The Judas:

The Judas Gospel Nicholas Perrin, 2006-08-28 What is The Judas Gospel Does it tell us anything true about Jesus or Judas Nicholas Perrin offers a helpful assessment of The Gospel of Judas released by the National Geographic Society in the spring of 2006 Not a gospel at all he gives a brief history of its origin and discovery an overview of its contents and an appraisal of its historical value for first century conclusions about Jesus and Judas and for second century Gnosticism A great aid to witnessing about the truth of Scripture and the heresies that would try to overcome it The Judas Seed A.J.

Gentile, 2012-07-30 Germany 1943 A young boy survives the horrors of the concentration camps to become a doctor and confront a greater horror that not only destroys his family but also his own sanity In present day New York a graphic artist discovers a strange symbol branded on his young daughter's body A symbol he sees mirrored in his own work Each is a marked man a warrior chosen to grapple with a monstrous evil Each will be drawn together by a spiral of terror a nightmare that began with an unspeakable act of betrayal an unforgivable sin **Beyond the Grave** Floyd Vernon

Chandler, 2009-10-01 What really happens to human consciousness at death How might love and immortality be related What is purgatory and do most religions teach the concept of purgatory What is spirituality Is the essence of the mystery we call God the same for the Buddhist Christian Hindu Jew and Muslim Is it more important what my religion teaches me to believe or is it more important that my religion enables me to become more loving and compassionate How might one practice a reverence for life by our food choices How do we balance work and spirituality How do we balance spirituality and social justice work In this collection of sermons and reflections Floyd Vernon Chandler suggests that there are many valid spiritual paths to Enlightenment and Holiness Understanding the mystery we call God is akin to the story of five blind men touching different parts of a huge elephant Each man's description and understanding of the elephant will vary based upon the location of his touch The importance of any religion is determined by how much our respective spiritual paths lead us to grow in love and compassion for one another and for all other forms of life on this planet The sermon and reflections found in **Beyond the Grave** Love and Immortality express a Universalist theology that all souls will eventually be reunited with the mystery we call God Inherent in this collection of writings is the belief that there is truth in all religions and that there are many valid spiritual paths No religious dogma or ideology has a monopoly on truth **The House of Shadows** Paul

The Philosophy of Martin Scorsese Mark Conard,2007-05-31 Academy Award winning director Martin Scorsese is one of the most significant American filmmakers in the history of cinema Although best known for his movies about gangsters and violence such as Mean Streets Goodfellas Casino and Taxi Driver Scorsese has addressed a much wider range of themes and topics in the four decades of his career In The Philosophy of Martin Scorsese an impressive cast of contributors explores the complex themes and philosophical underpinnings of Martin Scorsese s films The essays concerning Scorsese s films about crime and violence investigate the nature of friendship the ethics of vigilantism and the nature of unhappiness The authors delve deeply into the minds of Scorsese s tortured characters and explore how the men and women he depicts grapple with moral codes and their emotions Several of the essays explore specific themes in individual films The authors describe how Scorsese addresses the nuances of social mores and values in The Age of Innocence the nature of temptation and self sacrifice in The Last Temptation of Christ and Bringing Out the Dead and the complexities of innovation and ambition in The Aviator Other chapters in the collection examine larger philosophical questions In a world where everything can be interpreted as meaningful Scorsese at times uses

his films to teach audiences about the meaning in life beyond the everyday world depicted in the cinema For example his films touching on religious subjects such as Kundun and The Last Temptation of Christ allow the director to explore spiritualism and peaceful ways of responding to the chaos in the world Filled with penetrating insights on Scorsese's body of work The Philosophy of Martin Scorsese shows the director engaging with many of the most basic questions about our humanity and how we relate to one another in a complex world

The Christian Jew and the Unmarked Jewess

Adrienne Williams Boyarin, 2020-10-30 In the Plea Rolls of the Exchequer of the Jews Trinity Term 1277 Adrienne Williams Boyarin finds the case of one Sampson son of Samuel a Jew of Northampton arrested for impersonating a Franciscan friar and preaching false Christianity He was sentenced to walk for three days through the centers of London Canterbury Oxford Lincoln and Northampton carrying the entrails and flayed skin of a calf and exposing his naked circumcised body to onlookers Sampson's crime and sentence Williams Boyarin argues suggest that he made a convincing friar when clothed Indeed many English texts of this era struggle with the similarities of Jews and Christians but especially of Jewish and Christian women Unlike men Jewish women did not typically wear specific identifying clothing nor were they represented as physiognomically distinct Williams Boyarin observes that both before and after the periods in which art historians note a consistent visual repertoire of villainy and difference around Jewish men English authors highlight and exploit Jewish women's indistinguishability from Christians Exploring what she calls a polemics of sameness she elucidates an essential part of the rhetoric employed by medieval anti Jewish materials which could assimilate the Jew into the Christian and as a consequence render the Jewess a dangerous but unseeable enemy or a sign of the always convertible self The Christian Jew and the Unmarked Jewess considers realities and fantasies of indistinguishability It focuses on how medieval Christians could identify with Jews and even think of themselves as Jewish positively or negatively historically or figurally Williams Boyarin identifies and explores polemics of sameness through a broad range of theological historical and literary works from medieval England before turning more specifically to stereotypes of Jewish women and the ways in which rhetorical strategies that blur the line between saming and othering reveal gendered habits of representation

