to dynamic innovations in medieval Japanese Buddhism The challenges and transformations Dogen experienced during his pivotal time in China Key inflection points and unresolved questions regarding Dogen's teaching career in Japan Ongoing controversies in the scholarly interpretations of Dogen's biography and teachings Synthesizing a lifetime of research and reflection into an accessible narrative this new addition to the *Lives of the Masters* series illuminates thought provoking perspectives on Dogen's character and teachings as well as his relevance to contemporary practitioners
