American Slavery to be Perpetuated? William Gannaway Brownlow, 1858 **A Companion to the Classical Greek World** Konrad H. Kinzl, 2010-01-11 This Companion provides scholarly yet accessible new interpretations of Greek history of the Classical period from the aftermath of the Persian Wars in 478 B C to the death of Alexander the Great in 323 B C Topics covered range from the political and institutional structures of Greek society to literature art economics society warfare geography and the environment Discusses the problems of interpreting the various sources for the period Guides the reader towards a broadly based understanding of the history of the Classical Age **Challenges on the Emmaus Road** T. Felder Dorn, 2021-11-25 While slavery and secession divided the Union during the American Civil War they also severed the Northern and Southern dioceses of the Protestant Episcopal Church In Challenges on the Emmaus Road T Felder Dorn focuses on the way Northern and Southern Episcopal bishops confronted and responded to the issues and events of their turbulent times Prior to the Civil War Southern bishops were industrious in evangelizing among enslaved African Americans but at the same time they supported the legal and social aspects of the peculiar institution Southern and Northern bishops parted company over the institution of slavery not over the place of blacks in the Episcopal Church As Southern states left the Union Southern dioceses separated from the Episcopal Church in the United States The book s title was inspired by the Gospel of Luke 24 13 35 in which the resurrected Jesus Christ walked unrecognized with his disciples and discussed the events of his own crucifixion and disappearance from his tomb Dorn perceives that scriptural episode as a metaphor for the responses of Episcopal bishops to the events of the Civil War era Dorn carefully summarizes the debates within the church and in secular society surrounding the important topics of the era In doing so he lays the groundwork for his own interpretations of church history and also provides authentic data for other church scholars to investigate such topics as faith and doctrine evangelism and the administrative history of one of the most important institutions in America Dorn devotes the final chapters to the postwar reunification of the Episcopal Church and Southern bishops involvement in establishing the Commission on Freedmen to offer help with the educational and spiritual needs of the recently emancipated slaves

The Second American Revolution Harvey Smith Sr.,2014-05-19 The book will describe the major gaps that exist between African Americans and their white counterparts The story is a historical presentation of decisions that were made by political and religious leaders dating back to the early 17th century that would eventually lead to the sad state of the modern day African American A positive solution to the problem will be presented that will give all Americans hope that each of the four gaps can eventually be closed Thus the story is based on a problem solution format The book will answer the question are all men created equal

Southern Slavery and the Law, 1619-1860 Thomas D. Morris,2004-01-21 This volume is the first comprehensive history of the evolving relationship between American slavery and the law from colonial times to the Civil War As Thomas Morris clearly shows racial slavery came to the English colonies as an institution without strict legal definitions or guidelines Specifically he demonstrates that there was no coherent body of law that dealt solely with slaves Instead more general legal rules concerning inheritance mortgages and transfers of property coexisted with laws pertaining only to slaves According to Morris southern lawmakers and judges struggled to reconcile a social order based on slavery with existing English common law or in Louisiana with continental civil law Because much was left to local interpretation laws varied between and even within states In addition legal doctrine often differed from local practice And as Morris reveals in the decades leading up to the Civil War tensions mounted between the legal culture of racial slavery and the competing demands of capitalism and evangelical Christianity

Wives Not Slaves Kirsten Sword,2024-05-31 *Wives not Slaves* begins with the story of John and Eunice Davis a colonial American couple who in 1762 advertised their marital difficulties in the New Hampshire Gazette a more common practice for the time and place than contemporary readers might think John Davis began the exchange after Eunice left him with a notice resembling the ads about runaway slaves and servants that were a common feature of eighteenth century newspapers John warned neighbors

against entertaining her or harbouring her or giving her credit Eunice defiantly replied If I am your wife I am not your slave With this pointed but problematic analogy Eunice connected her individual challenge to her husband s authority with the broader critiques of patriarchal power found in the politics religion and literature of the British Atlantic world Kirsten Sword s richly researched history reconstructs the stories of wives who fled their husbands between the mid seventeenth and early nineteenth centuries comparing their plight with that of other runaway dependents Wives not Slaves explores the links between local justice the emerging press and transatlantic political debates about marriage slavery and imperial power Sword traces the relationship between the distress of ordinary households domestic unrest and political unrest shedding new light on the social changes imagined by eighteenth century revolutionaries and on the politics that determined which patriarchal forms and customs the new American nation would and would not abolish Three lectures on British and Colonial Slavery, etc George Thompson,1832 Greek Slavery Deborah Kamen,2023-06-19 Slavery is attested throughout ancient Greek history and all over the Greek world Unsurprisingly then scholarship on Greek slavery has proliferated in the past twenty five or so years making a holistic synthesis of such work especially desirable This book offers a state of the art guide to research on this subject surveying recent scholarly trends and controversies and suggesting future directions for research Topics include regional variation in slave systems the economics of slavery the treatment of enslaved people sex and gender agency resistance and revolt manumission and representations metaphors and legacies of Greek slavery Readers including those interested in slavery of other time periods will find this book an essential resource in learning about key issues in Greek slavery studies or in pursuing their own research Slavery Abolished C. CONKLING,1862 Ismailia Samuel White Baker,1874 Past Forward James Sabathne,Jason Stacy,2016-09 Over the last fifteen years undergraduate U S history courses have made great progress in incorporating primary sources and diverse voices into the survey However teachers still struggle to find professional writing by working historians in a format useful to undergraduates Also in 2014 the College Board redesigned the AP U S History curriculum and assessments to require students to demonstrate a critical approach to historical writing by professional historians These facts have increased demand among teachers for access to high quality secondary material by professional historians in a single convenient publication Past Forward Articles from the Journal of American History selects some of the best articles from The Journal of American History to meet the needs of students and teachers of the U S history survey Exploring all of the required key concepts and historical thinking skills required in the new AP U S History curriculum the book provides pedagogical and historiographical supports for each article It also contains concise academic biographies of the authors that highlight their path to practicing history and their major publications which will draw students deeper into historical discourses Transatlantic Slavery Anthony Tibbles,Anthony H. Tibbles,2005-01-01 Between 1500 and 1870 European traders transported millions of Africans to the Americas to work as slaves yet despite the wealth of scholarship on this period many people remain uninformed about the history of the slave

Paul and the Dynamics of Power Kathy Ehrensperger,2007-09-01 In this illuminating study Kathy Ehrensperger looks at the question of Paul's use of power and authority as an apostle who understands himself as called to proclaim the Gospel among the gentiles Ehrensperger examines the broad range of perspectives on how this use of power should be evaluated These range from the traditional interpretation of unquestioned taken for granted for a church leader to a feminist interpretation She examines whether or not Paul's use of power presents

an open or hidden re inscription of hierarchical structures in what was previously a discipleship of equals Paul and the Dynamics of Power questions whether such hierarchical tendencies are rightly identified within Paul s discourse of power Furthermore it considers whether these are inherently and necessarily expressions of domination and control and are thus in opposition to a discipleship of equals In her careful analysis Ehrensperger draws on such wide ranging figures as Derrida Michel Foucault and James Scott This enables fresh insights into Paul s use of authority and power in its first century context

The Making of New World Slavery Robin Blackburn, 2020-05-05 The Making of New World Slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West
