Spurgeon Compiled from His Diary, Letters Charles Haddon Spurgeon,1892 *Autobiography* Alan Alexander

Milne,1939 This is the autobiography of a writer and a writer of unusual diversity of achievement With some his reputation stands highest as the prewar humorist of Punch with others as the author of what Alexander Woollcott called one of the three best mystery stories of all time Some like him most as an essayist others as a novelist or dramatist To many he will always be the man who wrote Peace With Honour and to many more he is simply the author of four famous books for children But the same personality has been behind all his work As he says heredity and environment make the child the child makes the man and the man makes the writer In this book we see that personality developing from the precocious child at home to the clever idle boy at school thence to Cambridge and the decision to go to London and write If in the latter half of the book A A Milne refrains from exhibiting himself and exposing his friends in the full length modern fashion nevertheless as a writer he tells us all his adventures and lets us into all his secrets Jacket University Library of Autobiography ,1918 **University**

The Sick Child in Early Modern England, 1580-1720 Hannah Newton, 2012-04-19 The

Sick Child in Early Modern England is a powerful exploration of the treatment perception and experience of illness in childhood from the late sixteenth to the early eighteenth century. At this time the sickness or death of a child was a common occurrence: over a quarter of young people died before the age of fifteen, and yet this subject has received little scholarly attention. Hannah Newton takes three perspectives: first she investigates medical understandings and treatments of children. She argues that a concept of children's physic existed amongst doctors and laypeople; the young were thought to be physiologically distinct and in need of special medicines. Secondly she examines the family's experience, demonstrating that parents devoted considerable time and effort to the care of their sick offspring and experienced feelings of devastating grief upon their illnesses and deaths. Thirdly she takes the strikingly original viewpoint of sick children themselves, offering rare and intimate insights into the emotional, spiritual, physical and social dimensions of sickness, pain and death. Newton asserts that children's experiences were characterised by profound ambivalence, whilst young patients were often tormented by feelings of guilt, fears of hell and physical pain. Sickness could also be emotionally and spiritually uplifting and invited much attention and love from parents. Drawing on a wide array of printed and archival sources, *The Sick Child* is of vital interest to scholars working in the interconnected fields of the history of medicine, childhood, parenthood, bodies, emotion, pain, death, religion and gender.

Dark Night, Early Dawn Christopher M. Bache, 2000-05-26. Combining philosophical reflections with deep self-exploration to delve into the ancient mystery of death and rebirth, this book emphasizes collective rather than individual transformation. Drawing upon twenty years of experience working with nonordinary states, the author argues that when the deep psyche is hyper-simulated using Stanislaw Grof's powerful therapeutic methods, the healing that results sometimes extends beyond the individual to the collective unconscious of humanity itself.

Monodies and On the Relics of Saints Guibert of Nogent, 2011-09-27. The first Western autobiography since Augustine's *Confessions*, the *Monodies* is set against the backdrop of the First Crusade and offers stunning insights into medieval society. As Guibert of Nogent intimately recounts his early years, monastic life and the bloody uprising at Laon in 1112, we witness a world and a mind populated by royals, heretics, nuns, witches and devils, and come to understand just how fervently he was preoccupied with sin, sexuality, the afterlife and the dark arts. Exotic, disquieting and illuminating, the *Monodies* is a work in which the dreams, fears and superstitions of one man illuminate the psychology of an entire people. It is joined in this volume by *On the Relics of Saints*, a theological manifesto that has never appeared in English until now. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
