

# The Japanese Party System

---

Three Stages:

- 1946-1955: brief and chaotic
- 1955-1993: Liberal Democratic Party vs. Japan Socialist Party
- Since 1993: LDP with Japan Socialist Party as coalition
- New party system elements of single member district systems plus proportional systems

## **The Japanese Party System:**

*The Japanese Party System* Ronald J Hrebenar, 2019-07-09 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties

**The Japanese Party System** Ronald J. Hrebenar, 2019 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an

overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties

*Japan's New Party System* Ronald J Hrebenar,2000 In the summer of 1993 Japanese politics changed fundamentally from the pattern which had been the norm since 1955 No longer does the Liberal Democratic Party LDP rule national level politics without the need to resort to coalitions and lesser parties Even more significant are the two non LDP governments formed under Prime Ministers Hosokawa and Hata No longer is the opposition dominated by the never to govern Socialist Party By December 1994 a new opposition party emerged from nine former opposition parties to move Japan towards a two party system

Party Politics in Japan Ronald J. Hrebenar,Akira Nakamura,2014-09-19 The Japanese political system is a parliamentary democracy and was the first western style government in Asia when the parliamentary system was adopted in the 1880s It has a multiparty system free elections and a parliament that functions much the same way that any other democratic parliament functions however for much of its existence the Japanese party system has been dominated by one party This fact is crucial to understanding contemporary politics in Japan especially since the long term ruling party the Liberal Democratic Party is once again back in power This book presents an up to date analysis of the political parties that make up the Japanese party system and their impact on Japanese politics and government Given that the executive branch is selected as a result of the pattern of party numbers in the parliament to understand Japanese politics and policy one must first know the nature of the ruling and opposition parties and their leaders Indeed in the past decade the quality of Japan's government has been closely associated with the strengths and weaknesses of Japan's prime ministers and the dominant party in the system This book focuses on a central question why Japanese politics and government has been so dysfunctional in the past two decades With this question in mind the chapters provide key background information on Japanese politics and political parties discuss each of the major political parties that have governed Japan since 1955 and finally examine the December 2012 House of Representatives elections that returned the LDP to power and the differences between the First 1955 1993 and the Second Post War Party Systems 1993 **Party Politics in Japan** provides a comprehensive analysis of the past sixty years of Japanese party politics As such it will be of great interest to students and scholars of Japanese politics and Asian politics as well as to those interested in political parties and political systems more broadly

**Party Politics in Japan** Ronald J. Hrebenar,Akira Nakamura,2014-09-19 The Japanese political system is a parliamentary democracy and was the first western style government in Asia when the parliamentary system was adopted in the 1880s It has a multiparty system free elections and a parliament that functions much the same way that any other democratic parliament functions

however for much of its existence the Japanese party system has been dominated by one party This fact is crucial to understanding contemporary politics in Japan especially since the long term ruling party the Liberal Democratic Party is once again back in power This book presents an up to date analysis of the political parties that make up the Japanese party system and their impact on Japanese politics and government Given that the executive branch is selected as a result of the pattern of party numbers in the parliament to understand Japanese politics and policy one must first know the nature of the ruling and opposition parties and their leaders Indeed in the past decade the quality of Japan's government has been closely associated with the strengths and weaknesses of Japan's prime ministers and the dominant party in the system This book focuses on a central question why Japanese politics and government has been so dysfunctional in the past two decades With this question in mind the chapters provide key background information on Japanese politics and political parties discuss each of the major political parties that have governed Japan since 1955 and finally examine the December 2012 House of Representatives elections that returned the LDP to power and the differences between the First 1955 1993 and the Second Post War Party Systems 1993 Party Politics in Japan provides a comprehensive analysis of the past sixty years of Japanese party politics As such it will be of great interest to students and scholars of Japanese politics and Asian politics as well as to those interested in political parties and political systems more broadly

**Japan's New Party System** Ronald J Hrebenar, 2019-08-15 The authors of this book have joined together for a third time to produce a book on Japanese political parties and elections The first two books under the title of The Japanese Party System were also published by Westview Press in 1986 and 1992 This book Japan's New Party System has a different purpose than the previous volumes The first two books had as their task the presentation of a vast amount of material on the various parties of the 1955 1993 party system Since 1955 Japanese politics and parties had been rather uneventful and predictable consequently many Japanese political scientists preferred to study other nations Decade after decade the Liberal Democratic Party LDP ruled Japan while the permanent opposition party the Japan Socialist Party JSP revolved around it but could never even come close to replacing it in power on the national level All of this changed in 1993 after the JSP split new parties emerged and formed a non JSP government and a new party system began This book is about the Second Party System and how Japanese politics has changed from the old JSP dominated First Party System

