Poet Exposed Robert Creeley, 1986 *The Poetry Journal* Richard Montague Hunt, Edmund Randolph Brown, 1916

Exiling the Poets Ramona Naddaff, 2002 The question of why Plato censored poetry in his Republic has bedeviled scholars for centuries In *Exiling the Poets* Ramona A Naddaff offers a strikingly original interpretation of this ancient quarrel between poetry and philosophy Underscoring not only the repressive but also the productive dimension of literary censorship Naddaff brings to light Plato's fundamental ambivalence about the value of poetic discourse in philosophical investigation Censorship Naddaff argues is not merely a mechanism of silencing but also provokes new ways of speaking about controversial and crucial cultural and artistic events It functions philosophically in the Republic to subvert Plato's most crucial arguments about politics epistemology metaphysics and ethics Naddaff develops this stunning argument through an extraordinary reading of Plato's work In books 2 and 3 the first censorship of poetry she finds that Plato constitutes the poet as a rival with whom the philosopher must vie agonistically In other words philosophy does not replace poetry as most commentators have suggested rather the philosopher becomes a worthy and ultimately victorious poetic competitor In book 10's second censorship Plato exiles the poets as a mode of self subversion rethinking and revising his theory of mimesis of the immortality of the soul and most important the first censorship of poetry Finally in a subtle and sophisticated analysis of the myth of Er Naddaff explains how Plato himself censors his own censorships of poetry thus producing the unexpected result of a poetically animated and open ended dialectical philosophy *The Poetry Journal*, 1915 **The Tale of the Hero who was**

publications and revisions **"The Space of Words"** Jennifer Miller Hoyer, 2014 Nelly Sachs 1891-1970 has long been regarded as one of the most significant Holocaust poets. Her conception of language and words as a landscape has been understood by scholars and critics as an exilic ersatz Heimat for the lost German homeland of a displaced poet. This reading, however, is based entirely on her postwar poems. Such an isolated approach to her complex body of work is increasingly historically problematic; it is also at odds with Sachs's generally cyclical poetic process. In *The Space of Words*, Jennifer Hoyer offers the first sustained critical analysis of Sachs's largely unanalyzed prewar poetry and prose, as well as the first analysis that examines structural and thematic ties between the prewar works and the Nobel Prize-winning postwar poetry. Through close readings of both Sachs's prewar and postwar works, Hoyer reveals a diasporic rather than exilic conception of the landscape of language, a position of constant wandering rather than static longing for return. This diasporic poetics promotes the intellectual and linguistic power of the wanderer and opens new insights into Sachs's essential significance as a Holocaust poet and a twentieth-century German Jewish writer wary of the link of literary language to geopolitics and the narrative of nations. Jennifer M. Hoyer is Assistant Professor of German at the University of Arkansas.
