The Gun Dilemma Robert J. Spitzer, 2023 In *The Gun Dilemma* Robert J. Spitzer examines this gun rights 20 movement in the light of a host of gun controversies assault weapons ammunition magazines silencers public gun brandishing and display and the emergent Second Amendment sanctuary movement Given the importance of actual gun law history to this debate Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court Revealing and illuminating as that history is he argues that we should not be straitjacketed by that history but rather informed by it as the nation struggles with how to frame its gun policies

Guns across America Robert Spitzer, 2015-04-13 In vast swathes of America the sacredness of the Second Amendment has become a political third rail never to be questioned Gun rights supporters wear tri cornered hats wave the stars and stripes and ask what would have happened if the revolutionaries had been unarmed when the British were coming They have had great success in conflating unfettered gun ownership with the Founding Fathers the Constitution and all things American even in an era of repeated mass shootings Yet the all too familiar narrative of America's gun past echoed in the Supreme Court's *Heller* gun rights decision is not only mythologized but historically wrong As Robert J. Spitzer demonstrates in *Guns across America* gun ownership is as old as the nation but so is gun regulation Drawing on a vast new dataset of early gun laws reflecting every imaginable type of regulation Spitzer reveals that firearms were actually more strictly regulated in the country's first three centuries than in recent years The first gun grabbers were not 1960's Chablis drinking liberals but seventeenth century rum guzzling pioneers and their legacy continued through strict gun regulations in the 1920s and beyond Spitzer examines interpretations of the Second Amendment the assault weapons controversy modern stand your ground laws and the so called right of rebellion to show that they play out in America's contemporary political landscape in ways that bear little resemblance to our imagined past And as gun rights proponents seek to roll back gun laws and press as many guns into as many hands as possible warning that gun rights are endangered they sidestep the central question are stricter gun laws incompatible with robust gun rights Spitzer answers this question by examining New York State's tough gun laws where his political analysis is complemented by his own quest for a concealed carry handgun permit and construction of a legal AR 15 assault weapon Not only can gun rights and rules coexist but they have throughout American history *Guns across America* reveals the long hidden truth that gun regulations are in fact as American as apple pie

Reducing Gun Violence in America Daniel W. Webster, Jon S. Vernick, 2013-01-25 The staggering toll of gun violence, which claims 31,000 U.S. lives each year, is an urgent public health issue that demands an effective evidence-based policy response. The Johns Hopkins University convened more than 20 of the world's leading experts on gun violence and policy to summarize relevant research and recommend policies that are both constitutional and have broad public support. Collected for the first time in one volume, this reliable empirical research and legal analysis will help lawmakers, opinion leaders, and concerned citizens identify policy changes to address mass shootings along with the less publicized gun violence that takes an average of 80 lives every day. Selected recommendations include: Background checks; Establish a universal background check system for all persons purchasing a firearm from any seller; High risk individuals; Expand the set of conditions that disqualify an individual from legally purchasing a firearm; Mental health; Focus federal restrictions on gun purchases by persons with serious mental illness on the dangerousness of the individual; Trafficking and dealer licensing; Appoint a permanent director to ATF and provide the agency with the authority to develop a range of sanctions for gun dealers who violate gun sales or other laws; Personalized guns; Provide financial incentives to states to mandate childproof or personalized guns; Assault weapons and high capacity magazines; Ban the future sale of assault weapons and the future sale and possession of large capacity ammunition magazines; Research funds; Provide adequate federal funds to the Centers for Disease Control and Prevention; National Institutes of Health and National Institute of Justice for research into the causes and solutions of gun violence. The book includes an analysis of the constitutionality of many recommended policies and data from a national public opinion poll that reflects support among the majority of Americans, including gun owners, for stronger gun policies.

Exit Wounds Ieva Jusionyte, 2025-04 Turns the familiar story of trafficking across the US-Mexico border on its head, looking at firearms smuggled south from the United States to Mexico and their ricochet effects. American guns have entangled the lives of people on both sides of the US-Mexico border in a vicious circle of violence. After treating wounded migrants and refugees seeking safety in the United States, anthropologist Ieva Jusionyte boldly embarked on a journey in the opposite direction, following the guns from dealers in Arizona and Texas to crime scenes in Mexico. An expert work of narrative nonfiction, *Exit Wounds* provides a rare intimate look into the world of firearms trafficking and urges us to understand the effects of lax US gun laws abroad. Jusionyte masterfully weaves together the gripping stories of people who

live and work with guns north and south of the border a Mexican businessman who smuggles guns for protection a teenage girl turned trained assassin two US federal agents trying to stop gun traffickers and a journalist who risks his life to report on organized crime Based on years of fieldwork *Exit Wounds* expands current debates about guns in America grappling with US complicity in violence on both sides of the border *Dismantling of the Bureau of Alcohol, Tobacco, and Firearms* United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1983 *Assault Weapons* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1990
