The Japanese Box

Robert D. Eldridge, Jason M. Morgan

The Japanese Box:

The Japanese Box, 2001 *We, the Japanese People* Dale M. Hellegers, 2001 This is the definitive story of how the United States attempted to turn Japan into a democratic and peace loving nation by drafting a new constitution for its former enemy and then pretending that the Japanese had written it Based on scores of interviews with participants in the process as well as exhaustive research in Japanese and American records the book explores in vivid detail the thinking and intentions behind the drafting of the constitution Confusion and strife marked planning for the democratization of Japan first in Washington then in occupied Tokyo Policy makers in the State War and Navy departments the Joint Chiefs and the White House contended bitterly over how to devise an unconditional surrender that would minimize Allied casualties while according the victor supreme authority over a soundly defeated Japan By war s end there were still no firm guidelines on a host of crucial issues including how the Japanese system of government could be made acceptably democratic The first months of occupation were chaotic with General MacArthur organizing his staff around loyal followers and edging out experts sent from Washington Hampered by a narrow interpretation of the terms of surrender and wishful thinking about Japanese compliance with American expectations MacArthur set in motion a fiasco Because of a translator s error Prince Konoye three time Prime Minister of Japan thought MacArthur had entrusted him with revising the Japanese constitution and assembled a staff of constitutional law experts and set to work However conservatives in the Japanese cabinet denounced his efforts and produced their own version which MacArthur found unacceptable MacArthur then secretly instructed his staff with its very limited knowledge of either Japan or constitutional law to draft a new Japanese constitution which amazingly they did in a week s time Expecting approval of its own draft the Japanese cabinet was stunned when presented with a completely different American document So unrelenting was the pressure exerted by MacArthur s officers that it was clear to members of the cabinet they had no choice but to adopt the American draft more or less intact and publish it as their own Because of the broad range of its meticulous research the book will be a standard reference not only for students of Japanese history but also for legal scholars diplomatic historians and political scientists **The United States and the Japanese Student Movement, 1948-1973** Naoko Koda, 2020-09-30 The author argues that interactions between the movement and US Cold Warriors had a profound and lasting impact on Japanese society and Japan US relations *The Japanese Knotweed Manual* Lois Elizabeth Child, Paul Maxwell Wade, 2000-11-01 The Japanese knotweed manual [What Future for Japan?](#) Rudolf Janssens, 2023-07-10 Within a few months after the attack on Pearl Harbor the United States government began to plan a policy for a defeated Japan In order to avoid any future attacks on the United States Japanese society had to be changed Politicians Japan specialists historians political scientists and anthropologists debated the future of Japan Topics ranged from the future role of the Emperor and politics to Japanese economy to re education of the Japanese people Eventually an overall policy for postwar Japan was formulated which was to a high degree executed by General Douglas

MacArthur during the Occupation of Japan This study is based on research in the records of the government policy planners both private papers and official records It is the first book length study of the American planning for the occupation of Japan including the drafting of policy not only in the State Department but also in the War Department Office of Strategic Services and the Office of War Information The analysis focuses on the development of strategies for remodeling postwar Japan as well as on the meaning of Japan constructed by various planners and decision makers and the impact of their constructions on American Occupation policy

Negotiating the U.S.-Japan Alliance Yukinori Komine, 2016-12-19 Cover Title

Paradoxical Japaneseness Andrew Dorman, 2016-11-22 This book offers insightful analysis of cultural representation in Japanese cinema of the early 21st century The impact of transnational production practices on films such as Dolls 2002 Sukiyaki Western Django 2007 Tetsuo The Bullet Man 2009 and 13 Assassins 2010 is considered through textual and empirical analysis The author discusses contradictory forms of cultural representation cultural concealment and cultural performance and their relationship to both changing practices in the Japanese film industry and the global film market Case studies take into account popular genres such as J Horror and jidaigeki period films as well as the work of renowned filmmakers Takeshi Kitano Takashi Miike Shinya Tsukamoto and Kiyoshi Kurosawa

The Avicultural Magazine , 1920

Altered States Michael Schaller, 1997 Here is an eye opening history of U S Japan relations from the end of World War II to the present revealing startling complexities Acclaimed political history writer Michael Schaller reveals that most of what we criticize today in Japan s behavior stems directly from U S occupation policy of the 1950s

Narrative of the Expedition to the China Seas and Japan, 1852-1854 Commodore M. C. Perry, 2000-01-01 Enhanced with over 200 rare illustrations this thrilling firsthand account relates the tension and triumph attendant upon Perry s mission to establish Japanese American diplomatic relations Drawn from the journals of the commodore and his officers the narrative also features entries from diaries and official correspondence and reports all brimming with revealing anecdotes

