The Ivory Coast A Novel:

The Ivory Coast Charles Fleming, 2025-09-23 It is 1955 in Las Vegas Sammy and Satchmo are headlining the big hotels where the casino operators and the color bar say a black man can't buy a drink or a meal or a room Until now The Chicago mob man Mo Weiner is bankrolling ex boxer Worthless Worthington Lee and the city's first all black hotel casino The Ivory Coast is rising up from the dust on the wrong side of town And out of the shadows steps Deacon a white horn player with a dark past and a genius for jazz Mo mistakes him for a hitman Worthless takes him for a friend Anita the mixed race beauty he falls for wants him for herself And Haney the corrupt and racist cop who runs this hot desert oasis of sin and sand wants him rubbed out Deacon is holding a dangerous hand and a dangerous secret spun inside a deadly web of deceit and double crosses The Ivory Coast is coming rushing this sprawling drama toward the last Sunday in May when the whole town will be black and white and blood red all over A suspenseful first novel of remarkable imagination scope and energy The Ivory Coast is impossible to ignore and once begun impossible to resist

The Ivory Coast Today Mylène Rémy, 1979 *Historical Dictionary of Cote d'Ivoire (The Ivory Coast)* Cyril K. Daddieh, 2016-02-09 Cote d'Ivoire remains one of the most intriguing countries in sub-Saharan Africa It appeared well on its way to becoming a model of development under its single political party and charismatic founding father Félix Houphouët Boigny when it fell on hard economic times in the 1980s Poor management of the socio-economic challenges by Houphouët Boigny's successors produced disastrous political consequences including unprecedented political violence the first ever successful military coup and two civil wars culminating in former President Laurent Gbagbo being sent to the International Criminal Court ICC in The Hague to stand trial for war crimes This third edition of *Historical Dictionary of Cote d'Ivoire The Ivory Coast* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross-referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about the Cote d'Ivoire

Cultural Imperialism and the Indo-English Novel Fawzia Afzal-Khan, 2010-11-01 This is a provocative piece of scholarship and it engages an intriguing aspect of postcolonial writing Choice Fawzia Afzal Khan's excellent book could stand as a reply to those hostile critics who today attack multiculturalism for reductively politicizing literature In her trenchant discussion Afzal Khan shows just how complex the politics of liberation can be for colonial and postcolonial novelists Gerald Graff University of Chicago Afzal Khan's study is a major new contribution to the related fields of Indian writing in English and postcolonial literatures Focused primarily on four Indian novelists its arguments and conclusions are of vital importance to our understanding of the many new literatures from the former British colonies Through her judicious use of the theoretical constructs of Frantz Fanon Fredric Jameson Edward Said and others Afzal Khan has produced a fresh and compelling interpretation of the Indian English novel Amritjit Singh Rhode Island College *Cultural Imperialism and the Indo-English Novel* focuses on the novels of R K Narayan Anita Desai Kamala

Markandaya and Salman Rushdie and explores the tension in these novels between ideology and the generic fictive strategies that shape ideology or are shaped by it Fawzia Afzal Khan raises the important question of how much the usage of certain ideological strategies actually helps the ex colonized writer deal effectively with post colonial and post independence trauma and whether or not the choice of a particular genre or mode employed by a writer presupposes the extent to which that writer will be successful in challenging the ideological strategies of containment perpetuated by most Western orientalist texts and writers She argues that the formal or generic choices of the four writers studied here reveal that they are using genre as an ideological strategy of liberation to help free their peoples and cultures from the hegemonic strategies of containment imposed upon them She concludes that the works studied here constitute an ideological rebuttal of Western writers denigrating containment of non Western cultures She also notes that self criticism as implied in Rushdie s works is not to be confused with self hatred a theme found in Naipaul s work The Ivory Coast Tom Sykes,2016 **The Arabic Novel** Roger Allen,1995-01-01 This edition includes new material on the Arabic novel up to 1993 It is a survey of the Arabic novel and its development from its beginnings in the 19th century until today It traces the origin early cultivation and the mature period after World War II of the Arabic novel *The Oxford History of the Novel in English* Simon Gikandi,2016-09-05 Why did the novel take such a long time to emerge in the colonial world And what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience Answering these questions and more Volume 11 *The Novel in Africa and the Caribbean since 1950* explores the institutions of cultural production that exerted influence in late colonialism from missionary schools and metropolitan publishers to universities and small presses How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions but also has a transformative effect on the novel as a global phenomenon Together the volume s 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation The authors show that even as the novel grows in Africa and the Caribbean as a mark of the elites mastery of European form it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism Within this historical context the volume examines works by authors such as Chinua Achebe Nadine Gordimer George Lamming Jamaica Kincaid V S Naipaul Zoe Wicomb J M Coetzee and many others *Using Graphic Novels in the English Language Arts Classroom* William Boerman-Cornell,Jung Kim,2020-10-01 Shortlisted for the UK Literacy Association s Academic Book Award 2021 There is an increasing trend in teachers using graphic novels to get their students excited about reading and writing using both original stories and adaptations of classic works by authors such as Homer Shakespeare and the Brontes However there is surprisingly little

research available about which pedagogies and classroom practices are proven to be effective This book draws on cutting edge research surveys and classroom observations to provide a set of effective methods for teaching with graphic novels in the secondary English language arts classroom These methods can be applied to a broad base of uses ranging from understanding literary criticism critical reading multimodal composition to learning literary devices like foreshadowing and irony The book begins by looking at what English language arts teachers hope to achieve in the classroom It then considers the affordances and constraints of using graphic novels to achieve these specific goals using some of the most successful graphic novels as examples including *Maus* *Persepolis* *The Nameless City* and *American Born Chinese* and series such as *Manga Shakespeare* Finally it helps the teacher navigate through the planning process to figure out how to best use graphic novels in their own classroom Drawing on their extensive teaching experience the authors offer examples from real classrooms suggested lesson plans and a list of teachable graphic novels organized by purpose of teaching

Postcolonial Subjects Mary Jean Matthews Green, 1996 The

Novels of Wilton Sankawulo Robert Brown, 2014-10-08 In the first chapter of this monograph Dr Robert H Brown tries to lay the groundwork by discussing some of the problems of writing in Liberia and prospects for Liberian writers Then he lists in chronological order some of the works published by Liberian writers as evidential proof that there is a paucity of creative fiction in Liberia In three subsequent chapters he undertakes a critical study of Wilton Sankawulo's *The Rain and the Night Sundown at Dawn* *A Liberian Odyssey* and *Birds Are Singing* The chapters situate Wilton Sankawulo's creative fiction in its proper context revealing the currents of indigenous Liberian thought that run through it and tracing the connections that link the novels to a new development in his thinking Indeed however dissimilar in titles *The Rain and the Night Sundown at Dawn* *A Liberian Odyssey* and *Birds Are Singing* to some extent share tone setting and ambience that characterize the current moment of Liberia's history as a turning point Despite their minor grammatical infelicities and stylistic ineptitude the three novels are set to become classics in the canon of African literature
