Carbone, Hannah Cornwell, Anton Powell, 2020-12-15 Coins of the best known Roman revolutionary era allow rival pretenders to speak to us directly After the deaths of Caesar and Cicero in 44 and 43 BC hardly one word has been reliably transmitted to us from even the two most powerful opponents of Octavian Mark Antony and Sextus Pompeius except through coinage and the occasional inscription The coins are an antidote to a widespread fault in modern approaches the idea from hindsight that the Roman Republic was doomed that the rise of Octavian Augustus to monarchy was inevitable and that contemporaries might have sensed as much Ancient works in other genres skilfully encouraged such hindsight Augustus in the *Res Gestae* and Virgil in *Georgics* and *Aeneid* sought to flatten the history of the period and largely to efface Octavian's defeated rivals But the latter's coins in precious metal were not easily recovered and suppressed by Authority They remain for scholars to revalue In our own age when public untruthfulness about history is increasingly accepted or challenged we may value anew the discipline of searching for other ancient voices which ruling discourse has not quite managed to silence In this book eleven new essays explore the coinage of Rome's competing dynasts Julius Caesar's coins and those of his son Octavian Augustus are studied But similar and respectful attention is given to the issues of their opponents Cato the Younger and Q Metellus Scipio Mark Antony and Sextus Pompeius Q Cornificius and others A shared aim is to understand mentalities the forecasts current in an age of rare insecurity as the superpower of the Mediterranean faced and slowly recovered from division and ruin The Classical Review , 1901 This companion to the *Classical Quarterly* contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year **The Numismatic Chronicle** , 1910 The rules of the Numismatic Society of London bound with New Series v 1 A Numismatic Manual John Yonge Akerman, 1840 **A numismatica manual** John Y.
