

KEVIN CROTTY

The Poetics of Supplication

Homer's *Iliad* and *Odyssey*

MYTH AND POETICS

The Poetics Of Supplication Homers Iliad And Odyssey Myth Magic And Superstition Ser

Homer, Hesiod, Gilbert Murray

The Poetics Of Supplication Homers Iliad And Odyssey Myth Magic And Superstition Ser:

The Poetics of Supplication Kevin Crotty,1994 In this penetrating and compelling reinterpretation of the Iliad and the Odyssey Kevin Crotty explores the connection between the poetic nature of supplication on the one hand and on the other the importance of supplication in the structure and poetics of the two epics The supplicant s attempt to rouse pity by calling to mind a vivid sense of grief he says is important for an understanding of the poems which invite their audience to contemplate scenes of past grieving A poetics of supplication Crotty asserts leads irresistibly to a poetics of the Homeric epic **Homer** Mark W. Edwards,1987 Homer Poet of the Iliad is the perfect companion both for readers deepening their appreciation of the poem and its form and for those encountering Homer s work for the first time Mark Edwards combines the advantages of a general introduction and a detailed commentary to make the insights of recent Homeric scholarship accessible to students and general readers as well as to classicists Since interpretation of the epic requires an understanding of the ancient oral tradition and its conventions Edwards offers a comprehensive analysis of the poetics of the Iliad and the Odyssey He also discusses essential elements of Homeric society its religion history and social values to clarify the style and substance of the poetry In the second half of the book Edwards s scene by scene explication of ten major books of the Iliad leads the reader to a greater perception of Homer s mastery and manipulation of convention Homer's Iliad Agathe Thornton,1984

Singers, Heroes, and Gods in the Odyssey Charles Segal,2001 One of the special charms of the Odyssey according to Charles Segal is the way it transports readers to fascinating places Yet despite the appeal of its narrative the Odyssey is fully understood only when its style design and mythical patterns are taken into account as well Bringing a new richness to interpretation of this epic Segal looks closely at key forms of social and personal organization which Odysseus encounters in his voyages Segal also considers such topics as the relationship between bard and audience the implications of the Odyssey s self consciousness about its own poetics and Homer s treatment of the nature of poetry *Homer & Hesiod*

Homer,Hesiod,Gilbert Murray,2022-01-04 The Iliad and the Odyssey along with the two poems of Hesiod Theogony and Works and Days comprised the major foundations of the Greek literary tradition that would continue into the Classical Hellenistic and Roman periods The Iliad is set during the Trojan War the ten year siege of the city of Troy by a coalition of Greek kingdoms It focuses on a quarrel between King Agamemnon and the warrior Achilles lasting a few weeks during the last year of the war The Odyssey focuses on the ten year journey home of Odysseus king of Ithaca after the fall of Troy The Theogony is commonly considered Hesiod s earliest work It concerns the origins of the world cosmogony and of the gods theogony beginning with Chaos Gaia Tartarus and Eros and shows a special interest in genealogy The Works and Days is a poem of over 800 lines which revolves around two general truths labour is the universal lot of Man but he who is willing to work will get by Homer and the Poetics of Hades George Alexander Gazis,2018 This unique approach to the Iliad and the Odyssey explores the role and function of Hades as a poetic environment in which traditional exposition of heroic values may

be subverted in favour of a more personally inflected approach to the epic past giving rise to a different kind of poetics the poetics of Hades **Odysseus Polutropos** Pietro Pucci,1987 **Chapman's Homer** Homer,George Chapman,1998-12-13 This volume presents the original 1611 text of George Chapman s translation tapping into the poetic consonance between the semi divine heroism of the Iliad s warriors and the cosmological symbols of Renaissance humanism **Thelxis** Hugh Parry,1992-05-08 Thelxis means enchantment This is not a book about real magic in Greek society but about idealized conceptions of magic in Greek myth and poetry The author focuses on the magic in Greek myth and poetry from Homer to Theocritus before the period of the Roman Empire He does not hesitate to draw analogies from elsewhere and on occasion he can be speculative **Homeric Soundings** Oliver Taplin,1992 This book combines the exploration of the ethics of the Iliad with its poetic and narrative techniques all the way from touches of phrasing to the shaping of whole scenes and the interaction between scenes often separated by thousands of lines These two approaches to the Iliad through content and through form are found to be inextricably worked together which is why the book consists of soundings or sample explorations where larger arguments branch out from the observation of details in the formation of particular passages Homer was an archaic poet and even if he could write he surely created the poems to be heard It has generally been held that this rules out the possibility of intricate complexities the discoveries of many re readings This book maintains the contrary position the kind of artistry uncovered especially the long distance interconnections would be more rather than less accessible if perceived aurally Furthermore if the form and timing of the sessions were arranged by the performer then this opens up further opportunities for shapings patterns that would be more apparent when heard in real time than they are inside the uniform format of printed pages These soundings should interest those experienced in other literatures and cultures All quotations of Greek are also given in translation

Unveiling the Magic of Words: A Overview of "**The Poetics Of Supplication Homers Iliad And Odyssey Myth Magic And Superstition Ser**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
