Maiden, 2011-03-08 The Treasure is the true story of an amazing community of Christians who found healing on one of the most violent street corners in America In a neighborhood of broken dreams and shattered lives hurt people found hope Walk with Dr Glen B Maiden as he unearths a never seen before study of the treasure passages of Scripture uncovers the catalyst of addiction and guides the reader to write his own story of treasure The God-Shaped Heart Timothy R. MD Jennings, 2017-09-05 The key to spiritual

and emotional health is to grasp the truth of God's transforming love for us and then let that reality influence our own hearts and relationships. It seems simple but we are experts at complicating simple things. Instead of living lives characterized by love, we find ourselves trapped in cycles of shame, violence, and addiction that steal our joy and keep us from loving others so much so that by all indications Christians are living no differently than anyone else when it comes to abuse rates, use of pornography, alcohol, and drug addiction, and more. Christian psychiatrist Dr. Timothy Jennings wants to release us from this prison. With powerful illustrations from case studies and from Scripture, Jennings shows believers who are stuck in addiction, violence, fear, and broken relationships how to experience true freedom through God's transforming love, to experience greater health, fulfillment, and well-being.

Purifying the Heart James Tarter, 2017-11-13. The Bible uses the heart to represent the whole inner person, the part of a person that receives a new body as he/she moves from life on earth into the rest of eternity. Because the heart is the key to each person's eternal good, our loving God makes purifying our hearts a priority. He gives true progress, but He also wants each of His children in Jesus to co-operate with His work for our good. This allows major problems. A heart often has unhealed wounds, wrong beliefs, and distracting treasures. The heart naturally protects itself against getting changed, even by deceiving one's own mind, if necessary. And the devil and demons try diligently to deceive people out of receiving God's great good in Jesus. This book is written to show Biblical solutions for these kinds of heart problems.

Heart of My Own Heart John-Francis Friendship, 2024-10-30. The heart as an image of love is found everywhere in popular culture, yet devotion to the Sacred Heart of Jesus is often dismissed as excessive piety. This rich and deep tradition that is rooted in Scripture and reaches back to the earliest Christian centuries springs from an understanding of the name and nature of God as love. In this poetic and powerful book, John Francis Friendship opens up the treasures of an overlooked spirituality and offers a wealth of resources for the living of faith and reflecting the wonder, joy, compassion, and calling that comes from intimacy with the love of God made visible in Christ.

The New Testament and Bioethics R. Dennis Macaleer, 2014-01-01. Beauchamp and Childress's *Principles of Biomedical Ethics* is a well-accepted approach to contemporary bioethics. Those principles are based on what Beauchamp and Childress call the common morality. This book employs New Testament theological themes to enhance the meaning of those principles of bioethics. The primary New Testament text for this study is the twin commands from Jesus to love God and love one's neighbor. The three theological themes developed from this study—the image of God, the covenant, and the pursuit of healing—are deeply embedded in the New Testament and in the ministry of Jesus. Three contemporary bioethics principles are used for this dissertation based on The Belmont Report. They are the principles of respect for persons, justice, and beneficence. In each case, the theological themes are shown to enhance the meaning of these bioethics principles. Each of the three principles as understood through the three theological themes is applied to a current bioethics issue to demonstrate the efficacy of this approach. The three current issues addressed are the withdrawal or withholding of life-sustaining treatment, the distribution of health care in the United
