Prince Free as a Bird and the Preface were added to the second edition in 1887 The translation of Nietzsche's poetry has proved to be a more embarrassing problem than that of his prose Not only has there been a difficulty in finding adequate translators a difficulty overcome it is hoped by the choice of Miss Petre and Mr Cohn but it cannot be denied that even in the original the poems are of unequal merit By the side of such masterpieces as To the Mistral are several verses of comparatively little value The Editor however did not feel justified in making a selection as it was intended that the edition should be complete The heading Jest Ruse and Revenge of the Prelude in Rhyme is borrowed from Goethe

The Joyful Wisdom Friedrich Nietzsche, 2018-08-10 The Joyful Wisdom Large Print By Friedrich Nietzsche This edition of The Joyful Wisdom boasts an authoritative English translation which brings Nietzsche's poetry and thoughts to vivid comprehension Initially published in 1882 and also known by its alternate title The Gay Science the arguments within this book are primarily occupied with the philosophical concept that God has died It is in this publication that Nietzsche first makes his famous statement that God is dead a phrase which was to become associated with the philosopher during and after his lifetime For his own part Nietzsche identifies these writings as being of an intensely personal nature the poems within expressing feelings at the core of his being Definitively part of the philosopher's middle period this work encapsulates the praise of science and intellectual prowess which characterised Nietzsche in the early 1880s A strong alignment with skepticism and a commitment to innovation with the scientific method

are strongly praised by the philosopher Despite discussing the nature of power Nietzsche at this point refrains from casting a comprehensive theory upon it Crucially however the notion of eternal recurrence that of the universe and its events repeating endlessly across all time appears here for the first time and would later become central to Nietzsche s philosophy We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience The Complete Works of Friedrich Nietzsche Friedrich Wilhelm Nietzsche,1910
