Ogungbile,Akintunde E. Akinade,2010 In twenty one illuminating chapters the tenets and practice of Christianity in Africa and Nigeria are dissected in a path breaking manner covering theoretical issues in Christianity and change practising pentecostalism and revivalism performing and representing Christianity in arts and popular culture encountering the Other and Nigerian Christianity in other lands It is a compulsory read for everyone Book Jacket **Exodus and Emancipation** Kenneth Richard Chelst,2009 In Exodus and Emancipation Biblical and African American Slavery Rabbi Dr Kenneth Chelst presents a new perspective on the saga of the Jewish people s enslavement and departure from Egypt by comparing it with the African American slave experience in the United States their emancipation and subsequent fight for dignity and equality The comparison is designed to enrich the reader s understanding of both experiences Both peoples suffered centuries long oppression with the African American slave population at the time of emancipation in the 1860s roughly double that of the Israelites at the biblical Exodus Whatever the setting slavery takes a terrible toll on the individual as well as the community Chelst dives deeply into the Biblical narrative using classical and modern commentaries to explore the social psychological religious and philosophical dimensions of the slave experience and mentality He draws on slave narratives published letters eyewitness accounts recorded interviews of former slaves together with historical sociological economic and political analyses of this era He explores the five major needs of every long term victim and journeys through these five stages with the Israelite and the African American slaves towards physical and psychological freedom He weaves the two sets of narratives into a rich multi dimensional collage of parallel and contrasting experiences The linkage between the slavery of the Israelites and that of the African Americans is not new Simply recall the powerful black spiritual Go Down Moses African American spokesmen began to identify publicly with Israelite history towards the end of the eighteenth century William E Channing made the equation explicit For ages Jews were thought to have forfeited the rights of men as much as the African race at the South and were insulted spoiled and slain

Harriott, 2014-05-01 As a youth born and raised in Jamaica and through some African history we were taught in school we acquired very little knowledge of the history of black nations I also learned and accepted a Christ like way of life which up to this present time remains the major force in my life on this planet and has also given me a great feeling of passion for all people We were financially poor but always had plenty of food and drink As a country boy when I left school I had no real concept of time but was acutely aware of day and night We did not know anything about slavery but one of the homes in which I was brought up was one of many slavery camps Some of the chains that were used to bind young children to their parents whilst they were working on the plantations later became our childhood toys The manner in which many of us were chastised was an indication of the upbringing that our parents were handing down to us because they knew of no other way

Voices from Slavery Chigor Chike, 2007-02-01 The book tells the true stories of four Africans drawing as far as possible on their own writings The four individuals lived at different times and in different circumstances but their stories have a common central theme because each one was a victim of what is one of the greatest human rights abuses of all time the African slave trade Each became a free man received an education and had the rare opportunity of recording and reflecting on their experiences for the wider world to read We hear their stories unfold through their own narratives although the sources of their words vary from comprehensive biography to collection of letters Through the telling of their stories and helpful commentary by the author himself an African we can read first hand accounts of life as a slave and freed man in the 18th century All had strong religious beliefs and we are able to hear their personal views and reflections on a range of topics including Christianity God humanity and the slave trade itself Though the four men Sancho Gronniosaw Equiano and Cugoana all had a sense of God working in their lives and trials their understanding of the nature of faith and their relationship with the spiritual varies considerably The book reveals the black Africans as visionaries and highlights their often underestimated contribution toward the abolition of slavery Their stories resonate with contemporary issues in our world posing questions about identity and culture in multi ethnic communities in Britain today how Christian faith enlightens debates about the place of religion in national life and invites the exploration of the similarities between slavery and modern racism In a Postscript written with researchers in mind the author describes his own findings regarding the precise location

of Equiano's origin in present day Nigeria **The Selling of Joseph** Dieudonne Mayi, 2004-02-01 The main message of this book is recognition of the undeniable fact that continental Africans played a key role in selling their fellow Africans to slavery. The book pleads for forgiveness from an African perspective. The biblical story of the selling of Joseph to slavery by his own brothers was used to look at black slavery in the Americas, a similar historical injustice which occurred in the modern era of human history. I am trying to extract from this tragedy something that has not been addressed much before: a healing message of hope for forgiveness. Not only the message urges sincere admission of wrongdoing and forgiveness on the part of the transgressors but it also calls for the due recognition of the accomplishments of black slaves and their descendants in the Americas, Europe, and Africa. Finally, I am introducing a concept of moral reparations as a first step to achieve everlasting healing for historical injustices like black slavery which oppose groups of people, not merely one group and a government.
