*The Judgement of Paris* Martin Harrison, 2007-02 CHILDREN ARE NOT TOYS Robert knows this now but he didn't when his aunt played with him. He's an intelligent and successful man now but something is missing and he needs to know what and why. As a boy he felt like an outsider. It was cold outside, lonely and hard to find someone who understood a boy who said, 'When I grow up I want to be a woman.' But he found someone. She was his best friend when she died so it was cold outside again. Robert now has more money than he knows what to do with and enough time to look for the answer to his prayers. Only she needed a Dragon Slayer so it was time to become a new man whether he liked it or not. Time to go Robert. You can always wear your shining armour over your tutu.

**The Judgement of Paris** Gore Vidal, 2016-07-26 Master storyteller Gore Vidal's 1952 classic. The fast and furious hedonistic world of the jet set commuting between the glamour centres of Europe is the setting for this famous novel by one of the twentieth century's most remarkable writers. Philip Warren is a personable young American who moves amongst the international demi-gods of wealth and status in search of himself and a future which will satisfy his part cynical, part romantic outlook.

**Rubens and the Judgement of Paris** Fiona Healy, 1997 The Judgement of Paris the tale of the shepherd prince who gave Venus the prize in a beauty competition was variously treated by classical writers and became a favourite theme for artists. No painter seems to have responded to the ancient story with more intelligence and enthusiasm than Peter Paul Rubens who devoted at least eight pictures to it. A Judgement of Paris marks every stage in Rubens' career so that the present survey which includes familiar and unfamiliar works allows an insight into his entire artistic development. Since his illustrations of the subject were intended for a variety of contexts this study also addresses many aspects of Rubens's practice and production as well as touching on his later reputation. Rubens's response to the theme is also seen in relation to earlier literary and pictorial tradition. Paris's decision had set a problem for moralists for his choice had led indirectly to the onset of the Trojan War. Some commentators held that the young man who had two other goddesses to choose from should have preferred Minerva, patron of learning or at least had opted sensibly for wealth in the person of Juno. Allegorical readings have some influence on the depiction and interpretation of the theme in the fifteenth and sixteenth centuries. It is shown how Rubens came to favour the Venetian artistic convention which focussed on the moment prior to Paris's decision thus effectively rejecting the interpretation of the Judgement as a moral condemnation. Rubens came to see the myth as a universal image of the problem of choice. But also more specifically he seems to have associated Paris with the artist as arbiter of beauty the final theme explored in this illuminating book.

**The Judgment of Paris** Hubert Damisch,1996-06-15 Drawing on Freudian theories of sexuality and Kant's conception of the beautiful French art historian Hubert Damisch considers artists as diverse as Raphael Picasso Watteau and Manet to demonstrate that beauty has always been connected to ideas of sexual difference and pleasure Damisch's tale begins with the judgment of Paris in which Paris awards Venus the golden apple and thus forever links beauty with desire The casting of this decision as a mistake in which desire is rewarded over wisdom and strength is then linked to theories of the unconscious and psychological drives In his quest for an exposition of the beautiful in its relation to visual pleasure Damisch employs what he terms analytic iconology following the revisions and repetitions of the motif of the judgment through art history philosophy aesthetics and psychoanalysis This translation brings an important figure of the French art historical tradition to Anglo American audiences