**The Japanese Party System** Ronald J Hrebenar, Peter Berton, 1992-01-27 This edition provides a detailed review of the significant political events in Japan between 1986 and 1991 The bulk of the book concentrates on Japan's six party system and the election and political finance laws that govern it

**The Evolution of Japan's Party System** Leonard James Schoppa, 2011-01-01 The Evolution of Japan's Party System analyses the transition by examining both party politics and public policy This volume discusses how older parties such as the LDP and the Japan Socialist Party failed to adapt to the new policy environment of the 1990s

**Introduction to Japanese Politics** Louis D. Hayes, 2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the

country's political life. It incorporates new coverage of the end of the Koizumi era, the brief and troubled premiership of Abe and the selection of Fukuda as prime minister. This edition also includes expanded material on bubble and post-bubble economic developments as well as all new coverage of health care policy. The text opens with an overview of Japan's geographical setting and history. The next group of chapters covers political institutions, processes and actors. Two sections then address the country's distinctive social order and economy, educational, healthcare and public safety systems. Part five looks at the increasingly contentious realm of foreign relations and security issues, including China's expanding role and the issue of North Korea. A concluding section considers dynamics of change in Japanese politics.

### **Japanese Legal System**

Dean, 2002-02-14. Meryll Dean's superb new edition of *Japanese Legal System* provides a wide-ranging and unique insight into the legal system of a country which is at the forefront of global development yet rarely examined by legal scholars. It is a major contribution to the study of comparative law and through its multidisciplinary approach breaks new ground in providing a comprehensive text on the subject. It draws on the author's first-hand knowledge of Japan but is written for non-Japanese speakers. Through its approachable yet scholarly style, the reader is introduced to the essentials of the legal system and guided through historical and cultural context from which they will be able to develop an informed critique. The book covers the history, structure and tradition of the Japanese legal system as well as providing an insight into areas of substantive law. It contains extracts from diverse contemporary sources which, together with the author's commentary, guide the reader through the complexities of a different culture. The use of multidisciplinary sources which are contextualised by the author makes what would otherwise be inaccessible material available for comparative analysis. This book may be used as a textbook for undergraduate and postgraduate courses. It will be useful for those engaged in the study of history, politics, international relations and law as well as being of value to academics, practitioners and those in business.

### **The**

**Transformation of the Japanese Left** Sarah Hyde, 2009-09-23. This book examines the transition within the Japanese party system that has seen the demise of the old socialists, the Japan Socialist Party, and in its place the emergence of the Democratic Party of Japan as the leading opposition party. Sarah Hyde has produced an original book which looks at the intra-left, non-communist opposition party manoeuvres during the 1990s through to the new millennium in a highly detailed and focused manner whilst simultaneously looking at the three most significant changes for the left nationally: the change to the electoral system, the change to public opinion regarding defense and the Constitution after the First Gulf War, and the changes to the Labour Union movement. Ending with a chapter on the incredibly important 2007 Upper House election which brings the development of the opposition full circle, this book will be a valuable source for students and scholars of Japanese politics, electoral systems and opposition politics.

*Japan's Postwar Party Politics* Masaru Kohno, 2020-11-10. In this sophisticated theoretical work, Masaru Kohno presents a systematic reexamination of the evolution of party politics in Japan since the end of the second World War. Because of the long one-party dominance by the Liberal Democratic Party, Japan's

parliamentary democracy has often been viewed as unique in the developed world and most of the existing studies of Japanese party politics have addressed such determinants as its political culture historical background and socio ideological cleavages According to the author these explanations do not adequately account for some of the most important changes that took place in Japanese party politics during the postwar period This study advances an alternative set of interpretations based on a microanalytic approach that highlights the incentive and bargaining power of individual political actors and their competitive and strategic behavior under existing institutional constraints According to Kohno the evolution of political life in postwar Japan depends on the same factors that are acknowledged to be at work in other industrialized nations He reveals through detailed case studies of government formation processes and statistical examinations of candidate nomination patterns that the microanalytic approach can establish forward looking and internally consistent interpretations of the postwar development of Japanese party politics Because Japan has usually been treated as a country of unique cultural historical and societal characteristics the analyses of this study point to the broader applicability of the microanalytic approach in the field of comparative politics especially for the exploration of party competition in advanced industrial democracies

