**Ireland and Irish-Australia** Oliver MacDonagh, W. F. Mandle, 2024-09-02 The Irish contribution to Australian history goes both deep and wide Originally published in 1986 the essays in this collection contribute both to the understanding of Ireland's place in Australian history and to the interpretation of the Irish scene in the nineteenth century Ranging from law to W B Yeats and from monumental sculpture to violence and crime the papers reflect the diversity of the Irish Australian experience and the persistence of a distinctively Irish culture even when transported across the world

**Ireland's New Worlds** Malcolm Campbell, 2007-11-14 In the century between the Napoleonic Wars and the Irish Civil War more than seven million Irish men and women left their homeland to begin new lives abroad While the majority settled in the United States Irish emigrants dispersed across the globe many of them finding their way to another New World Australia Ireland's New Worlds is the first book to compare Irish immigrants in the United States and Australia In a profound challenge to the national histories that frame most accounts of the Irish diaspora Malcolm Campbell highlights the ways that economic social and cultural conditions shaped distinct experiences for Irish immigrants in each country and sometimes in different parts of the same country From differences in the level of hostility that Irish immigrants faced to the contrasting economies of the United States and Australia Campbell finds that there was much more to the experiences of Irish immigrants than their essential Irishness America's Irish for example were primarily drawn into the population of unskilled laborers congregating in cities while Australia's Irish like their fellow colonialists were more likely to engage in farming Campbell shows how local conditions intersected with immigrants Irish backgrounds and traditions to create surprisingly varied experiences in Ireland's new worlds Outstanding Book selected by the American Association of School Librarians and Best Books for Special Interests selected by the Public Library Association Well conceived and thoroughly researched This clearly written thought provoking work fulfills the considerable ambitions of comparative migration studies Choice

The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then

international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

**Australia and the Empire** Arthur Patchett Martin, 1889 A collection of essays all touching on the relations of Australia with the rest of the Empire particularly Great Britain The last article deals with colonial governors **Only in Australia** William Coleman, 2016 This volume analyses how Australia's economic and social policy diverges from that of the wider Anglophone world It looks at diverse issues such as labour market regulation taxation and political power and voting **The Irish in Australia** Jarlath Ronayne, 2003 The Irish in Australia is highly readable and controversial account of the extraordinary influence of a network of Irish graduates on law learning and politics in nineteenth century Australia The meticulously researched narrative weaves elegantly in and out of the established Australian colonial story negotiating major events and characters and arcane byways with equal assurance Jarlath Ronayne writes with an engaging irony and wit and offers a radically different perspective on the inexhaustibly interesting subject the Irish in Australia and on the Australian story generally The Irish in Australia and New Zealand Trevor Parkhill, William Roulston, 2024-05-26 It is estimated that 8 million men women and children emigrated from Ireland in the nineteenth century of whom some five per cent a not insignificant proportion found their way to Australia and New Zealand Just as significantly The Oxford Companion to Irish History 1998 p 31 considers that Irish migrants made up nearly a quarter of all immigrants to Australia during that period The significance of the historic links between Ireland particularly the nine counties of the historic province of Ulster and Australia and New Zealand are explored in The Irish in Australia and New Zealand A Resource for Family Historians

**Ireland, Australia and New Zealand** Laurence M. Geary, Andrew J. McCarthy, 2008 Twenty contributors offer a fascinating range and diversity of explorations of Irish Australian New Zealand shared culture including material culture folk culture literature music dance architecture written and oral cultural transmission cultural influences intercommunal cultural transference and cultural assimilation and dissemination Often neglected political links are explored with Carla King assessing the impact of Michael Davitt's Australian tour in 1895 on his subsequent radical politics De Valera's only visit to Australia New Zealand in 1948 as part of his anti partition world tour analysed in the context of media both in Ireland Ru n O'Donnell explores uncharted territory in reviewing perceptions of the IRA in mid twentieth century Australia Literary contributions range from Frances Devlin Glass's reconsideration of Mary Durack's Kings in Grass Castles to Brega Webb's engaging biographical study of Mary Anne Kelly better known as Eva of the Nation for her poetic contributions in the lead in

to the suppression of the Young Ireland press in 1848 There is a balance between particular experiences of emigrants and a reassessment of some traditional views Academics including Brad Patterson Malcolm Campbell and Lyndon Fraser explore many of these issues with new material and reconsiderations of traditional approaches Irish history abounds with biographies and the book contains some fascinating Irish personalities who contributed enormously to the making of Australia ranging from an engineer a lawyer a musicians and a diplomat The Irish have always impacted of course and Richard Davis provides a splendid historical survey of the influence of the Irish on Van Diemen s Land Tasmania from Bushrangers to Celtic Tiger
