applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements lead by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis      *A Hebrew Encyclopedia of the Thirteenth Century. **Theodore Von Neuhoff, King of Corsica** Julia Gasper,2013 A visionary and a madman was how one British statesman Lord Carteret described Theodore von Neuhoff This exciting biography Theodore von Neuhoff King of Corsica The Man behind the Legend by Julia Gasper traces the unlikely career of the German baron who in 1736 had himself crowned the King of Corsica Theodore von Neuhoff's career spanned the entire European continent and his role in the Corsican rebellion against Genoa was as bold and unconventional as everything else in his life Mixing with royalty rogues and rabble he was successively a soldier secret agent Jacobite speculator alchemist cabalist Rosicrucian astrologer fraudster and spy He had changed his name several times abducted a nun and seen the inside of several prisons before turning his hand to revolution Neuhoff had daring far sighted ideas about religious tolerance and the abolition of slavery that turned the Corsican rebellion

into a significant political event with repercussions way beyond the shores of one small island Denounced as an arch criminal traitor and seditious heretic he survived pursuit by the agents of the Genoese Republic for twenty years with a price on his head dodging assassination attempts while meeting countless famous and fascinating people Valuable to the British as a political tool against the French he spent his old age in relative comfort in an English debtors prison Theodore von Neuhoff King of Corsica argues that despite all his eccentricity Neuhoff was still a significant Enlightenment figure *Whiskey*

Long,2016-04-15 In the wake of new interest in alchemy as more significant than a bizarre aberration in rational Western European culture this collection examines both alchemical and medical discourses in the larger context of early modern Europe How do early scientific discourses infiltrate other cultural domains such as literature philosophy court life and the conduct of households How do these new contexts deflect scientific pursuits into new directions and allow a larger participation in the elaboration of scientific methods and perspectives Might there have been a scientific subculture particularly surrounding alchemy which allowed women to participate in scientific pursuits long before they were admitted in an investigative capacity into official academic settings This volume poses those questions as a starting point for a broader discussion of scientific subcultures and their relationship to the restructuring and questioning of gender roles