The Historical Christ Fred. C. Conybeare, This

little volume was written in the spring of the year 1913 and is intended as a plea for moderation and good sense in dealing with the writings of early Christianity just as my earlier volumes entitled Myth Magic and Morals and A History of New Testament Criticism were pleas for the free use in regard to the origins of that religion of those methods of historical research to which we have learned to subject all records of the past It provides a middle way between traditionalism on the one hand and absurdity on the other and as doing so will certainly be resented by the partisans of each form of excess The comparative method achieved its first great triumph in the field of Indo European philology its second in that of mythology and folk lore It is desirable to allow to it its full rights in the matter of Christian origins But we must be doubly careful in this new and almost unworked region to use it with the same scrupulous care for evidence with the same absence of prejudice

and economy of hypothesis to which it owes its conquests in other fields The untrained explorers whom I here criticize discover on almost every page connections in their subject matter where there are and can be none and as regularly miss connections where they exist Parallelisms and analogies of rite conduct and belief between religious systems and cults are often due to other causes than actual contact inter communication and borrowing They may be no more than sporadic and independent manifestations of a common humanity It is not enough therefore for one agent or institution or belief merely to remind us of another Before we assert literary or traditional connection between similar elements in story and myth we must satisfy ourselves that such communication was possible The tale of Sancho Panza and his visions of a happy isle over which he shall hold sway when his romantic lord and master Don Quixote has overcome with his good sword the world and all its evil reminds us of the naïf demand of the sons of Zebedee to be allowed to sit on the right hand and the left of their Lord so soon as he is glorified With equal simplicity Jesus promises that in the day of the regeneration of Israel when the Son of Man takes his seat on his throne of glory Peter and his companions shall also take their seats on twelve thrones to judge the twelve tribes of Israel The projected mise en scène is exactly that of a Persian great king with his magnates on their several cushions of state around him There is again a close analogy psychologically between Dante's devout adoration of Beatrice in heaven and Paul's of the risen Jesus These two parallels are closer than most that Mr Robertson discovers between Christian story and Pagan myth yet no one in his senses would ever suggest that Cervantes drew his inspiration from the Gospels or Dante from the Pauline Epistles In criticizing the Gospels it is all the more necessary to proceed cautiously because the obscurantists are incessantly on the watch for solecisms or howlers as a schoolboy would call them and only too anxious to point to them as of the essence of all free criticism of Christian literature and history

The Gospel of St. John NA
NA,2016-04-30 With words that echo the Old Testament story of creation St John sets his story of Christ in the cosmic framework of God's plan to save the world from the power of darkness More than any other gospel writer John illuminated the life of Jesus in an interesting way In this book John's gospel is presented along with commentary from well known Biblical scholars and a foreword by Piers Paul Read

When this book was written it was hard to decide on what the title should be I finally reduced my choice to two titles the second one being used as the sub title THE VATICAN CIPHERS If I had not been so sensitive to the economic and social consequences of the Kennedy and Lincoln assassinations this would have been the actual title because more than anything else this is about the early invention of our languages Some of the most important discoveries include the following Religious

names and words such as Christ Thomas crucifixion and others were used as roots to invent many of our modern day words but they were originally written phonetically and then hidden away when dictionaries standardized our spelling of words A technique was discovered showing how rootwords and rootnames were used to create other words and ideas and then those ideas and words were used to create detail in short stories especially myths and religious fables of the New Testament Since this technique was not known to exist it fell on me to invent a name for it I named it the ROOTWORD TECHNIQUE Finally I discovered that the alphabet was pictorial or hieroglyphic The wordsmiths who created our vocabulary used the letters as pictures as well as symbols for sounds

The War against Animals Dinesh Wadiwel, 2015-06-24 Are non human animals our friends or enemies In this provocative book Dinesh Wadiwel argues that our mainstay relationships with billions of animals are essentially hostile The War against Animals asks us to interrogate this sustained violence across its intersubjective institutional and epistemic dimensions Drawing from Foucault Spivak and Derrida The War against Animals argues that our sovereign claim of superiority over other animals is founded on nothing else but violence Through innovative readings of Locke and Marx Dinesh Wadiwel argues that property in animals represents a bio political conquest that aims to secure animals as the spoils of war The goal for pro animal advocacy must be to challenge this violent sovereignty and recognize animal resistance through forms of counter conduct and truce

The Spirit Of Envy, 2013-09-30 The anointing blessings and success do not only attract friends admirers and allies but enemies as well They invite hostility from envious people who would do anything to disrupt your joy and sense of fulfilment The anointing does not attract harmless and beautiful butterflies but stinging and noisy bees It draws your way the attention of enemies who have the capacity to hurt you like bees It does not attract nice people to decorate you with praise and make you feel

good This book is a timely tool in the hands of those who are obedient to God's will and are facing envy and opposition from the people around them Don't be surprised if doing the will of God produces envy in others Everybody will not applaud you for doing the right thing and for producing great results In this season of the Love Revolution you are likely to think that everyone loves you and take things for granted Walking in love but at the same time protecting yourself from the envy of those who seek to destroy you is a balance you must attain

THE Gnostic Jesus Edward D. Andrews, 2021-06-09 Jesus is identified by some Gnostics as an embodiment of the supreme being who became incarnate to bring gnosis to the earth In contrast others adamantly denied that the supreme being came in the flesh claiming Jesus to be merely a human who attained enlightenment through gnosis and taught his disciples to do the same Among the Mandaeans Jesus was considered a *maihakdaba* or false messiah who perverted the teachings entrusted to him by John the Baptist Still other traditions identify Mani and Seth the third son of Adam and Eve as salvific figures In the course of a century and a half Gnosticism comes and goes before us like a splendid vision And yet its influence upon Christianity was profound and permanent It gave occasion to a great expansion of Christian thought to a clearer idea of the historical relation of Christianity to earlier and surrounding religions and to a better definition of the basis of true faith Therefore it deserves a more careful study than it has only recently received
