and dismantling Many of the fifty six documents and eighteen images and cartoons many of which have not been published before reveal something significant about this subject or offer an unconventional or unexpected perspective on this era Some of the historical figures whose words are included are Abraham Lincoln Marcus Garvey Booker T Washington Richard Wright Paul Robeson Langston Hughes Adam Clayton Powell and Marian Anderson The book also has an annotated bibliography a list of key players a timeline and key topics for consideration

This bibliography brings together the literature *Growing Up Jim Crow* Jennifer Ritterhouse, 2006-12-13 In the segregated South of the early twentieth century unwritten rules guided every aspect of individual behavior from how blacks and whites stood sat ate drank walked and talked to whether they made eye contact with one another Jennifer Ritterhouse asks how children learned this racial etiquette which was sustained by coercion and the threat of violence More broadly she asks how individuals developed racial self consciousness Parental instruction was an important factor both white parents reinforcement of a white supremacist worldview and black parents oppositional lessons in respectability and race pride Children also learned much from their interactions across race lines The fact that black youths were often eager to stand up for themselves despite the risks suggests that the emotional underpinnings of the civil rights movement were in place long before the historical moment when change became possible Meanwhile a younger generation of whites continued to enforce traditional patterns of domination and deference in private while also creating an increasingly elaborate system of segregation in public settings Exploring relationships between public and private and between segregation racial etiquette and racial violence *Growing Up Jim Crow* sheds new light on tradition and change in the South and the meanings of segregation within southern culture
