The Jazz People Of New Orleans:

Jazz in New Orleans Charles Suhor, 2001-04-11 Jazz in New Orleans provides accurate information about and an insightful interpretation of jazz in New Orleans from the end of World War II through 1970 Suhor relying on his experiences as a listener a working jazz drummer and writer in New Orleans during this period has done a great service to lovers of New Orleans music by filling in some gaping holes in postwar jazz history and cutting through many of the myths and misconceptions that have taken hold over the years Skillfully combining his personal experiences and historical research the author writes with both authority and immediacy The text rich in previously unpublished anecdotes and New Orleans lore is divided into three sections each with an overview essay followed by pertinent articles Suhor wrote for national and local journals including Down Beat and New Orleans Magazine Section One Jazz and the Establishment focuses on cultural and institutional settings in which jazz was first battered then nurtured It deals with the reluctance of power brokers and the custodians of culture in New Orleans to accept jazz as art until the music proved itself elsewhere and was easily recognizable as a marketable commodity Section Two Traditional and Dixieland Jazz highlights the music and the musicians who were central to early jazz styles in New Orleans between 1947 and 1953 Section Three An Invisible Generation will help dispel the stubborn myth that almost no one was playing be bop or other modern jazz styles in New Orleans before the current generation of young artists appeared in the 1980s

self interest Together they find a way to connect through music even if the road gets a little bumpy at times A standard bearer for New Orleans s jazz drumming tradition Martyn remains one of the city s busiest musicians and most avid promoters of New Orleans music In *Walking with Legends* he honors the legacies of the African American musicians who taught and inspired him and affirms the importance of the human relationships that make the music possible **The Jazz People of New Orleans** Lee Friedlander,1992 This book reflects the passionate interest the author has in music especially the musicians of New Orleans whom he has been photographing since 1957 New Orleans the birthplace of jazz was once home to such legends as Louis Armstrong and King Joe Oliver Friedlander has photographed most of them musicians like Manuel Fess Manetta who was playing with bands before World War I and who tried to teach Louis Armstrong to play with two trumpets at once Johnny St Cyr George Kid Sheik Cola Sweet Emma Barrett Isidore Barbarin and Roosevelt Sykes blues singers and guitarists Robert Pete Williams and Snooks Eaglin Jazz People Dan Morgenstern,1993-08-21 This work portrays the giants of jazz relates what they achieved and tells how they made their way in a world not always ready for them The text offers a clear informative history of the art and the photographs present Coleman Hawkins Count Basie Charles Mingus Benny Goodman Louis Armstrong and scores of others These haunting photographs are supplemented with some rare vintage prints to tell the whole story of jazz from Buddy Bolden to Anthony Braxton Encyclopedia of the Harlem Renaissance Cary D.
