Realism, Form, and Representation in the Edwardian Novel Charlotte Jones, 2021-01-07 The real represents to my perception the things that we cannot possibly not know sooner or later in one way or another wrote Henry James in 1907 This description riven with double negatives hesitation and uncertainty encapsulates the epistemological difficulties of realism for underlying its narrative and descriptive apparatus as an aesthetic mode lies a philosophical quandary What grounds the real of the realist novel What kind of perception is required to validate the experience of reality How does the realist novel represent the difficulty of knowing What comes to the fore in James's account as in so many is how the forms of realism are constituted by a relation to unknowing absence and ineffability Realism Form and Representation in the

Edwardian Novel recovers a neglected literary history centred on the intricate relationship between fictional representation and philosophical commitment It asks how or if we can conceptualize realist novels when the objects of their representational intentions are realities that might exist beyond what is empirically verifiable by sense data or analytically verifiable by logic and are thus irreducible to conceptual schemes or linguistic practices a formulation Charlotte Jones refers to as synthetic realism In new readings of Edwardian novels including Conrad's Nostromo and The Secret Agent Wells s Tono Bungay and Ford s The Good Soldier this volume revises and reconsiders key elements of realist novel theory metaphor and metonymy character interiority the insignificant detail omniscient narration and free indirect discourse causal linearity to uncover the representational strategies by which realist writers grapple with the recalcitrance of reality as a referential anchor and seek to give form to the force opacity and uncertain scope of realities that may lie beyond the material In restoring a metaphysical dimension to the realist novel s imaginary Realism Form and Representation in the Edwardian Novel offers a new conceptualization of realism both within early twentieth century literary culture and as a transhistorical mode of The Journals: Volume 1 John Fowles, 2009-01-12 John Fowles gained international recognition in 1963 representation with his first published novel The Collector but his labor on what may be his greatest literary undertaking his journals commenced over a decade earlier Fowles whose works include The Maggot The French Lieutenant's Woman and The Ebony Tower is among the most inventive and influential English novelists of the twentieth century The first volume begins in 1949 with Fowles final year at Oxford It reveals his intellectual maturation chronicling his experiences as a university lecturer in France and as a schoolteacher on the Greek island of Spetsai Simultaneously candid and eloquent Fowles journals also expose the deep connection between his personal and scholarly lives as Fowles struggled to win literary acclaim From his affair with Elizabeth the married woman who would become his first wife to his passion for film ornithology travel and book collecting the journals present a portrait of a man eager to experience life The second and final volume opens in 1966 as Fowles already an international success navigates his newfound fame and wealth With absolute honesty his journals map his inner turmoil over his growing celebrity and his hesitance to take on the role of a public figure Fowles recounts his move from London to a secluded house on England's Dorset coast where discontented with society s voracious materialism he led an increasingly isolated life Great works in their own right Fowles journals elucidate the private thoughts that gave rise to The BBC Talks of E.M.
