Associates, 1976 **Women In The Cities Of Asia** James T Fawcett, 2019-03-20 Women in Asia are on the move The migration of women from village to city has increased dramatically in the past decade and many of these new migrants are young single women seeking jobs In several Asian countries women migrants now outnumber men by a substantial margin Along with the physical movement from rural to urban areas come new roles **Inclusion** Tom Coffman, 2021-10-31 Following December 7 1941 the United States government interned 120 000 people of Japanese ancestry evicted from scattered settlements throughout the West Coast states yet why was a much larger number concentrated in the Hawaiian Islands war zone not similarly incarcerated At the root of the story is an inclusive community that worked from the ground up to protect an embattled segment of its population While the onset of World War II surprised the American public war with Japan arrived in Hawai i in slow motion Responding to numerous signs of impending conflict the Council for Interracial Unity mapped two goals minimize internment and maximize inclusion in the war effort The council's aspirational work was expressed in a widely repeated saying How we get along during the war will determine how we get along when the war is over The Army Command of Hawai i reassured by firsthand acquaintances came to believe that trust breeds trust Where most histories have shielded President Franklin D Roosevelt from direct responsibility for the U S mainland internment his relentless demands for a mass removal from Hawai i ultimately thwarted reveal him as author and actor In making sense of the disparity between Island and mainland *Inclusion* unravels the deep history of the U S sabotage psychosis dissecting why many continental Americans still believe Japan succeeded at Pearl Harbor because of the unseen hand of Japanese saboteurs Contrary to the explanation of hysteria as the cause of the internment *Inclusion* documents how a high level plan of mass removal actually was pitched to Hawai i prior to December 7 only to be rejected *Alternate Currents* Justin B. Stein, 2023-09-30 In the second half of the twentieth century Reiki went from an obscure therapy practiced by a few thousand Japanese and Japanese Americans to a global phenomenon By the early twenty first century people in nearly every corner of the world have undergone the initiations that authorize them to channel a cosmic energy known as Reiki to heal body mind and spirit They lay hands on themselves and others use secret symbols and incantations to send Reiki to distant recipients and strive to follow five precepts to cultivate their spiritual growth Reiki's international rise and development is due to the work of Hawayo Takata 1900 1980 a Hawai i born Japanese American woman who brought Reiki out of Japan and adapted it for thousands of students in Hawai i and North America shaping interconnections across the North Pacific region as well as cultural transformations over the transwar period spanning World War II *Alternate Currents* Reiki's Circulation in the Twentieth Century North Pacific analyzes how from her training in Japan in the mid 1930s to her

death in Iowa in 1980 Takata built a vast trans Pacific network that connected Japanese American laborers on plantations in Hawai i to social elites in Tokyo Hollywood and New York middle class housewives in American suburbs and off the grid tree planters in the mountains of British Columbia Using recently uncovered archival materials and original oral histories Justin B Stein examines how these relationships between healer and patient master and disciple became deeply infused with values of their time and place and how they interplayed with Reiki s circulation performance and meanings along with broader cultural shifts in the twentieth century North Pacific Highly readable and informative each chapter is structured around a period in the life of Takata the charismatic rags to riches architect of the network in which Reiki spread for decades Alternate Currents explores Reiki as an exemplary transnational spiritual therapy demonstrating how lived practices transcend artificial distinctions between religion and medicine and circulate in global systems while maintaining strong connections with the practices homeland