Global Communication Thomas L. McPhail, 2013-12-02 Global Communication is the most definitive text on multi national communication and media conglomerates exploring how global media influences both audiences and policy makers around the world This new edition is comprehensively updated to reflect the many fast moving developments associated with this dynamic field A new edition of the most definitive text on multi national communication and media conglomerates each chapter updated with extensive new details Covers the expanding area of global communication and describes major

multimedia conglomerates particularly in the USA including the purchase of NBC Universal by Comcast and Disney's expansion in China Includes new information on the phone hacking scandal by News Corporation's employees in the UK Explains the significant changes in the communication industry both in the US and elsewhere Chronicles the continuing story of the development of Arab Media with new coverage on the Arab Spring Offers an updated companion website with instructor's manual test banks and student activities available upon publication at www.wiley.com/go/mcphail **Anime** Jonathan Clements, 2019-07-25 This comprehensive history of Japanese animation draws on Japanese primary sources and testimony from industry professionals to explore the production and reception of anime from its origins in Japanese cartoons of the 1920s and 30s to the international successes of companies such as Studio Ghibli and Nintendo films such as *Spirited Away* and video game characters such as Pokémon **The U.S. Army and World War II** Judith Bellafaire, 1998 The U.S. Army and World War II is an anthology of selected papers from three international conferences held in 1990 1992 and 1994 on the Army's role in the war Taking the best from those meetings Judith L. Bellafaire has organized the various presentations into four thematic categories prewar planning the home front the European theater and the Asian Pacific theaters reflecting the diversity of both the war and the interest of those seeking to understand its many facets In these carefully edited papers one will find the more conventional treatments of doctrine strategy and operations side by side with those focusing on military mobilization and procurement race and gender psychological warfare and large scale advice and assistance programs Despite significant changes in military technology and the geopolitical landscape of the world since those desperate times the human problems highlighted by the authors are not much different from many of those facing Army leaders today Although the past can never provide the specific recipes needed for the future experience has shown that both the basic ingredients and the manner in which they are prepared and processed have remained remarkably constant Those grappling with the challenges of stability operations and other contingency missions in support of the Global War on Terrorism will find this collection of readings invaluable Japan in the 1960s Robert D. Eldridge, Jason M. Morgan, 2024-08-05 Eldridge and Morgan set a new paradigm for East Asian contemporary historiography by viewing the decade of the 1960s as hermeneutically powerful From street battles over Japan's security treaty with the United States to a peace treaty with the former Japanese territory of South Korea to Japan's hosting the 1964 Summer Olympics the 1960s in Japan was a decade of turning points This book is the first to see the 1960s as a historical subject in its own right and argues that the specificity and internal complexity rooted in East Asia during this period showed how East Asians were dynamic agents in shaping the decade In this volume contributors consider Japanese responses to a 1961 coup in the Republic of Korea the Sat Eisaku administration's approach to nuclear deterrence and to the question of Okinawa's return from American control U.S. Japan intellectual exchange during the Cold War support by Japanese businesspeople for the Self Defense Forces the soft power of Japanese cinema in the 1960s Japan's understanding of 1960s United Nations peacekeeping

operations changes in national polity discourse in the 1960s the Dalai Lama's 1967 visit to Japan economic development in and cultural exchange between 1960s Japan and Spain Japan's science and technology interactions with the United States and the earliest known and suspected cases of North Korean abduction of Japanese citizens Much of the information in this volume has never appeared in English before This is an important volume for historians political scientists sociologists and other scholars specializing in the twentieth century and those interested in cutting edge history writing about a transformative 10 year period in East Asia

The Tokyo War Crimes Trial Yuma Totani, 2020-03-17 This book assesses the historical significance of the International Military Tribunal for the Far East IMTFE commonly called the Tokyo trial established as the eastern counterpart of the Nuremberg trial in the immediate aftermath of World War II Through extensive research in Japanese American Australian and Indian archives Yuma Totani taps into a large body of previously underexamined sources to explore some of the central misunderstandings and historiographical distortions that have persisted to the present day Foregrounding these voluminous records Totani disputes the notion that the trial was an exercise in victors justice in which the legal process was egregiously compromised for political and ideological reasons rather the author details the achievements of the Allied prosecution teams in documenting war crimes and establishing the responsibility of the accused parties to show how the IMTFE represented a sound application of the legal principles established at Nuremberg This study deepens our knowledge of the historical intricacies surrounding the Tokyo trial and advances our understanding of the Japanese conduct of war and occupation during World War II the range of postwar debates on war guilt and the relevance of the IMTFE to the continuing development of international humanitarian law

Lyndon Johnson Confronts the World Warren I. Cohen, Nancy Bernkopf Tucker, 1994 A comprehensive review of the foreign policy of the Lyndon Johnson era demonstrates U S concern not only with the Soviet Union Europe and nuclear weapons issues but the overwhelming preoccupation with Vietnam that shaped policy throughout the world

