**Beyond Great** Arindam Bhattacharya, Nikolaus Lang, Jim Hemerling, 2020-10-06. Great is no longer good enough. Beyond Great delivers a powerful new playbook of 9 core strategies to thrive in a post-COVID world where all the rules of the game are being re-written. Beyond Great answers two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological, economic, and social change. First, what is outstanding performance in this new volatile era? Second, how do we build competitive advantage in a world with new and often uncertain rules? Supported by years of research and hands-on consulting practice, this book presents a comprehensive framework for building a high-performing, resilient, adaptive, and socially responsible global company. The book begins by taking an incisive look at these disruptive forces transforming globalization, including economic nationalism, the boom in data flows and digital commerce, the rise of China, heightened public concerns about capitalism and the environment, and the emergence of borderless communities of digitally connected consumers. Distilled from the study of hundreds of companies and interviews with dozens of business leaders, the authors have distilled nine core strategies, the new winning playbook of the 21st century. Beyond Great argues that business leaders today must lead with a new kind of openness, flexibility, and light-footedness, constantly layering in new strategies and operational norms atop existing ones to allow for always-on transformation. Leaders must master a whole new set of rules about what it takes to be global, becoming shapeshifters adept at handling contradiction, multiplicity, and nuance. This book will show them how.

**Wolf's Head, Wolf's Heart** Jane Lindskold, 2007-04-01. A tale of humane wolves, beastly men, and a brilliant heroine who must find her way in a dangerous world. Raised by intelligent language-using wolves, brought back to the human society at the court of Hawk Haven, young Firekeeper had to learn to cope with human society and its complexities and discovered that for someone raised in a wolf pack, the politics of a royal court were neither complex nor wholly unfamiliar. But the happy ending of *Through Wolf's Eyes* has proved to have consequences. Hawk Haven and Bright Bay are unifying, but the power balance of the neighboring lands is threatened by this prospect. New intrigues abound. The rulers of Bright Bay, it transpires, have been hoarding a collection of forbidden magical artifacts which Queen Gustin took with her when she abdicated, intending to use them to restore her power. Melina Shield is still scheming to obtain them, and she's older, smarter, and more devious than the Queen. And the even more devious civil service of neighboring New Kelvin would like to get their hands on that magic as well. Which will make life very hard for Firekeeper. Because the powers of the world have decided who'll be required to obtain those much-contended-for magical articles. It'll be her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
