The Persian Plot:

Varqa Ve Gūlshāh Yūsuf-i Meddāh,1976 **The Old Testament Short Story** Carmel McCarthy,William Riley,1986 The recent emphasis placed on the study of narrative has found its way into theological studies Essentially this volume is an exploration of narrative and of the significant fact that the Jewish and Christian communities have continued over the centuries to tell stories that they reverence as the Word of God *The Classical Plot and the Invention of Western Narrative* N. J. Lowe,2000-06 From Homer to Hollywood the western storytelling tradition has canonised a distinctive set of narrative values characterised by tight economy and closure This book traces the formation of that classical paradigm in the development of ancient storytelling from Homer to Heliodorus To tell this story the book sets out to rehabilitate the idea of plot notoriously disconnected from any recognised system of terminology in literary theory The first part of the book draws on developments in narratology and cognitive science to propose a way of formally describing the way stories are structured and understood This model is then used to write a history of the emergence of the classical plot type in the four ancient genres that shaped it Homeric epic fifth century tragedy New Comedy and the Greek novel with insights into the fundamental narrative poetics of each *The Original Story* John Barton,Julia Bowden,2005-07-28 The Original Story is a comprehensive and lively guide to the Old Testament offering an essential introduction for readers of all faiths and none It provides a complete course covering history archaeology geography and textual interpretation **The Aggada of the Bavli and Its Cultural World** Geoffrey Herman,Jeffrey L. Rubenstein,2018-08-10 Essays that explore the rich engagement of the Talmud with its cultural world The Babylonian Talmud Bavli the great compilation of Jewish law edited in the late Sasanian era sixth seventh century CE also incorporates a great deal of aggada that is nonlegal material including interpretations of the Bible stories folk sayings and prayers The Talmud s aggadic traditions often echo conversations with the surrounding cultures of the Persians Eastern Christians Manichaeans Mandaeans and the ancient Babylonians and others The essays in this volume analyze Bavli aggada to reveal this rich engagement of the Talmud with its cultural world Features A detailed analysis of the different conceptions of martyrdom in the Talmud as opposed to the Eastern Christian martyr accounts Illustration of the complex ways rabbinic Judaism absorbed Christian and Zoroastrian theological ideas Demonstration of the presence of Persian Zoroastrian royal and mythological motifs in talmudic sources **Veiling Esther, Unveiling Her Story** Adam J. Silverstein,2018 This book examines the ways in which the Biblical Book of Esther was read understood and used in Muslim lands from ancient to modern times It features case studies covering works from various periods and regions of the Muslim world *The Dvādas Bhāv, A Mughal version of a Sanskrit story* Anjali Duhan-Gulia,2025-10-27 The Mughal emperor Akbar had a Sanskrit book called the Dv das Bh v translated to Farsi Dismembered pages or painted folios from this manuscript were dispersed in auctions This is the first time this book has been put back together and translated into English The study reveals how the thirteen paintings that interspersed this text were intrinsic to communicating its meaning This

was not the first or last Sanskrit work to be translated to Farsi or be illustrated for a Muslim monarch in Hindustan The Mughals and some of the Sultans before them recognized the significance of Indian knowledge traditions This book however provides insight into what went into such translations Who decided which text should be translated and what governed the decisions **A Glimpse Into the Work of the B.B.R.A. Society During the Last 100 Years, from a Parsee Point of View** Jivanji Jamshedji Modi,1905 *Plotting with Eros* Ingela Nilsson,2009 This volume aims at providing both students and scholars with a series of discussions of the long tradition of reading and writing the erotic seen from a number of different perspectives **HIS-STORY ON HOW THE WORD CAME TO BE** Randall Cripps,2012-08-31 Every faith in the world is based on fabrication That is the definition of faith acceptance of that which we imagine to be true that which we cannot prove Every religion describes God through metaphor allegory and exaggeration from the Early Egyptians through modern Sunday school Metaphors are a way to help our minds process the Unprocessable The problems arise when we begin to believe literally in our own metaphors Religious allegory has become a part of the fabric of reality And living in that reality helps millions of people cope and be better people
