The Kairos Document Challenge To The Church:

The Kairos Document, Challenge to the Church Kairos Theologians (Group),1986 Discussion of role of church in speaking out against with oppression in South Africa *The Kairos Document* Peter Beyerhaus,1987 **The Kairos Document: Challenge to the Church** ,1987 **The Kairos Document** ,1987 **Religion, the Missing Dimension of Statecraft** Douglas Johnston,Cynthia Sampson,1995 This collection of wide ranging case studies and theoretical pieces shows how religious or spiritual factors can play a helpful role in international relations Written by a distinguished roster of scholars this volume includes a foreword by Jimmy Carter and six maps **The KAIROS document** ,1986 **Challenge to the Church** Lou Ann Parsons,United Congregational Church of Southern Africa, **Challenge to the Church** Kairos Theologians (Group),1985 *The Bible in Human Society* Mark Daniel Carroll R.,David J. A. Clines,Philip R. Davies,1995-10-01 This collection of essays written by biblical scholars from around the world attempts to probe the relationship between the Bible and the world It reflects modern social political and hermeneutical issues including liberation concerns These themes echo John Rogerson s commitment to relate his research and the Bible to contemporary issues a commitment visible both in his publications and in his religious and political activities This book is an expression of appreciation of John Rogerson by former and current colleagues former students and other biblical scholars Sharing Friendship John B. Thomson,2016-03-03 Sharing Friendship represents a post liberal approach to ecclesiology and theology generated out of the history practices and traditions of the Anglican Church Drawing on the theological ethics of Stanley Hauerwas this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition including John Milbank Oliver O Donovan Rowan Williams Daniel Hardy and Anthony Thiselton Avoiding abstract definitions of character mission or friendship John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament the performance of worship and the shape of Anglican ecclesiology are congruent with such a theology The book concludes by rooting the theme of sharing friendship within the self emptying kenotic performance of Jesus mission and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions Desmond Tutu Michael Battle,2021-03-16 The first biography of its kind about Desmond Tutu this book introduces readers to Tutu s spiritual life and examines how it shaped his commitment to restorative justice and reconciliation Desmond Tutu was a pivotal leader of the anti apartheid movement in South Africa and remains a beloved and important emblem of peace and justice around the world Even those who do not know the major events of Tutu s life receiving the Nobel Peace Prize in 1984 serving as the first black archbishop of Cape Town and primate of Southern Africa from 1986 1996 and chairing the Truth and Reconciliation Commission from 1995 1998 recognize him as a charismatic political and religious leader who helped facilitate the liberation of oppressed

peoples from the ravages of colonialism But the inner landscape of Tutu s spirituality the mystical grounding that spurred his outward accomplishments often goes unseen Rather than recount his entire life story this book explores Tutu s spiritual life and contemplative practices particularly Tutu s understanding of Ubuntu theology which emphasizes finding one s identity in community and traces the powerful role they played in subverting the theological and spiritual underpinnings of apartheid Michael Battle s personal relationship with Tutu grants readers an inside view of how Tutu s spiritual agency cast a vision that both upheld the demands of justice and created space to synthesize the stark differences of a diverse society Battle also suggests that North Americans have much to learn from Tutu s leadership model as they confront religious and political polarization in their own context *Liberating Paul* Neil Elliott,2005-02-01 For centuries the apostle Paul has been invoked to justify oppression whether on behalf of slavery to enforce unquestioned obedience to the state to silence women or to legitimate anti-Semitism To interpret Paul is thus to set foot on a terrible battleground between spiritual forces But as Neil Elliott argues the struggle to liberate human beings from the power of Death requires Liberating Paul from his enthrallment to that power In this book Elliott shows that what many people experience as the scandal of Paul is the unfortunate consequence of the way Paul has usually been read or rather misread in the churches In the first half of the book Elliott examines the many texts historically interpreted to support oppression or maintain the status quo He shows how often Paul s authentic message has been interpreted in the light of later pseudo Pauline writings In Part Two Elliott applies a political key to the interpretation of Paul Though subsequent centuries have turned the cross into a symbol of Christian piety Elliott forcefully reminds us that in Paul s time this was the Roman mode of executing rebellious slaves a fact that has profound political implications A Reformed Voice in the Ecumenical Discussion Martien Brinkman,2016-04-26 In A Reformed Voice in the Ecumenical Discussion Martien E Brinkman offers a critical account of the main international ecumenical developments of the last three decades He delivers a sketch of the Reformed contribution to the ecumenical dialogues dealing with issues like contextuality state church relations the ethical implications of baptism the church as sacrament of the kingdom and apostolic tradition He pleads for a stronger non Western input in the ecumenical discussions and emphasizes that in many contexts Indonesia India China the interreligious dialogue has become part of the inner Christian dialogue This study can be considered as a constructive contribution to the development of a hermeneutics of tradition and puts itself the critical question what is lost and found in translation The Church Struggle in South Africa John W. De Gruchy,2005 No more heartrending yet hopeful case study in Christian ethics exists than in the story of South African apartheid and its recent decisive transformation John de Gruchy s authoritative and newly updated account of Christian complicity with and then resistance to one of the world s most notoriously repressive regimes holds indispensable lessons and dangerous memories for all concerned about evil justice and racial reconciliation **Untouchable Bodies, Resistance, and Liberation** Joshua Samuel,2020-02-25 In Untouchable Bodies Resistance and Liberation Joshua Samuel constructs an embodied comparative