The Cross in the Dark Valley A. Hamish Ion, 2006-01-01 In this pioneer study Ion investigates the experience of the Canadians who were part of the Protestant missionary movement in the Japanese Empire He sheds new light on the dramatic challenges faced by foreign missionaries and Japanese Christians alike in what was the watershed period in the religious history of twentieth century East Asia The Cross in the Dark Valley delivers significant lessons for Christian and missionary movements in Asia Africa the Americas and Europe which even now have to contend with oppression from authoritarian regimes and with hostility This new book by A Hamish Ion written with objectivity and scholarly competence will be of interest to all scholars of Japanese Canadian relations and missionary studies as well as to general historians

The Triumph of Internationalism David F. Schmitz, 2007 When Franklin D Roosevelt became president in March 1933 he initially devoted most of his attention to finding a solution to the Great Depression But the pull of war and the results of FDR's foreign policy ultimately had a deeper and more transformative impact on U S history The Triumph of Internationalism offers a fresh

concise analysis and narrative of FDR's foreign policy from 1933 to America's entry into World War II in 1941. David Schmitz covers the attempts to solve the international economic crisis of the Great Depression, the Good Neighbor Policy in Latin America, the U.S. response to war in Europe and the Pacific, and other topics of this turbulent era. Schmitz describes Roosevelt as an internationalist who set out to promote U.S. interests abroad short of direct intervention. He tried to make amends for past transgressions with the nation's southern neighbors, eventually attempted to open and promote international trade to foster economic growth, and pursued containment policies intended to halt both the Japanese threat in the Pacific through deterrence and German aggression in Europe through economic appeasement. When his policies regarding the Axis powers failed, he began educating the American public about the dangers of Axis hegemony and rearming the nation for war. This effort required a profound shift in the American mind set, given the prevailing isolationism, the disillusionment with America's involvement in World War I, and the preoccupation with domestic problems. A less powerful president would likely have failed or perhaps not even attempted to alter the prevailing public opinion. FDR revived American internationalism and reshaped the public's understanding of the national interest and defense. Roosevelt's policies and the outcome of World War II made the United States a superpower without equal.

Democratizing the Enemy Brian Masaru Hayashi, 2010-12-16. During World War II, some 120,000 Japanese Americans were forcibly removed from their homes and detained in concentration camps in several states. These Japanese Americans lost millions of dollars in property and were forced to live in so-called assembly centers surrounded by barbed wire fences and armed sentries. In this insightful and groundbreaking work, Brian Hayashi reevaluates the three-year ordeal of interned Japanese Americans. Using previously undiscovered documents, he examines the forces behind the U.S. government's decision to establish internment camps. His conclusion: the motives of government officials and top military brass likely transcended the standard explanations of racism, wartime hysteria, and leadership failure. Among the other surprising factors that played into the decision, Hayashi writes, were land development in the American West and plans for the American occupation of Japan. What was the long-term impact of America's actions? While many historians have explored that question, Hayashi takes a fresh look at how U.S. concentration camps affected not only their victims and American civil liberties but also people living in locations as diverse as American Indian reservations and northeast Thailand.

Cinema and the Cultural Cold War Sangjoon Lee, 2020-12-15. *Cinema and the Cultural Cold War* explores the ways in which postwar Asian cinema was shaped by transnational collaborations and competitions between newly independent and colonial states at the height of Cold War politics. Sangjoon Lee adopts a simultaneously global and regional approach when analyzing the region's film cultures and industries. New economic conditions in the Asian region and shared postwar experiences among the early cinema entrepreneurs were influenced by Cold War politics, U.S. cultural diplomacy, and intensified cultural flows during the 1950s and 1960s. By taking a closer look at the cultural realities of this tumultuous period, Lee comprehensively reconstructs Asian film history in light of the international relationships forged

broken and re established as the influence of the non aligned movement grew across the Cold War Lee elucidates how motion picture executives creative personnel policy makers and intellectuals in East and Southeast Asia aspired to industrialize their Hollywood inspired system in order to expand the market and raise the competitiveness of their cultural products They did this by forming the Federation of Motion Picture Producers in Asia co hosting the Asian Film Festival and co producing films Cinema and the Cultural Cold War demonstrates that the emergence of the first intensive postwar film producers network in Asia was in large part the offspring of Cold War cultural politics and the product of American hegemony Film festivals that took place in cities as diverse as Tokyo Singapore Hong Kong and Kuala Lumpur were annual showcases of cinematic talent as well as opportunities for the Central Intelligence Agency to establish and maintain cultural political and institutional linkages between the United States and Asia during the Cold War Cinema and the Cultural Cold War reanimates this almost forgotten history of cinema and the film industry in Asia
