Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective The authors argue that ignoring justice and failing to address violations of rights including the rights of both Palestinians and Israelis to live securely and freely then a lasting solution to the conflict will remain elusive

Governing Israel Ira Sharkansky, 2017-09-08 Israeli politics and policymaking reflect themes long imbedded in Jewish culture The concepts of Chosen People and Promised Land and their meaning in Christian as well as Jewish religious traditions assure that Israel is perpetually in the international spotlight They also impose a sense of distinctiveness on the Israeli population Some Israelis trumpet their country's accomplishments with unrestrained superlatives Social critics accuse Israel of having the worst of the world's conditions In this they reflect another trait that seems to have been inherited from the ancients the prophetic tradition of extreme self criticism In reality much of what occurs in Israel is similar to what occurs in countries that share its characteristics democracy western culture and an advanced level of economic development Such an idea may seem bizarre alongside headlines about suicide bombings and the country's aggressive defensive posture This misses what is normal about Israel In Israel policymakers weigh benefits and costs of various options and generally choose something moderate just as they do elsewhere But this reality does not dim the rhetoric of politics where hyperbole frequently seems more evident than rational discourse Sharkansky discusses three central issues in Israeli public affairs religion national security and social policy He describes how policymakers relate to these issues and themes Major problems may not be solved but they are managed in a way that is tolerable It is in this trait that Israel resembles other western democracies In sum biblical themes affect Israel's political rhetoric more than they affect the way officials actually work out their problems Pragmatic coping with worldly realities generally overcomes emotional expressions that convey ingredients of spirituality

**STOP NAZI-ISRAELI-ZIONIST GENOCIDE AGAINST PALESTINIANS** Peter MacAllister, 2025-01-03 The Israelis are committing mass crimes against humanity with the complete complicity of the American and English Governments Being a Jew is not a nationality it is a religion The Zionists are the ones propagating this idea of a religious state and yet Zionists have been the curse for the Jews of the world The Zionists are the ones who have continually brought strife and persecution to Jews Israel represents Zionism not Judaism To be against Israel is not to be anti Semitic it is to be anti Zionist a despicable social The Zionist are dishonoring all the suffering the Jews endured in the Nazi holocaust

**A Lethal Obsession** Robert S. Wistrich, 2010-01-05 In this unprecedented work two decades in the making leading historian Robert S Wistrich examines the long and ugly history of anti Semitism from the first recorded pogrom in 38 BCE to its shocking and widespread resurgence in the present day As no other book has done before it A Lethal Obsession reveals the causes behind this shameful and persistent form of hatred and offers a sobering look at how it may shake and reshape the world in years to come Here are the fascinating and long forgotten roots of the Jewish difference the violence that greeted the Jewish Diaspora in first century Alexandria Wistrich suggests that the idea of a formless God who passed down a universal moral law to a chosen few deeply disconcerted the pagan world The early leaders of Christianity increased their strength by painting these superior Jews as a cosmic and satanic evil and by the time of the Crusades murdering a Christ killer had become an act of conscience Moving seamlessly through centuries of war and dissidence A Lethal Obsession powerfully portrays the creation of the Protocols of the Elders of Zion the fateful anti Semitic tract commissioned by Russia s tsarist secret police at the end of the nineteenth century and the prediction by Theodor Herzl Austrian founder of political Zionism of eventual disaster for the Jews in Europe The twentieth century fulfilled this dark prophecy with the horrifying ascent of Hitler s Third Reich Yet as Wistrich disturbingly suggests the end of World War II failed to neutralize the Judeophobic virus Pogroms and prejudice continued in Soviet controlled territories and in the Arab Muslim world that would fan flames for new decades of distrust malice and

violence Here in pointed and devastating detail is our own world one in which jihadi terrorists and the radical left blame Israel for all global ills In his concluding chapters Wistrich warns of a possible nuclear Final Solution at the hands of Iran a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms Dazzling in scope and erudition A Lethal Obsession is a riveting masterwork of investigative nonfiction the definitive work on this unsettling yet essential subject It is destined to become an indispensable source for any student of world affairs

*Unsettled Labors* Rachel H. Brown, 2024-06-24 In *Unsettled Labors* Rachel H Brown explores the overlooked labor of migrant workers in Israel's eldercare industry Brown argues that life in eldercare in Palestine Israel which is primarily done by migrant workers is an often invisible area where settler colonialism is reproduced culturally economically and biologically Situating Israeli labor markets within a longer history of imperialism and dispossession of Palestinian land Brown positions migrant eldercare within the resulting tangle of Israeli laws policies and social discourses She draws from interviews with caretakers public statements court documents and first hand fieldwork to uncover the inherently contradictory nature of elder care work the intimate presence of South and Southeast Asian workers in the home unsettles the idea of the Israeli home as an exclusively Jewish space By paying close

attention to the comparative racialization of migrant workers Palestinians asylum seekers and Mizrahi and Ashkenazi settlers Brown raises important questions of labor social reproduction displacement and citizenship told through the stories of collective care provided by migrant workers in a settler colonial state      **Developments in the West Bank and Gaza, May 1990** United States.