theology of liberation by comparing divine possessions among Hindu and Christian Dalits in South India Critiquing the problems inherent in prioritizing texts when studying religious traditions Samuel calls for the need to engage in body and people centered interreligious learning This comparative theological reading of ecstatic experiences of the divine in Dalit bodies in Hinduism and Christianity brings out the powerful liberative potential inherent in the bodies of the oppressed enabling us to identify alternative modes of resistance and new avenues of liberation among those who are dehumanized and discriminated and to find deeper and meaningful ways of speaking about God in the context of oppression

Freedom of Religion at Stake Dion A. Forster, Elisabeth Gerle, Göran Gunner, 2019-11-01 How can freedom of religion protect the dignity of every human being and safeguard the well being of creation This question arises when considering the competing claims among faith traditions states and persons Freedom of religion or belief is a basic human right and yet it is sometimes used to undermine other human rights This volume seeks to unpack and wrestle with some of these challenges In order to do so scholars were invited from different contexts in Africa and Europe to write about freedom of religion from various angles How should faith traditions in a minority position be protected against majority claims and what is the responsibility of the religious communities in this task When does the state risk overstepping its boundaries in the delicate balance between freedom of religion and other human rights How can new voices who claim their human rights in relation to gender roles reproductive rights and as sexual minorities be heard within their faith traditions These are some of the questions that are raised by the authors This is a book for all who are engaged in faith communities leaders as well as people trying to be recognized It is also important reading for all interested in international legal frameworks for freedom of religion state advisers and human right defenders

Liberating Exegesis Christopher Rowland, Mark Corner, 1989-01-01 This important book provides a sampling of liberation theology's use of biblical texts relating it to the standard methods of interpretation in Europe and America Divided into four sections the book sets out contemporary readings of the parable of Jesus influenced by a liberationist perspective identifies the biblical and theoretical foundations of liberation theology comparing them with the dominant exegetical paradigm in the first world explores the way in which liberation exegesis affects reading the canonical accounts of Jesus and argues that liberation theology cannot be seen solely as a third world phenomenon

Restorative Readings L. Juliana Claassens, Bruce C. Birch, 2015-05-15 The Bible has the unfortunate legacy of being associated with gross human rights violations as evident in the scriptural justification of apartheid in South Africa as well as slavery in the American South What is more the Hebrew Bible also contains numerous instances in which the worth or dignity of the female characters are threatened violated or potentially violated creating a situation of dehumanization in which women are viewed as less than fully human And yet the Bible continues to serve as a source of inspiration for readers committed to justice and liberation for all But in order for the Bible to speak a liberative word what is necessary is to cultivate liberating Bible reading practices rooted in justice and compassion Restorative Readings seeks to do exactly this when the authors in their respective

readings seek to cultivate Bible reading practices that are committed to restoring the dignity of those whose dignity has been violated by means of racial gender and sexual discrimination by the atrocities of apartheid by the HIV AIDS pandemic and by the dehumanizing reality of unemployment and poverty **Dietrich Bonhoeffer Refuting Carl Schmitt's Deizision** Karola Radler,2025-06-26 Radler examines Bonhoeffer s and Schmitt s intellectual paradigms of thought of theology and jurisprudence Whilst both thinkers encounter constitutional institutional models they arrive at opposing conclusions and actions This book tackles how they approach the indicators for a decision of choices between alternatives the urgency of resolving the problems at hand the intended goal and the following active manifestation in Christ Radler reveals how Schmitt s form of Deizision resting on a linear model of history abstracts metaphysical content from objective normative evaluation and in support of a human personality representing the idea of Christ elevates the significance of the self over content and subject in structural analogy to theological dogma On the other hand Bonhoeffer s theology repudiates Schmitt s political jurisprudential position contesting that history ultimately focuses on leading to human wholeness through reconciliation

Seasons of Faith and Conscience Bill Wylie-Kellermann,2008-11-07 Seasons of Faith and Conscience challenges religious activists and the wider church with an answer to the question What is the connection between faith and politics Every act of worship Kellermann says every occasion where the sovereignty of the word of God is acknowledged is always and everywhere expressly political In a profound biblical and theological reflection Kellermann begins by investigating the political implications of worship and liturgy both in the Hebrew Bible and in the New Testament He goes on to review the history of confessional politics those situations in which Christians have felt their historical situation to be so grave as to call into question the very identity of the church Recent examples include the Confessing Church in Nazi Germany and the Kairos document from South Africa Kellermann explores analogies in our own situation the continuing arms buildup the international debt system and the war against the poor in the Third World Seasons of Faith and Conscience concludes with a series of moving meditations on the key seasons and events of the liturgical calendar Advent Christmas Epiphany Lent Easter and Pentecost
