Gelinas, 2025-08-27

Have you ever walked into a room and known immediately that something was off Maybe your skin tingled or your stomach clenched maybe you noticed how eyes were averted or chatter was strained Or maybe the opposite was true and you were walking into a place of safety and comfort where your breathing came more easily your heart rate calmed and your tension melted away In this groundbreaking interdisciplinary book Alan Briskin and Mary V Gelinas weave together a combined eighty years of experience in social psychology systems thinking and contemplative practices to explain how fields influence us physically emotionally and intuitively often without our conscious awareness What if we could learn to pay attention to these fields that are operating in and around us understand their messages and use them to act more intentionally and compassionately Discover how awareness of these dynamic spaces can help foster collaborative relationships bridge social political and religious divides and effect more constructive meaningful and lasting change The Police Anthology

(Songbook) The Police, 2007-09-01 Piano Vocal Guitar Artist Songbook 28 megahits spanning the incredible career of this rock threesome Includes Can t Stand Losing You Don t Stand So Close to Me Driven to Tears Every Breath You Take Every Little Thing She Does Is Magic King of Pain Message in a Bottle Regatta De Blanc Roxanne So Lonely Spirits in the Material World Wrapped Around Your Finger more **The Words and Music of Sting** Christopher R. Gabel, Christopher Gable, 2008-12-30 Sting has successfully established himself as one of the most important singer songwriters in Western popular music over the past twenty years His affinity for collaborative work and disparate musical styles has pushed his music into an astonishing array of contexts but no matter what the style or who the collaborator Sting s voice always remains distinct and this fact has earned him success amongst a correspondingly broad audience The Words and Music of Sting subdivides Sting s life and works into rough periods of creative activity and offers a fantastic opportunity to view Sting s many stylistic changes within a coherent general framework After analyzing Sting s musical output album by album and song by song author Christopher Gable sums up Sting s accomplishments and places him on the continuum of influential singer

songwriters showing how he differs and relates to other artists of the same period Aside from his commercial success Sting is also interesting for the use of recurring themes in his lyrics such as family relationships love war spirituality and work and for his use of jazz and world music to illustrate or work against the meaning of a song Sting s life also sheds light on his music as his working class roots in Newcastle England are never far removed from his international superstardom Throughout his life he has been musically open minded and inquisitive always seeking out new styles and often incorporating them into his compositions
