Conversations with God Neale Donald Walsch, 1996 Conversations between the author and God **Passion to Create Success** Joe Marsola Eidem, 2010-03 Life is a story and we all have our own special one to live Some of us are in the early chapters struggling to figure out the plot while others are mired in the middle with too many obstacles and unclear dialogue Still others are contemplating their grand final act You like me started out somewhere with your own special location culture and passions Your supporting cast family friends neighbors teachers mentors colleagues and employers even someone you may have casually met in passing influenced your thoughts values and decisions The result of these influences lead you to where you are right now holding this book reading these words at exactly this moment While our stories are peppered with our own individuality surprisingly they are not that unique The specific situations are varied but we ve all experienced ups and downs joys and sorrows days when we were sure we could fly and mornings when the mere thought of getting out of bed was seemingly the most painful task we had ever faced I see the guizzical look on your face wondering what these life story mutterings are all about swearing that you had purchased a cookbook Let me assure you this is a cookbook and in it you will find a vast array of delectable recipes that will invigorate your palate and impress your friends You will also find a story my story You see these recipes make up one of my most important supporting characters food They will also introduce you to my single most influential supporting character family It is my sincere hope that these stories of food and family nurture both your body and soul and as you continue through your life story provide you with some guidance and much food for thought Those They Left Behind Karen Mueller Bryson, 2006-11-01 In this collection of interviews with survivors of suicide individuals talk candidly and intimately about how their lives have been impacted by the suicide of a family member or close friend Over 50 individuals were willing to share their personal tragedies as a way of helping others who face a similar loss as well as educating the public about the issues survivors of suicide face Their willingness to share their stories is a testament to their endurance and strength in the face of adversity
