The Politicians Guide To Assisted Suicide Cloning And Other Current Controversies:

The Politician's Guide to Assisted Suicide, Cloning, and Other Current Controversies George J. Marlin, 1998
Author George Marlin argues that without respect for personhood liberty will become license and the responsibility to do what is right will degrade into the right to do what is irresponsible Aren't we already there This book provides intelligent politicians and others with philosophical and historical perspectives on some of the toughest issues we Americans face

The Unformed Conscience of Evangelicalism J. Daryl Charles, 2002-01-01 J Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively and effectively engage the ethical debates of the twenty first century
On Cloning John Harris, 2004-07-31 Cloning few words have as much potential to grip our imagination or grab the headlines No longer the stuff of science fiction or Star Wars it is happening now Yet human cloning is currently banned throughout the world and therapeutic cloning banned in many countries In this highly controversial book John Harris does a lot more than ask why we are so afraid of cloning He presents a deft and informed defence of human cloning carefully exposing the rhetorical and highly dubious arguments against it He begins with an introduction to what a human clone is before tackling some of the most common and frequently bizarre criticisms of cloning Is it really wicked Can we regulate it What about the welfare of cloned children Does it turn human beings into commodities Dismissing one by one some of the myths about human cloning in particular that it is degrading and unsafe he astutely argues that some of our most cherished values such as the freedom to start a family and the freedom from state control actually support the case for human cloning Offering a brave and lucid insight into this ethical minefield John Harris at last shows that far from ending the diversity of human life or creating a race of super clones cloning has the power to improve and heal human life
Was Frankenstein Really Uncle Sam? Richard J. Rolwing, 2010-01-27 Each of the first 4 volumes contains 365 essays Later volumes have fewer Essays get longer as the issue get deeper Rolwing examines nearly all of the major writers on our Basic Charter most of whom being Americans and liberals repudiate it He focuses on their manifold broadsides and rejections reveals their multiple distortions and misunderstandings rebukes their self contradictions and inconsistencies and pities their general Theo phobia He argues that while America was founded almost completely by Protestants the only two so called Deists were not that at all what was founded was formally only a philosophical product not a faith based or Christian one although the Philosophy used had been more Catholic than Protestant Rolwing makes a great deal of American history law ethics politics philosophy and religion easily accessible to the general public or average reader Read any of these books and you will clap your hands that you are American Certainly the Declaration is worth many an hour explaining and defending it Mr Rolwing seeks to make the problems brought up about the documents capable of being understood by both scholar and ordinary citizen

Fighting the Good Fight George J. Marlin, 2002 This is the story of New York's feisty Conservative Party a story that is really the saga of America's tumultuous political maturity from the time

of Rockefeller up to Rudy Guiliani **Squandered Opportunities** George J. Marlin, 2006 When George Pataki was swept into office in 1994 conservatives throughout New York rejoiced Not only had they helped knock off liberal icon Mario Cuomo but after thirty two years in the political wilderness the New York Conservative Party had provided the margin of victory that fulfilled their mission to elect a governor who was not a legatee of Nelson Rockefeller Jacob Javits John Liudsay style liberal big government Republicanism But after Pataki s good start conservatives became disenchanted They realized that in his desperate desire to be all things to all people Pataki squandered the historic opportunity entrusted to him in 1994 In this first commentary on the Pataki administration George Marlin former Executive Director of the Port Authority of New York and New Jersey and New York Conservative Party activist traces how fiscally economically and culturally Governor Pataki sold out to leftist interests In *Squandered Opportunities* Marlin contends that the Pataki Administration did not possess a philosophical compass Political expediency overwhelmed any political philosophy and political conscience and political ideals were mere slogans used to patronize conservatives Marlin examines how Pataki s social policies betrayed conservatives Pataki approved gay rights bias crime bills restricted the medical insurance conscience clause for religious institutions increased gun regulations and repudiated term limits Marlin concludes that by deserting mainstream Republican principles George Pataki who harbors 2008 presidential aspirations has forfeited his seat at the leadership table of the party of Ronald Reagan BOOK JACKET *The American Catholic Voter* George J. Marlin, 2004 George J Marlin author of *Fighting the Good Fight* A History of the New York Conservative Party traces the political and electoral history of American Catholics from the time of Lord Baltimore and the founding of Maryland to the election of George W Bush It is an inspiring story of ethnic Catholics who arrived on America s shores with only the clothes on their back to eventually become a significant voice in local and national political affairs St Augustine s Press *Crisis* ,1999 *Subject Guide to Books in Print* ,2001 **First Things** ,1998-06