**Japanese Politics and Government** Alisa Gaunder, 2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan s international relations the book sheds light on Japan s security and foreign policies and Japan s role in Asia The textbook concludes by addressing what has changed since party alternation in 2009 the triple disaster in March 2011 and the global Covid pandemic Themes and questions addressed throughout the text include How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism What explains the Japanese economic miracle and its subsequent economic stagnation What accounts for Japan s successful democratization In the international realm why has Japan achieved economic superpower status without achieving political superpower status What is the future trajectory of Japanese politics Connecting Japan to larger themes in comparative politics and linking Japan s history institutions policymaking process and international relations to experiences and structures in other countries this book is essential reading for students of Japanese or Asian Politics

**Political Transitions in Dominant Party Systems** Joseph Wong, Edward Friedman, 2008-10-27 Using country specific case studies top rank analysts in the field focus on the lessons that dominant parties might learn from losing and the adaptations they consequently make in order to survive to remain competitive or to ultimately re gain power

**The Japanese Voter** Scott C. Flanagan, Shinsaku Kohei, Ichiro Miyake, Bradley M. Richardson, 1991-09-25 This survey of the major factors that influence voting behaviour in Japan demonstrates through a wide range of examples that there are recognizable bases of comparison between Japanese and Western voting behaviour It also produces a number of contrasts with voting in

the West      *The American Party System* Charles Edward Merriam,1923      *The Presidentialization of Japanese Politics* Masahiro Iwasaki,2023-04-14 Are we seeing the presidentialization of politics in Japan Certainly many recent prime ministers have demonstrated powerful leadership notably Junichiro Koizumi and Shinzo Abe While the phenomenon of presidentialization has been much discussed for years the Japanese case has not received much attention in the English language Iwasaki analyses the state of Japanese politics using the established analytical framework of presidentialization looking at leadership power resources leadership autonomy and the personalization of the electoral process and assesses the factors that have been claimed to lead to similar changes in other countries He argues that there are also unique variables that contribute to the presidentialization of Japanese politics Most notably the introduction of public subsidies to political parties and electoral reform in 1994 A valuable contribution to the global scholarship on presidentialization which will be of particular interest to scholars of Japanese politics      **The Japanese Party System** Ronald J. Hrebienar,Peter Berton,1986

**Parties and Party Systems** Giovanni Sartori,2014-01-01 In this rich and broad ranging volume Giovanni Sartori outlines what is now recognised to be the most comprehensive and authoritative approach to the classification of party systems He also offers an extensive review of the concept and rationale of the political party and develops a sharp critique of various spatial models of party competition This is political science at its best combining the intelligent use of theory with sophisticated analytic arguments and grounding all of this on a substantial cross national empirical base *Parties and Party Systems* is one of the classics of postwar political science and is now established as the foremost work in its field

**Japanese Electoral Politics** Steven Reed,2004-03-01 The old Japanese single party system collapsed in 1993 but a new system has not yet fully evolved Following the most significant party reform in Japanese history this book analyses the most recent national elections examining voter behaviour and how it is influenced It provides a comprehensive overview of Japanese politics from 1955 to 1993 and a detailed historical study of events leading up to the 1996 and 2000 elections before presenting statistical analysis of the elections themselves The authors then look to the future anticipating what form the new political system will take *Japanese Electoral Politics* contains four very detailed case studies and a wealth of new data It will appeal to students and researchers of Japanese politics and elections and electoral systems

### **The Japanese Party System Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Japanese Party System PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Japanese Party System PDF books and manuals is convenient and cost-effective, it is vital to respect

copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Japanese Party System free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About The Japanese Party System Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Japanese Party System is one of the best book in our library for free trial. We provide copy of The Japanese Party System in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Japanese Party System. Where to download The Japanese Party System online for free? Are you looking for The Japanese Party System PDF? This is definitely going to save you time and cash in something you should think about.
